There is an appetite for God. And it can be awakened. I invite you to turn from the dulling effects of food and the dangers of idolatry, and to say with some simple fast: "This much, O God, I want you."

Our appetites dictate the direction of our lives - whether it be the cravings of our stomachs, the passionate desire for possessions or

power, or the longings of our spirits for God. But for the Christian, the hunger for anything besides God can be an arch-enemy. While our hunger for God - and Him alone - is the only thing that will bring victory. Do you have that hunger for Him? As John Piper puts it: "If we don't feel strong desires for the manifestation of the glory of God, it is not because you have drunk deeply and are satisfied. It is because

we have nibbled so long at the table of the world. Our soul is stuffed with small things, and there is no room for the great." If we are full of what the world offers, then perhaps a fast might express, or even increase, our soul's appetite for God. Between the dangers of self-denial and self-indulgence is this path of pleasant pain called fasting. It is the path John Piper invites you to travel in this

book. For when God is the supreme hunger of your heart, He will be supreme in everything. And when you are most satisfied in Him, He will be most glorified in you.

The Bible provides remedies that convict, comfort, convert, and consecrate. In order to fully understand the Word of God, however,

we need teachers. Those chosen by God to teach and to preach must do so with spiritual integrity and a firm foundation, something they can find through prayer and sound education. Concise yet packed with practical and relevant information, Principles of Preaching is designed to assist teachers and preachers in understanding and confirming God's calls on

Reaching a broadly ecumenical audience, this book challenges readers to think about the theological nature of

youth ministry. Questions for discussion and reflection are included. This thoroughly updated edition was previously published as *When Kumbaya Is Not Enough*. Praise for the first edition "Writing with the lens of a theologian, the heart of a pastor, and welcome doctrinal breadth, Borgman has provided a 'field book' of pastoral theologies that takes seriously the social systems

shaping the lives of adolescents. This book is a significant step toward the long-awaited conversation about theology and youth ministry in postmodern culture."--Kenda Creasy Dean, Princeton Theological Seminary; author of *Almost Christian* "In this excellent work Borgman brings theological integrity, depth, and years of wisdom like nothing else I have seen in

Blending biblical teaching and practical

ministry experience, Hammett presents a comprehensive ecclesiology from a historic Baptist perspective, examining crucial contemporary issues such as church discipline, the role of elders, and church ministry in a post-Christian culture. This second edition contains updates throughout, including: · Substantive changes to chapters on the nature of the church, Baptist church polity, and

deacons · An expanded chapter on baptism and the Lord's Supper · A thoroughly revised chapter on church models like multisite churches and missional churches · A brand-new chapter on meaningful church membership

"For the

God is not a matter of talk but of power." (1 Corinthians 4:20) The Bible is clear that in the preaching of the Gospel of the Kingdom we must have more than beautiful words and well-built sermons. In the realm of the Kingdom of God, it is normal for sickness to vanish, for demons to flee, and for breakthroughs to take place. This is available for you! Manifesting Kingdom Power is

Merit winner in the 2006 Christianity Today Book Awards! "As the Father has sent me, so I send you." Those of us called to Christian ministry are commissioned and sent by Jesus, just as he himself was called and sent by the Father. Thus we naturally pattern our ministries after Christ's example. But distinctively Christian service involves the Spirit as well, just as Jesus himself accomplished

his ministry in the power of the Spirit. Thus the whole Trinity-- Father, Son and Holy Spirit--gives shape to truly authentic Christian ministry. Though as Christians we all affirm the doctrine of the Trinity, many of us might struggle to explain how understanding the Trinity could actually shape our ministry. Stephen Seamands demonstrates how a fully orbed theology of the Trinity

transforms our perception and practice of vocational ministry. Theological concepts like relationality and perichoresis have direct relevance to pastoral life and work, especially in unfolding a trinitarian approach to relationships, service and mission. A thoroughly trinitarian outlook provides the fuel for our ministry "of Jesus Christ, to the Father, through the Holy Spirit, on behalf of the

church and the world." Essential reading for pastors, parachurch workers, counselors, missionaries, youth ministers and all who are called to any vocation of Christian ministry. *Discover Your Potential For The Supernatural Createspace Independent Publishing Platform* Why cell church? Is it because David Cho's church, the largest church in the history of Christianity, is

a cell church? Is it because someone said the number twelve will bring blessings and growth? Is it because cell church is the strategy that many "great" churches are using? Ralph Neighbour repeatedly says, "Theology must breed methodology." This book sets forth the biblical theology for cell based ministry. Without biblical truth, we don't have a firm underpinning upon which we can

hang our ministry and philosophy. On the other hand, we can plod through most anything when we know that God is stirring us to behave biblically. Cell church is not the latest, greatest church growth strategy. If it were, it would simply be a passing fad until the next hotter, more relevant strategy comes along. In fact, in many places around the world, cell church transforms the church

through a purification process. Church growth is slow but cell church helps Christ's church go deeper. Joel Comiskey has been studying the cell church movement since 1991 and has discovered that the cell church strategy doesn't produce rapid growth in itself. God reserves growth for himself. He wants to receive the glory for all church growth. The first section of

this book covers the Trinity, the model for all small group community. The good news is that the Trinity works within believers to mold and shape them into his image. This section explores God's emphasis on the family, starting from Genesis, Christ's formation of a new family, and then the early church's focus on family. Comiskey believes that family is the principal image of the

church in Scripture. The last chapter in this section explains Jesus and his kingdom and more specifically how Jesus trained his disciples to evangelism through home-based outreach. Section two reveals how the early church met in homes. It explores what they did in those home meetings, the size of the house churches, and how home evangelism took place through

ancient oikos relationships. Comiskey looks at how New Testament leadership developed naturally through the house church structure and how the early church connected the house churches into celebration gatherings (large group meetings). The last section applies all eight chapters to the church today. This last section draws out the New Testament insights that

are applicable to the 21st century church.

Biblical Foundation for Your Life

Series Kregel Academic

As the debate about women's ministry intensifies, so does the need for a calm and balanced assessment of all the arguments - both biblical and theological - the debate has so far produced.

That need has now been fully met by Ruth Edwards in this clear, comprehensive

e, and highly readable study. Part one provides a fresh analysis of the New Testament data, viewed in the light of our latest knowledge of both Jewish and Graeco-Roman attitudes of the time. Having considered the biblical foundations, the book continues in Part Two with a perceptive appraisal of the way Christian attitudes to women have developed - from the early Fathers

through to the key movements and insights of this century, all of which are now combining to question traditional ideas about priesthood and the crucial relationship between ministry and authority.

Springer Jim DeVries, a successful entrepreneur, and Rick Sessoms, an acknowledged leadership educator, join together to challenge existing and potential

leaders to impact our culture for Christ. By encouraging others to accept a call to serve in the workplace, they can serve as salt and light starting each Monday, affecting all areas of culture. Jim and Rick begin by showing how mistaken beliefs have devalued everyday work as a means of serving God. While telling the stories of their journey to become leaders, they provide living examples of how God

developed them into successful leaders. They share their mistakes, the obstacles they faced, and the valley and mountaintop experiences God shepherded them through. All leading to a new understanding of God's view of success and significance. They give examples of building a healthy culture within an organization and common mistakes that a leader will make to damage

it. Don't expect a book that teaches techniques to help you climb the ladder of success. Instead, it shows how you can develop as a genuine leader interested in helping your followers develop as new leaders. You will learn that others will gladly follow you not because you are perfect but because you strive to keep your beliefs, words, and actions in harmony. The book has four parts: God's

call to work and leadership; One Leader's Journey; Creating a healthy culture; and Caution and encouragement. Three additional sections are: Learning to communicate responsibly, Learning from Jesus, the master communicator, and Learning effective lay leadership in the church. About the Authors Jim DeVries Jim graduated from the University of Michigan with a degree in
