The challenge remains as to translating such a positive initiative into reality on the ground.

The rights and needs of women and girls will remain in the shadows, without a gender transformative agenda,

peace in Yemen will be impeded. Women in Yemen are threatened or violently repressed if they speak out, mobilize or advocate for their rights.

A Gendered Approach to Peacebuilding and Conflict Resolution

Gendered Peace explores international contexts, and a variety of local ones, in which such struggles take place, and evaluates their progress. The volume highlights the surprising success in the development of international legal advances for women, but contrasts this with the actual experience of women in cases from Sierra Leone, Rwanda, South Africa, Afghanistan, Bangladesh, East
