Dianne Threatt Evans is a Professor Emerita of Psychology, having retired from the University of South Carolina, Lancaster campus. During her career as a teacher, professor, counselor, and school psychologist, she has received numerous awards for

distinguished teaching and writing. *Saving Remnants* is her second book. Through a series of short, real-life stories, Evans has written this book to pay homage to emotionally-disturbed and socially-maladjusted children and to those who seek to help them. It contains remnants of real children in public schools (K-12). You will meet some of the children she had the responsible privilege of serving in her role as a

state certified (SC) teacher for the emotionally-handicapped and as a nationally certified school psychologist. This book tells stories of children who are victims of sexual abuse, physical abuse, bullying, and negligence as well as children who suffer from ADHD, minor to severe learning disabilities, and other mental disorders. Evans takes readers with her to meet children with broken wings-those who cannot fly-as she shares her attempts to help them "hold fast to dreams." She lives in Lancaster, SC, with her husband Donnie.

Into Every Generation a Slayer Is Born Vision Publishing (Carson, CA)

Hefner presents an illustrated,

chronological selection of highlights from "Playboy" magazine's first 25 years.

Queer Expectations Longman Publishing Group

Look at Helen Baylor today and you don't see the anguish of childhood molestation, the isolation resulting from teen-age pregnancy, the desperation of being strung out on drugs, the vulnerability of being homeless, the numbing fear of having witnessed a murder or the pain of being forced to sell her body. You're too caught up in the purity of her singing, the anointing on her voice. You hear the joy of a changed life. As a gospel singer, Helen has few peers. There are many who are better known than she but few who can

sing from such depth of conviction -- and with such passion. Her story is raw and compromised. She tells of becoming a teenage singing sensation, of joining the cast of Hair, of hooking up with the Ike and Tina Turner Review, the Captain & Tennille, a Chaka Khan and Rufus. Then she tells of her friendship with cocaine and her promiscuity. She tells of bright highs and dark lows. She tells of the underside of life and of her glorious deliverance through Jesus Christ. For Helen Baylor, there truly is no greater love.

UNDERSTANDING THE DALAI LAMA

WestBow Press
'What a remarkable book this is; tender, funny, brave, heartfelt,

radiant with love and life, and with the love of life. It brought me often to laughter and - several times - to tears' Robert Macfarlane From the Sunday Times bestselling author of Your Life in My Hands comes this vibrant, tender and deeply personal memoir that finds light and love in the darkest of places. As a specialist in palliative medicine, Dr Rachel Clarke chooses to inhabit a place many people would find too tragic to contemplate. Every day she tries to bring care and comfort to those reaching the end of their lives and to help make dying more bearable. Rachel's training was put to the test in 2017 when her beloved GP father was diagnosed with terminal cancer.

She learned that nothing - even the best palliative care - can sugar-coat the pain of losing someone you love. And yet, she argues, in a hospice there is more of what matters in life - more love, more strength, more kindness, more joy, more tenderness, more grace, more compassion - than you could ever imagine. For if there is a difference between people who know they are dying and the rest of us, it is simply this: that the terminally ill know their time is running out, while we live as though we have all the time in the world. *Dear Life* is a book about the vital importance of human connection, by the doctor we would all want by our sides at a time of crisis. It is a love letter - to a father,

to a profession, to life itself.

Forum and Century

Taschen America Llc *I Will Survive* is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast

lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her

life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

SPECIAL EDUCATION AND MATHEMATICS

iUniverse
Wireless communications are the primary means of industrial communications. They facilitate faster and accurate communication as well as transfer of data for varied purposes. The ever growing need of advanced technology is the reason that has fueled the research in this field in recent times. This book brings forth some of the most innovative concepts and elucidates the unexplored aspects of

industrial communications and networks. It is appropriate for students seeking detailed information in this area as well as for experts. In this book, using case studies and examples, constant effort has been made to make the understanding of the difficult concepts of industrial communications as easy and informative as possible, for the readers.

Kipper's stories of peace and healing will touch your heart in ways you cannot imagine. Her stories will quickly move you

to tears, while at other times, they will make you cry out in laughter. It is believed that harps are used in heaven by the angels, but here on earth, Kipper shows us how the Lord uses sinners to share a special peace that can only be delivered through the strings of this angelic instrument. The stories in this book are testimonies of such peace.

Journalism Ethics at the Crossroads Routledge

A groundbreaking history of how Jewish women maintained their identity and influenced social activism as they wrote themselves into American history. What does it mean to be a Jewish woman in America? In a gripping historical narrative, Pamela S. Nadell weaves together the

stories of a diverse group of extraordinary people—from the colonial-era matriarch Grace Nathan and her great-granddaughter, poet Emma Lazarus, to labor organizer Bessie Hillman and the great justice Ruth Bader Ginsburg, to scores of other activists, workers, wives, and mothers who helped carve out a Jewish American identity. The twin threads binding these women together, she argues, are a strong sense of self and a resolute commitment to making the world a better place. Nadell recounts how Jewish women have been at the forefront of causes for centuries, fighting for suffrage, trade unions, civil rights, and feminism, and hoisting banners for Jewish

rights around the world. Informed by shared values of America's founding and Jewish identity, these women's lives have left deep footprints in the history of the nation they call home.

Farewell to Innocence Routledge

The paradox of awareness is very profound and yet very simple. It can't be described because it has no objective qualities and no limitation. Sometimes it comes naturally to the surface when we are fully in the present moment and no longer lost in thought or mental projections. Pure consciousness is neither high nor low, neither pleasant nor unpleasant, neither good nor bad. No matter where we are,

no matter what we are doing, we always have an immediate access to that inner stillness. It can be experienced in an instant in all circumstances once we know how to pay attention to it. It is utterly peaceful and it is also insightful, so it sees through all illusions. Whenever there is a moment of being deluded, we can use that moment to practice settling in the very perfect sphere of the Buddha mind without trying to change anything.

When we reside in that liberated mind, we find the very thing we have been seeking all along.

Where I'm Coming From Lulu.com

The cinema of Nigeria, often referred to as "Nollywood" is a term coined in the mid-1990s to describe

Nigeria's vibrant, film industry consists of movies produced in the country but watched all over Africa and largely by Africans in the diaspora. The history and development of the Nigerian motion picture industry is sometimes generally classified in four main eras: the Colonial era, Golden Age, Video film era and the emerging New Nigerian cinema. The book presents a selection of photographic portraits by Iké Udé depicting some of the major Nigerian actors and actress, television presenters, directors and producers: from Genevieve Nnaji, Alexx Ekubo and Kunle Afolayan to Gideon Okeke, Chioma Ude and Osas Ighodaro. With his ongoing photographic self-

portraits, Nigerian-born Iké Udé explores a world of dualities: photographer/performance artist, artist/spectator, African/postnationalist, mainstream/ marginal, individual/everyman and fashion/art. As a Nigerian born, New York based artist, conversant with the world of fashion and celebrity, Udé gives conceptual aspects of performance and representation a new vitality, melding his own theatrical selves and multiple personae with his art.

Dear Life St. Martin's Press

This popular introduction by a well-known Islamic scholar has been updated and expanded, offering a balanced portrayal of the Qur'an and its place in historic and

contemporary Muslim society. Features new sections on the Qur'an and its relationship to democracy, science, human rights, and the role of women Contains expanded sections on the Qur'an in the life cycle of Muslims, and in Islamic ethics and law Incorporates additional images and student features, including a glossary. Hachette Books

We can realize the highest truth in each moment when we learn to see through the illusion of the self. Anam Thubten, in remarkably easy-to-understand language, provides teachings for doing exactly that,

based on the wisdom of the Buddhist traditions. He illuminates the path of going beyond the misconceptions of the ego to experience the reality of our true nature, which is already enlightened. He communicates with clarity, humor, and refreshing honesty, lighting the way to a life full of love, compassion, and true satisfaction.

Religious Science John Wiley & Sons

Provides definitions and study tips for over sixteen hundred frequently used SAT words and includes strategies for memorizing the words and answering questions on the test.

Prayers from Chautauqua Pilgrim Press

For more than 300

years, Kensington Palace has played host to a colourful cast of kings, queens and assorted aristocratic hangers-on. A stone's throw from the bustling streets of central London, this grand building has served as the stage for some of the most dramatic and bizarre events in the history of the royal family. It was here that the young Queen Victoria was held a virtual prisoner for eighteen years; and it was here that George II installed both his wife and his mistress, giving the latter rooms so damp that there were said to be mushrooms growing on the walls. More recently, the palace has witnessed an extraordinary series of scandals, from Princess Diana's bombshell TV interview

with a journalist smuggled into the palace disguised as a salesman, to Prince Harry and Meghan Markle's shock departure - first for Frogmore Cottage, and then for America - amid rumours of a rift with William and Kate. With exclusive interviews with palace staff past and present, fascinating historical details and a fully updated postscript considering what life after Kensington holds for Harry and Meghan, Kensington Palace: An Intimate Memoir from Queen Mary to Meghan Markle offers a rare behind-the-scenes insight into one of Britain's most iconic residences.

Publications

Leading climate justice activist Vanessa Nakate brings her fierce and fearless spirit to the biggest issue of our time. Nakate's mere presence has revealed rampant inequalities within the climate justice movement. While attending the World Economic Forum in Davos, Switzerland, Nakate's image was cropped out of a photo by the Associated Press. The photo featured the four other activists, who were all white. It highlighted the call Nakate has been making all along: for both environmental and social justice on behalf of those who have been omitted from the climate discussion and who are now demanding to be heard. THE STORY OF THE QUR'AN

Mariner Books
Joan Brown Campbell offers a moving collection of prayers for any occasion. Many of the prayers included were delivered at the historic Chautauqua Institution in Southwest New York. Campbell, revered for her dedication and extraordinary leadership to the national ecumenical interfaith community, delivers powerful moments for spiritual connection. For personal reflection or public participation, each prayer offers a new connection to God and a deepened awareness of the world we live in.

[America's Jewish Women: A History from](#)

[Colonial Times to Today](#) Nid Publishers Examines how Jewish women have used poetry to challenge their historical limitations while rewriting their potential futures. Jewish women have had a fraught relationship with history, struggling for inclusion while resisting their limited role as (re)producers of the future. In *Queer Expectations*, Zohar Weiman-Kelman shows how Jewish women writers turned to poetry to write new histories, developing [queer expectancy] as a conceptual tool for understanding how literary texts can both invoke and resist what came before. Bringing together Jewish women's poetry from the late nineteenth

century, the interwar period, and the 1970s and 1980s, Weiman-Kelman takes readers on a boundary-crossing journey through works in English, Yiddish, and Hebrew, setting up encounters between writers of different generations, locations, and languages. *Queer Expectations* highlights genealogical lines of continuity drawn by authors as diverse as Emma Lazarus, Kadya Molodowsky, Leah Goldberg, Anna Margolin, Irena Klepfisz, and Adrienne Rich. These poets push back against heteronormative imperatives of biological reproduction and inheritance, opting instead for connections that twist traditional models of gender and history. Looking backward in queer

ways enables new histories to emerge, intervenes in a troubled present, and gives hope for unexpected futures. *Queer Expectations* is one of the most original books of literary analysis, historiography, biography, and queer theory I have ever read. Its originality and its methodology turn traditional ways of thinking about literary analysis, questions of influence, and what queer can mean upside down. This is a truly brilliant book. □ □ Evelyn Torton Beck, editor of *Nice Jewish Girls: A Lesbian Anthology*, Revised and Updated Edition W. W. Norton & Company The past year has been a trying one for Muslims in the United

States. The steady drone of anti-Islamic sentiment, growing since the tragic events of September 11, 2001, was catalyzed by a series of unfortunate incidents. We could mention among them the Fort Hood shootings, the failed attempt to detonate a bomb aboard an American-bound aircraft over Detroit, Michigan, the failed bomb attempt at Times Square in New York, the manufactured controversy surrounding the "Ground Zero Mosque" and the "Qur'an burning" event organized by a

nondescript Florida pastor. Collectively, these and other events helped to amplify the voices of anti-Islamic bigots to a sometimes frightening pitch. Imam Zaid Shakir has written essays in response to many of the issues referred to above. This is a printed collection of some of those writings. This slender volume might prove beneficial to readers who are looking for insight into the ideas and personalities shaping the news, especially those readers who are not exposed to an Islamic perspective on the events of the day.
