There is a very big misconception in people that only talented and fortunate people are successful in life. But the fact is that even an average person can attain success owing to their focused and consistent effort. Most of the prominent entrepreneurs of the world have always had a very big vision in their mind. A real entrepreneur always provides satisfactory resources and amenities to his large number of employees and those employees return their

full time, energy and talent for the development of the organization as a whole. Many people believe that God writes our destiny. But God doesn't make anyone rich and poor. The almighty God can never do such injustice to human. We are creating our destiny knowingly or unknowingly by our habitual patterns thinking and behaving. Dare to take responsibility of your destiny, and start working for your pleasure. Align your dream, desire and belief in one direction.

Foreword by Don Piper,
Author of 90 Minutes in Heaven Pustak Mahal Ice hockey has featured in North American films since the early days. Hockey's sizable cinematic repertoire explores different views of the sport, including the role of aggression, the business of sports, race and gender, and the role of women in the game. This critical study focuses on hockey themes in more than 50 films and television movies from the U.S. and Canada spanning several decades.

Depictions of historical games are discussed, including the 1980 “Miracle on Ice” and the 1972 Summit Series. National myths that inform ideas of the hockey player are examined. Production techniques that enhance hockey as on-screen spectacle are covered. *The Holy Mark* Routledge Every human being feels the need to HEAL at some point in life and to find forgiveness, strength and understanding to live each day with positivity and grace. But what if the

HEALER lies dormant in each one of us, just waiting to be invoked? Can the healer indeed become the healed? How uplifting to know the resources to heal both ourselves and those around us already exist – we only have to seek them within. Everyone Can Heal combines three books in this one volume: Book I: Healing Oneself – The Connecting Process Book II: Healing Relationships – You & I Are Beautiful Book III: Healing Loved Ones – Being There. This Unique

book offers effective processes to heal the physical, emotional, mental, spiritual and other dimensions of human existence. Learning to heal at a distance and healing loved ones are both integral components of the book. The outlined processes tap into intuition and the senses we are all born with. Whether one is beginner or an established healer, this book is a valuable guide to creating a life of consciousness and purpose. It serves as a basic handbook of living

and a complimentary tool to other healing therapies one may already be practicing. Each volume presents processes for 21 days, to help discover: the well of wisdom within; the sacredness of togetherness in our relationships; the soulful connections with our loved ones; and the truths about our own existence. Each of the three parts empowers healing by using a set of simple tools and techniques, encouraging us to turn the everyday pages of our lives differently. We first

learn to heal ourselves, then our relationships, and finally our loved ones. HEALING IS THE GIFT WE CAN GIVE OURSELVES AND THOSE AROUND US.

THE PURPLE PIG AND OTHER MIRACLES

Boldwood Books Ltd in 1952 Le Corbusier was commissioned "to dwell in the silence of men of prayer and study and to construct a church for them". The result was his impressive Convent of La Tourette, marking a significant step in modern religious architecture.

Beginning with the rectangular form common to the Cistercian monastic tradition, he created a building whose stark form contrasts beautifully with the organic elements of the interior court and the grasslands surrounding it. The church itself is a model of simplicity, the cement has been left rough and the well located sources of light evoke a feeling of silence and reflection. The order's precept of prayer, study and reflection is aptly mirrored in the

architecture. Like the other Le Corbusier Guides published by Birkhäuser, this volume provides a wealth of plans, details, photographs and information on this building which today is also a conference centre. *The Devoted (The Bishop's Family Book #3)* Thomas Nelson Incorporated
Managers transitioning as leaders often find it difficult to adjust in the corporate world when they are sandwiched between employees reporting to them and the

Management who expect results and execution of certain actions that they may not agree to personally. This results in many managers being downsized with time or demoted.... Transitioning from a Manager to a leader requires several skills. This book can be used in varied ways -as a great resource for trainers to build their training modules, by companies as a resource to help customize their needs and conduct training sessions, by management or finishing school students

to brush up their skills , individuals as a reading resource for self-development, and finally as a great gift to someone who finds adjusting into a leadership role difficult or has just been promoted from a managerial position to that of a leader. To the Managers in particular: “Just became a manager...a little confused about your responsibilities...you feel you are doing right yet proven to be wrong each time...Don't worry, this book will help you in smooth transitioning from

a Manager to a Leader but do not race through each topic. Learn, Reflect, and then Implement.”

Three magical Christmas books from one of the world's most beloved storytellers, the #1 New York Times bestselling author, Richard Paul Evans. The Christmas List

What if someone read their obituary before they died? When real estate mogul James Kier is mistaken for another by the same name, he learns firsthand what the world really thinks of him, and decides to change his future. A holiday tale of true redemption, this novel will warm your season. The Christmas Box Miracle: My Spiritual Journey of Destiny, Healing and Hope In 1994, Richard Paul Evans, then an unknown writer, self-published a short book entitled The Christmas

Box. That book went on to become an international bestseller, touching the lives of millions of people. The Christmas Box Miracle is the story behind the book that has become a Christmas classic: how a man writes and publishes a book which helps grieving people to heal and lost souls to find their way home. It is Evans's story: his own spiritual journey and stories of people he encountered along the way—miraculous stories of healing and divinity that often defy

explanation. Finding Noel The Christmas season is supposed to be full of joy, but not for Mark Smart. Life had dealt him one body blow after another: he lost his scholarship and had to drop out of school; his beloved mother had died in a car crash; his girlfriend dumped him, and now, late on a snowy night in November, his car had broken down. Stumbling into a coffee house, he was looking for a phone to call a tow truck. What he found was a beautiful young woman with an unusual name

who, through a simple act of kindness, changed his life forever. Finding Noel is an inspiring novel about the power of love and the wonder of Christmas. *Miracle in a Shoe Box* Kent State University Press

A NOVEL

Bridge Logos Inc
 'Brilliantly witty and
 marvellously observed...'
 Cathy Kelly 'It's just a
 phase,' they said. 'These
 are the happiest years of
 your life,' they said...

Mother of one and professional writer Saoirse (pronounced Seersha, not Searcy – thanks a bunch Game of Thrones!) is still adjusting to the demands of motherhood, four years after the birth of her daughter, Anna. Living in the claustrophobic London suburb of Woodvale, and being surrounded by passive-aggressive mums, isn't helping. Neither is her increasingly pent-up anger at her once-perfect husband. Her only comrade in arms, best friend Bea, is the one thing keeping her sane.

When Saoirse's agent asks her to pitch for a book, she is horrified to discover the topic is motherhood. How can she possibly write a 'warts and all' account of being a mother without giving away what it's really like? Laugh-out-loud funny, painfully well-observed, but with an unmistakable warmth and unforgettable characters, this is the perfect read for anyone who desperately needs a break! The novel may or may not have been inspired by real life... For fans of Motherland! Praise

for Emma Murray: 'Emma Murray's Time Out is a brilliantly witty and marvellously observed novel about young motherhood when there's always someone ready to tell you that you're doing it all wrong.' Cathy Kelly 'Emma tells it how it is with real honesty, and it made me laugh out loud.' Janet Hoggarth 'Witty, fun, beautifully-written. Very highly recommended. Excited to see what comes next from Emma Murray.' Jessica Redland What readers are saying about Time Out: 'Time

Out was exactly what I needed right now, it's Hilarious, Witty, Brilliantly Written, Authentic, Compelling, Uplifting and so very relatable. The characters are superbly written, and I really hope we get to read more from Saoirse.' 'This book is a reminder of the importance of a support system: old friends, new friends, parents, and sometimes even a kind word from a stranger.' 'I really related to the Saoirse, the main character in this book. I loved her humour, her

insecurities, her strengths, her flaws and of course most importantly how she formed a fantastic friendship over a morning bottle of Prosecco.' 'Emma Murray has written a 5-star 'how-to' book on being part of the village ... 'it takes a village to raise a child' but it also takes that village to raise up a mom!' 'A fabulous read that had me hooked and also made me feel glad that my children were born prior to the arrival of Facebook and social media. But a refreshing

read and one I would definitely recommend.' Father Tony should have never been a priest. With the family money, he could have pursued his interest in literature or worked with young boys-only free of all those Church strictures. But there was no priest in the family, so when his immigrant grandmother beheld a peculiar mark on his newborn head and declared it a sign from God, his destiny was set. But those marked by God are often marked by men as well: Tony's jealous uncle will never forgive

him for finding favor with the old woman. And with his ties to the city's Catholic hierarchy, he'll plot to destroy his nephew if it takes forever.

Oxford University Press
In *Genetic Criticism*, Dirk Van Hulle introduces the study of creative processes to an Anglophone audience. As a method in the study of literary writing processes, genetic criticism is also a reading strategy. The idea behind this book is to

introduce this strategy to a broader audience, from interested readers and graduate students to early career researchers and literary critics. In literary studies, it is often obvious that a particular work somehow seems to hit a nerve, but more challenging to pinpoint exactly why it 'works'. This book therefore starts from a clear, basic assumption: knowing how something was made can help us understand how and why it works. This strategy is at the basis of many disciplines,

including art history. By means of X-ray technology or hyperspectral imaging, it is possible to look at a painting as a multilayered object with not only spatial dimensions, but also a temporal one. This temporal dimension is the core of the reading strategy introduced in this book. Note books, marginalia, manuscripts, and typescripts (even if one works with scans) give a concrete dimension to literature, which is a helpful reading strategy for many students. On the

one hand, this involves concrete, transferrable skills such as aspects of transcription and digital scholarly editing. On the other hand, it also involves more abstract theoretical issues relating to matters of authorship, collaboration, authority, agency, intention and intertextuality.
