**BRITAIN AND EUROPEAN INTEGRATION SINCE 1945**

OUP Oxford

Bringing home the extraordinary waves of transformation that washed across Europe in the second half of the twentieth century, this book interprets the trends, developments, and issues which were of major importance in East and West Europe in the latter half of the twentieth century. Mary Fulbrook's Introduction to this volume begins with a vivid contrast setting the struggle for survival in a devastated rubble-strewn street of East Berlin in 1945 against the same location in the reunited city at the end of the century, unrecognisable in its gleaming, confident, cosmopolitan affluence. The book then provides a clear overview of the broad patterns of change: from nationalism to integration; from imperialism to decolonization; from division between capitalism and communism to striking convergence of systems; from regional differences to an increasingly homogeneous, urbanised cosmopolitan society. Each chapter is enlivened by a wealth of illustrative detail as local themes and variations in different parts of Europe are explored. Chapters trace the character, causes, and consequences of general trends and specific developments in politics, society, the economy, and culture, before turning to relations within Europe and with the non-European world. The result is an illuminating and engrossing account of European history since 1945.

**The Story of Europe Since 1945** Routledge

The first history of Europe since 1945 which examines the continent from a mainly ethnic perspective, Panikos Panayi has drawn on years of research to produce this comparative and exploratory account of the experience of ethnic minorities in post-war Europe. The coverage encompasses all categories of minorities including immigrants and refugees, localised ethnic groupings and dispersed peoples. Geographically, the scope of the book ranges from the Atlantic to the Urals and the Mediterranean to the Arctic, looking in particular at the Soviet Union, Britain, France, Germany, Romania, Cyprus and the former

Yugoslavia.

*Class and Economy in Europe Since 1945* Addison-Wesley Longman

An examination of the ceaseless controversies surrounding ideas of nation and nationalism, showing that they are very far from dead in twenty-first century Europe. Beginning by defining these terms and setting out theories and concepts clearly and concisely, this book analyses the impact of nationalism since the Second World War, covering themes including: \* the relationship of nationalism to the Cold War \* the re-emergence of demands by stateless nations \* European integration and globalisation \* immigration since the 1970s \* the effects of nationalism on the former Soviet Union and Eastern block.

**AN AUTHOR, TITLE AND CHRONOLOGICAL INDEX TO BRITISH PRIMARY SOURCE MATERIAL ON EUROPEAN INTEGRATION ISSUED SINCE 1945**

Psychology Press

Europe Since 1945 is an exciting new survey of the history of Europe since the end of World War Two. In the second half of the twentieth century Europe has known a period of peace and stability unprecedented in its history and virtually unparalleled in the rest of the world. Europe explains the reasons for this state of affairs. Thought-provoking and wide ranging, this book discusses political, economic, social and cultural change in modern Europe. Covering both Western and Eastern Europe comprehensively and featuring extensive analysis of the 1990s, this book includes examination of: \* the Cold War \* War at the edges - Northern Ireland and Yugoslavia \* the European Union \* the issues of Nationalism \* the end of the dictatorships \* economic prosperity, the EEC and the Euro \* the break-up of the European Empires and the consequences.

**The European Union Since 1945** Routledge

Finalist for the Pulitzer Prize • Winner of the Council on Foreign Relations Arthur Ross Book Award • One of the New York Times' Ten Best Books of the Year "Impressive . . . Mr. Judt writes with enormous authority." —The Wall Street Journal "Magisterial . . . It is, without a doubt, the most comprehensive, authoritative, and yes, readable postwar history." —The Boston Globe Almost a

decade in the making, this much-anticipated grand history of postwar Europe from one of the world's most esteemed historians and intellectuals is a singular achievement. Postwar is the first modern history that covers all of Europe, both east and west, drawing on research in six languages to sweep readers through thirty-four nations and sixty years of political and cultural change—all in one integrated, enthralling narrative. Both intellectually ambitious and compelling to read, thrilling in its scope and delightful in its small details, Postwar is a rare joy. Judt's book, *Ill Fares the Land*, republished in 2021 featuring a new preface by bestselling author of *Between the World and Me* and *The Water Dancer*, Ta-Nehisi Coates.

*Address to the Union Belgo-Britannique* Routledge

After the fall of its empire, Britain still holds sway

*Britain and Europe Since 1945* Routledge

Offering an introduction to Britain's relations with the European Union since 1945, this work combines an historical account with political analysis to illustrate the changing and multifaceted nature of British and European politics.

*Europe Since 1945* Longman Publishing Group

This book provides both a comprehensive introduction and a perceptive examination of Britain's relations with the European Community and the European Union since 1945, combining an historical account with political analysis to illustrate the changing and multifaceted nature of British and European politics. Few issues in British politics since 1945 have generated such heated controversy as Britain's approach to the process of European integration associated with the European Union. The long-running debate on the subject has not only played a major part in the downfall of prime ministers and other leading political figures but has also exposed major fault-lines within governments and caused deep and rancorous divisions within and between the major political parties. This highly contested issue has given rise to bitter campaigning in the press and between pressure groups, and it has bemused, confused and divided the public at large. Key questions addressed include: Why has Europe had such an explosive impact on British politics? What impelled British policymakers to join the European Community and to undertake one of the radical, if not the most radical, changes in modern

British history? What have been the perceived advantages and disadvantages of British membership of the European Union? Why has British membership of the European Union rarely attracted a national consensus? Engaging with both academic and public debates about Britain and the European Union, this volume is essential reading for all students of British history, British politics, and European politics.

### **BRITAIN AND EUROPE SINCE 1945: A BIBLIOGRAPHICAL GUIDE**

Macmillan International Higher Education

The advance of women through the political system has been one of the most significant developments of the second half of the twentieth century. For the first time we have seen women Prime Ministers and Presidents in Europe. *Women and Political Power* examines the extent of progress women have made in ten western European countries, and looks at the factors which have helped, or hindered, their greater involvement in the political process. This book not only explores fascinating contrasts between northern and southern European countries, it also reveals the strong similarities in all countries. It highlights, in particular, the continuing absence of women from leadership positions, and the concentration of women on committees dealing with social and welfare issues.

*Britain and European Integration since 1945* Princeton University Press

This highly successful book has now been fully updated to take account of events since 1990, including a very full coverage of the major consequences stemming from the breakup of the Soviet empire.

### **THE EXPANDING STATE**

University of Michigan Press

Selected from the 1992 summer school of the Institute of Contemporary British History, 20 essays delve into why Britain, so quickly off the mark after World War II, has turned out to be among the last to join a unified Europe, and still remains a semi-detached member. They are arranged in sections on Britain's early vision of a united Europe, her search for a role from 1956 to 1973, and the awkward and often tense marriage since then. Distributed in the US by St. Martin's Press. Annotation copyright

by Book News, Inc., Portland, OR

### **AN INTRODUCTION TO SOCIOLOGY**

Routledge

This is the story of Europe's emergence from the catastrophe of fascism and world war in the years after 1945 - and how the broad anti-fascist consensus on which this was based has ominously unravelled in recent decades. Essential reading for all those interested in the history of Europe in the twentieth century - and in the question of where Europe is heading in the twenty-first century.

*Britain in Europe Since 1945* Routledge

Anthony Forster argues that euroscepticism, in addition to being a political stance, displays the seeds of becoming a new faith. Through a detailed analysis of British post-war politics, he shows the development of a core set of beliefs, a history of persecution, displays of moral rectitude in opposing Europe and the power of scepticism to change existing beliefs. This challenging new history of euroscepticism will be a valuable resource for undergraduate students of politics and European studies.

### **A Bibliographical Guide** Routledge

Topics include the making of modern European society, equality and inequality, social institutions including the family, religion and education, the individual and the state, and the future for Europe.

### **On the Sidelines** Routledge

Taking a thematic approach, this keenly awaited new edition addresses the major political and economic developments in Western Europe since World War II, right up to the present day. The book covers issues and developments in national politics, the movement towards greater unity in Western Europe, and the role of Europe in global politics and in the international economy. The text has been revised throughout and updated to take account of the political consequences of the ending of the Cold War and the troubled progress of European integration since Maastricht.

### **A HISTORY OF EUROPE SINCE 1945**

Penguin

This is a succinct, timely introduction to one of the most highly charged political questions which has dominated British politics since 1945: Britain's position in Europe. The study traces the evolution of British policy towards Europe since 1945, presenting

the full international context as well as the impact on domestic party politics - including an analysis of the divisions in the Conservative Party under John Major.

**Britain and Europe Since 1945** Oxford University Press

In 1945, many Europeans still heated with coal, cooled their food with ice, and lacked indoor plumbing. This book presents an account of the extraordinary development of Europe's economy since the end of World War II. It argues that the continent's history has been critical to its economic performance.

### **A HISTORY OF EUROPEAN INTEGRATION SINCE 1945**

Manchester University Press

This Seminar Studies title is a succinct study of modern British foreign policy, focusing on the period from 1945 to the present day. Since the end of the Second World War, Britain has been engaged in international conflicts from the Suez Crisis to the Gulf War and has actively sought involvement in transnational and global affairs. Starting with a brief overview of the rise and fall of the British Empire and continuing chronologically with detailed chapters covering the second half of the twentieth century and the beginning of the twenty-first, Alasdair Blair discusses the highs and lows of British foreign policy in an accessible yet analytical manner. Dealing with themes such as the issues triggered by decolonisation and the changing relationship between Britain and Europe, this text considers the pivotal moments in modern Britain's engagement with the wider world. Included in this title are supporting materials, such as a chronology of important events from 1945, a Who's Who of key government figures and a collection of relevant primary sources. Thorough yet concise, *Britain and the World since 1945* is the ideal resource for students interested in the development of British foreign policy.

*A Companion to Europe Since 1945* Routledge

This book examines Britain and Norway in Europe from 1945 through to the former's departure from the European Union in 2020. It compares their European relations and investigates their bilateral relationship within the contexts of security, trade and, above all, European integration. Britain and Norway are outsiders in Europe, and they have both been sceptical of the continental federalist approach to European integration. The question of membership itself has been highly controversial in both countries:

the public has been divided on the issue; it has plagued political parties and governments; and prime ministers have resigned over European issues. This book explores why these countries have struggled so deeply with the idea of Europe since 1945, and looks ahead to how the relationship between Britain and Norway might develop after Brexit.
