This National Book Award nominee from two-time finalist Patricia McCormick is the unforgettable story of Arn Chorn-Pond, who defied the odds to survive the Cambodian genocide of 1975-1979 and the labor camps of the Khmer Rouge. Based on the true story of Cambodian advocate Arn Chorn-Pond, and authentically told from his point of view as a young boy, this is an achingly raw and powerful historical novel about a child of war who becomes a man of peace. It includes an author's note and acknowledgments from Arn Chorn-Pond himself. When soldiers arrive in his hometown, Arn is just a normal little boy. But after the soldiers march the entire population into the countryside, his life is changed forever. Arn is separated from his family and assigned to a labor camp: working in the rice paddies under a blazing sun, he sees the other children dying before his eyes. One day, the soldiers ask if any of the kids can play an instrument. Arn's never played a note in his life, but he volunteers. This decision will save his life, but it will pull him into the very center of what we know today as the Killing Fields. And just as the country is about to be liberated, Arn is handed a gun and forced to become a soldier. Supports the Common Core State Standards.

NATIONAL BESTSELLER • “You wouldn’t expect a comic novel about a dictionary to be a thriller too, but this one is. In fact, [it] is also a mystery, love story (two of them) and cliffhanging melodrama.” —The New York Times Book Review An award-winning novel that chronicles the charming misadventures of a lovelorn Victorian lexicographer and the young woman put on his trail a century later to root out his misdeeds while confronting questions of her own sexuality and place in the world. Mountweazel n. the phenomenon of false entries within dictionaries and works of reference. Often used as a safeguard against copyright infringement. In the final year of the

nineteenth century, Peter Winceworth is toiling away at the letter S for Swansby’s multivolume Encyclopaedic Dictionary. But his disaffection with his colleagues compels him to assert some individual purpose and artistic freedom, and he begins inserting unauthorized, fictitious entries. In the present day, Mallory, the publisher’s young intern, starts to uncover these mountweazels in the process of digitization and through them senses their creator’s motivations, hopes, and desires. More pressingly, she’s also been contending with a threatening, anonymous caller who wants Swansby’s staff to “burn in hell.” As these two narratives coalesce, Winceworth and Mallory, separated by one hundred years, must discover how to negotiate the complexities of life’s often untrustworthy, hoax-strewn, and undefinable path. An exhilarating, laugh-out-loud debut, *The Liar’s Dictionary* celebrates the rigidity, fragility, absurdity, and joy of language while peering into questions of identity and finding one’s place in the world.

Miss Eula is back! In this heartwarming companion to *Chicken Sunday*, young Trisha is devastated when her grandmother passes away, but finds joy in bonds with a new friend, her new California neighborhood—and the invincible Miss Eula. There will never be anyone like her grandmother, Patricia Polacco thinks, when her grandmother passes away. But when she and her family move to California—in the middle of a drought—she meets a new friend, the irrepressible Stewart, and his amazing grandmother, Miss Eula, who not only takes Trisha under her wing, but, with Trisha and Stewart, steps up to lead their entire extraordinarily diverse neighborhood to help a hurting neighbor—and her once lush garden—survive the drought. Trisha’s grandmother’s old saying about the stars being *Holes in the Sky* turns out to be Miss Eula’s, too, convincing Trisha that she has miraculously discovered another unforgettable grandmother.

This book is concerned to explore the changing role of the Parole Board across the range of its responsibilities, including the prediction of risk and deciding on the release (or continued detention) of the growing number of recalled prisoners and of those subject to indeterminate

sentences. In doing so it aims to rectify the lack of attention that has been given by lawyers, academics and practitioners to back door sentencing (where the real length of a sentence is decided by those who take the decision to release) compared to front door sentencing' (decisions taken by judges or magistrates in court). Particular attention is given in this book to the important changes made to the role and working of the Parole Board as a result of the impact of the early release scheme of the Criminal Justice Act 2005, with the Parole Board now deciding in Panels concerned with determinate sentence prisoners, lifers and recalled prisoners. A wide range of significant issues, and case law, has arisen as a result of these changes, which the contributors to this book, leading authorities in the field, aim to explore.

Shadow on the Crown Lothrop Lee & Shepard

The gripping family drama—and never-before-told love story—surrounding the rise and fall of the late Aldo Gucci, the man responsible for making the legendary fashion label the powerhouse it is today, as told by his daughter. Patricia Gucci was born a secret: the lovechild whose birth could have spelled ruination for her father, Aldo Gucci. It was the early 1960s, the halcyon days for Gucci—the must-have brand of Hollywood and royalty—but also a time when having a child out of wedlock was illegal in Italy. Aldo couldn't afford a public scandal, nor could he resist his feelings for Patricia’s mother, Bruna, the paramour he met when she worked in the first Gucci store in Rome. To avoid controversy, he sent Bruna to London after she became pregnant, and then discretely whisked her back to Rome with her newborn hidden from the Italian authorities, the media, and the Gucci family. In the Name of Gucci charts the untold love story of Patricia’s parents, relying on

the author's own memories, a collection of love letters and interviews with her mother, as well as an archive of previously unseen photos. She interweaves her parents' tempestuous narrative with that of her own relationship with her father—from an isolated little girl who lived in the shadows for the best part of a decade through her rise as Gucci's spokesperson and Aldo's youngest protégé, to the moment when Aldo's three sons were shunned after betraying him in a notorious coup and Patricia—once considered a guilty secret—was made his sole universal heir. It is an epic tale of love and loss, treason and loyalty, sweeping across Italy, England and America during the most tumultuous period of Gucci's sixty years as a family business.

Menaced by Vikings and enemies at court, Queen Emma defends her children and her crown in a riveting medieval adventure Readers first met Emma of Normandy in Patricia Bracewell's gripping debut novel, *Shadow on the Crown*. Unwillingly thrust into marriage to England's King Æthelred, Emma has given the king a son and heir, but theirs has never been a happy marriage. In *The Price of Blood*, Bracewell returns to 1006 when a beleaguered Æthelred, still haunted by his brother's ghost, governs with an iron fist and a royal policy that embraces murder. As tensions escalate and enmities solidify, Emma forges alliances to protect her young son from ambitious men—even from the man she loves. In the north there is treachery brewing, and when Viking armies ravage England, loyalties are shattered and no one is safe from the sword. Rich with intrigue, compelling personalities, and fascinating detail about a little-known period in history, *The Price of Blood* will captivate fans of both historical fiction and fantasy novels such as George R. R. Martin's *Game of Thrones* series.

W. B. Yeats and Fernando Pessoa (1888-1935) regarded style as a tool for metaphysical inquiry and, consequently, they adopted distinct poetic styles to convey different attitudes towards experience. Silva-McNeill's study examines how the poets' stylistic diversification was a means of rehearsing different existential and aesthetic stances. It identifies parallels between their styles from a comparative case studies approach. Their stylistic masks allowed them to maintain the subjectivity and authenticity associated with the lyrical genre, while simultaneously attaining

greater objectivity and conveying multiple perspectives. The poets continuously transformed the fond and form of their verse, creating a protean lyrical voice that expressed their multilateral poetic temperament and reflected the depersonalisation and formal experimentalism of the modern lyric.

"Steel your courage, my lord, but do not harden your heart. If you do, bitterness, hate, revenge will tear at your soul and then you'll be no better than those who caused such agony and pain in the first place. Be resolved to do right, but not in anger. Be a man of action, but keep peace in your heart. Now, my lord, is your critical time and I believe in you..." Darion is a man on the edge of despair trying to find his place in his world. A scholar of the law, he seeks to fight legally against the corruption and hostility around him, but he soon finds that words on paper are only that to those who choose a different path to power. Despite his noble intentions, he is thrust into the violence he deplors. But in the ageless conflict between the rule of law and the rule of power, can Darion survive long enough to save not only himself and those he loves but thousands of innocent lives? His greatest enemy, however, is closer than he realizes. *A Winter's Blooming* is an epic tale of intrigue, betrayal, honor, and redemption-of two brothers, two countries, and the ensuing war between them. A medieval romance, a political thriller and adventure-in a drama of Shakespearean proportions!

These linked stories follow Sabina as she navigates her shifting identity as a daughter of the Colombian diaspora, and struggles to find her place within and beyond the net of her strong, protective, but embattled family. In "Lucho," Sabina's family—already "foreigners in a town of blancos"—is shunned by the community when a relative commits an unspeakable act of violence, but she is in turn befriended by the town bad boy, who has a secret of his own. In "Desaliento," Sabina surrounds herself with other young drifters who spend their time looking for love and then fleeing from it—until reality catches up with one of them. And in "Vida," the urgency of Sabina's self-imposed exile in Miami fades when she meets an enigmatic Colombian woman with a tragic past. "Vida calls to mind some of the best fiction from recent years. Like Elizabeth Strout's *Olive Kitteridge*, Engel uses stories about connected characters to illuminate her main subject, in this case Sabina, who moves with her family from Bogotá, Colombia, to New Jersey. Engel brings Sabina's family and culture to life with a narrative style reminiscent of Junot Díaz's *The Brief Wondrous Life of Oscar Wao* . . . Vivid, memorable . . . An exceptionally promising debut." —The Cleveland Plain Dealer

The first wave of trailblazing female law professors and the stage they set for American democracy. When it comes to breaking down barriers for women in the workplace, Ruth Bader Ginsburg's name speaks volumes for itself—but, as she clarifies in the foreword to this long-awaited book, there are too many trailblazing names we do not know. Herma Hill Kay, former Dean of UC Berkeley School of Law and Ginsburg's closest professional colleague, wrote *Paving the Way* to tell the stories of the first fourteen female law professors at ABA- and AALS-accredited law schools in the United States. Kay, who became the fifteenth such professor, labored over the stories of these women in order to provide an essential history of their path for the more than 2,000 women working as law professors today and all of their feminist colleagues. Because Herma Hill Kay, who died in 2017, was able to obtain so much first-hand information about the fourteen women who preceded her, *Paving the Way* is filled with details, quiet and loud, of each of their lives and careers from their own perspectives. Kay wraps each story in rich historical context, lest we forget the extraordinarily difficult times in which these women lived. *Paving the Way* is not just a collection of individual stories of remarkable women but also a well-crafted interweaving of law and society during a historical period when women's voices were often not heard and sometimes actively muted. The final chapter connects these first fourteen women to the "second wave" of women law professors who achieved tenure-track appointments in the 1960s and 1970s, carrying on the torch and analogous challenges. This is a decidedly feminist project, one that Justice Ruth Bader Ginsburg advocated for tirelessly and admired publicly in the years before her death.

chapter 6 UNM Press

Popular English travel guides from the sixteenth and seventeenth centuries asserted that women who wandered too far afield were invariably suspicious, dishonest, and unchaste. As the essays in *Travel and Travail* reveal, however, early modern women did travel, often quite extensively, with no diminution of their moral fiber. Female travelers were also frequently represented on the English stage and in other creative works, both as a reproach to the ban on female travel and as a reflection of historical women's travel, whether intentional or not. *Travel and Travail* conclusively refutes the notion of female travel in the early modern era as "an absent presence." The first part of the volume offers analyses of female travelers (often recently widowed or accompanied by their husbands), the practicalities of female travel, and how women were thought to experience foreign places. The second part turns to literature, including discussions of roving women in Shakespeare, Margaret Cavendish, and Thomas Heywood. Whether historical actors or fictional characters, women figured in the wider world of the global Renaissance, not simply in the hearth and home.
