The Jungle portrays the harsh conditions and exploited lives of immigrants in the United States in Chicago and similar industrialized cities. The book depicts working-class poverty, the lack of social supports, harsh and unpleasant living and working conditions, and a hopelessness among many workers. The primary purpose of the novel in describing the meat industry and its working conditions was to advance socialism in the United States. The main character in the book, Jurgis Rudkus, a Lithuanian immigrant, tries to make ends meet in Chicago. The book begins with his wife Ona and his wedding feast. He and his family live near the stockyards and meatpacking district where many immigrants, who do not know much English, work. He takes a job at Brown's slaughterhouse. Jurgis had thought the US would offer more freedom, but he finds working-conditions harsh. He and his young wife struggle to survive as they fall deeply into debt and become prey to con men. Hoping to buy a house, they exhaust their savings on the down payment for a substandard slum house, which they cannot afford. The family is eventually evicted after their money is taken.

What's it like to start a revolution? How do you build the biggest tech company in the world? And why do you walk away from it all? Paul Allen co-founded Microsoft. Together he and Bill Gates turned an idea writing software into a company and then an entire industry. This is the story of how it came about: two young mavericks who turned technology on its head; the bitter battles as each tried to stamp his vision on the future; and, the ruthless brilliance and fierce commitment. And finally, Allen's extraordinary step in walking away from it all to discover what it is you do after you've already changed the world.

Fleeing from the vengeful King Gerard and his allies, Ron Marlboro takes a desperate gamble. The half-finished, sabotage-plagued armada is unprepared for either fight or flight. With supplies of everything running dangerously low, they stop at an abandoned space station to salvage anything they can find. The Exactas Meridias mining facility has a secret no one could have guessed. With his best troops locked in a deck to deck battle for survival, Ron and his allies will encounter an alien presence while simultaneously defending against the vengeful assault of the Gildain fleet. Can he retrieve his people and secure the resources he needs for a journey across the galaxy? Will the Talgar demand a price he can't pay? Has his feud with King Gerard doomed them all? Read Crisis: Blue Sun Armada 2 and find out!

#### LEAVES OF GRASS

The riveting, untold story of the "Father of Christian Rock" and the conflicts that launched a billion-dollar industry at the dawn of America's culture wars. In 1969, in Capitol Records' Hollywood studio, a blonde-haired troubadour named Larry Norman laid track for an album that would launch a new genre of music and

one of the strangest, most interesting careers in modern rock. Having spent the bulk of the 1960s playing on bills with acts like the Who, Janis Joplin, and the Doors, Norman decided that he wanted to sing about the most countercultural subject of all: Jesus. Billboard called Norman "the most important songwriter since Paul Simon," and his music would go on to inspire members of bands as diverse as U2, The Pixies, Guns 'N Roses, and more. To a young generation of Christians who wanted a way to be different in the American cultural scene, Larry was a godsend—spinning songs about one's eternal soul as deftly as he did ones critiquing consumerism, middle-class values, and the Vietnam War. To the religious establishment, however, he was a thorn in the side; and to secular music fans, he was an enigma, constantly offering up Jesus to problems they didn't think were problems. Paul McCartney himself once told Larry, "You could be famous if you'd just drop the God stuff," a statement that would foreshadow Norman's ultimate demise. In *Why Should the Devil Have all the Good Music?*, Gregory Alan Thornbury draws on unparalleled access to Norman's personal papers and archives to narrate the conflicts that defined the singer's life, as he crisscrossed the developing fault lines between Evangelicals and mainstream American culture—friction that continues to this day. What emerges is a twisting, engrossing story about ambition, art, friendship, betrayal, and the turns one's life can take when you believe God is on your side.

#### COUNTRY LIVING

A searing novel of social realism, Upton Sinclair's *The Jungle* follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.
