First full-length study of what the manuscript contexts can reveal about early reactions to Chaucer, and in particular his treatment of women.

WOMEN IN MEDIEVAL EUROPE 1200-1500

Boydell & Brewer Ltd
Inspired by the work of eminent scholar Richard Kieckhefer, *The Sacred and the Sinister* explores the ambiguities that made (and make) medieval religion and magic so difficult to differentiate. The essays in this collection investigate how the holy and unholy were distinguished in medieval Europe, where their characteristics diverged, and the implications of that deviation. In the

Middle Ages, the natural world was understood as divinely created and infused with mysterious power. This world was accessible to human knowledge and susceptible to human manipulation through three modes of engagement: religion, magic, and science. How these ways of understanding developed in light of modern notions of rationality is an important element of ongoing scholarly conversation. As Kieckhefer has

emphasized, ambiguity and ambivalence characterize medieval understandings of the divine and demonic powers at work in the world. The ten chapters in this volume focus on four main aspects of this assertion: the cult of the saints, contested devotional relationships and practices, unsettled judgments between magic and religion, and inconclusive distinctions between magic and science. Freshly insightful, this study of ambiguity between magic and

religion will be of special interest to scholars in the fields of medieval studies, religious studies, European history, and the history of science. In addition to the editor, the contributors to this volume are Michael D. Bailey, Kristi Woodward Bain, Maeve B. Callan, Elizabeth Casteen, Claire Fanger, Sean L. Field, Anne M. Koenig, Katelyn Mesler, and Sophie Page. (2014) Springer This collection of essays explores the literary legacy of medieval England by examining the

writers, editors and exemplars of medieval English texts. In order to better understand the human agency, creativity and forms of sanctity of medieval England, these essays investigate both the production of medieval texts and the people whose hands and minds created, altered and/or published them. The chapters consider the writings of major authors such as Chaucer, Gower and Wyclif in relation to texts, authors and ideals less well-known today, and in light of the

translation and interpretive reproduction of the Bible in Middle English. The essays make some texts available for the first time in print, and examine the roles of historical scholars in the construction of medieval English literature and textual cultures. By doing so, this collection investigates what it means to recover, study and represent some of the key medieval English texts that continue to influence us today.
Felony and the Guilty Mind in Medieval England

Pen and Sword History
Is global violence on the decline? Steven Pinker's highly-publicized argument that human violence across the world has been dramatically abating continues to influence discourse among academics and the general public alike. In this provocative volume, a cast of eminent historians interrogate Pinker's thesis by exposing the realities of violence throughout human history. In doing so, they reveal the history of human violence to be richer, more thought-

provoking, and considerably more complicated than Pinker claims.
Soul, Self, and Society
Berghahn Books
Explores the role of criminal intent in constituting felony in the first two centuries of the English criminal trial jury.
The Life and Death of Henry VI Cambridge University Press
Drawing on a wide body of evidence, the book argues that the support of women was vital to the persistence of piracy around the British Isles at

least until the early seventeenth century. The emergence of long-distance and globalized predation had far reaching consequences for female agency.

THE AFTERLIVES OF RAPE IN MEDIEVAL ENGLISH LITERATURE

Cambridge University Press

Royal women did much more to wield power besides marrying the king and producing the heir. Subverting the dichotomies of public/private and

formal/informal that gender public authority as male and informal authority as female, this book examines royal women as agents of influence. With an expansive chronological and geographic scope—from ancient to early modern and covering Egypt, Great Britain, the Ottoman Empire, and Asia Minor—these essays trace patterns of influence often disguised by narrower studies of government studies and officials. Contributors highlight the

theme of dynastic loyalty by focusing on the roles and actions of individual royal women, examining patterns within dynasties, and considering what factors generated loyalty and disloyalty to a dynasty or individual ruler. Contributors show that whether serving as the font of dynastic authority or playing informal roles of child-bearer, patron, or religious promoter, royal women have been central to the issue of dynastic loyalty throughout the ancient, medieval, and

modern eras.

Gender, Otherness, and Culture in Medieval and Early Modern Art BRILL

The purpose of the BIAS is, year by year, to draw attention to all scholarly books and articles directly concerned with the *matière de Bretagne*. The bibliography aims to include all books, reviews and articles published in the year preceding its appearance, an exception being made for earlier studies which have been omitted inadvertently. The present volume contains over 700 entries

on relevant publications that were published in 2013.

LAW, HISTORY AND CRITICISM

Walter de Gruyter GmbH & Co KG

The first comprehensive exploration of women's multifaceted experiences of forced and consensual ravishment in medieval England.

COMMERCE, CRIME AND COMMUNITY IN ENGLAND,

1300-1500

Universitat de València
How did it feel to hear Macbeth's witches chant of "double, double toil and trouble" at a time when magic and witchcraft were as real as anything science had to offer? How were justice and forgiveness understood by the audience who first watched King Lear; how were love and romance viewed by those who first saw Romeo and Juliet? In England in the Age of Shakespeare, Jeremy Black takes readers on a

tour of life in the streets, homes, farms, churches, and palaces of the Bard's era. Panning from play to audience and back again, Black shows how Shakespeare's plays would have been experienced and interpreted by those who paid to see them. From the dangers of travel to the indignities of everyday life in teeming London, Black explores the jokes, political and economic references, and small asides that Shakespeare's audiences would have recognized.

These moments of recognition often reflected the audience's own experiences of what it was to, as Hamlet says, "grunt and sweat under a weary life." Black's clear and sweeping approach seeks to reclaim Shakespeare from the ivory tower and make the plays' histories more accessible to the public for whom the plays were always intended.

THE SACRED AND THE SINISTER

Cornell University Press
This edited collection,

written by both established and new researchers, reveals the experiences of litigating women across premodern Europe and captures the current state of research in this ever-growing field. Individually, the chapters offer an insight into the motivations and strategies of women who engaged in legal action in a wide range of courts, from local rural and urban courts, to ecclesiastical courts and the highest jurisdictions of crown and parliament. Collectively, the focus on individual

women litigants – rather than how women were defined by legal systems – highlights continuities in their experiences of justice, while also demonstrating the unique and intersecting factors that influenced each woman’s negotiation of the courts. Spanning a broad chronology and a wide range of contexts, these studies also offer a valuable insight into the practices and priorities of the many courts under discussion that goes beyond our focus on women litigants. Drawing

on archival research from England, Scotland, Ireland, France, the Low Countries, Central and Eastern Europe, and Scandinavia, *Litigating Women* is the perfect resource for students and scholars interested in legal studies and gender in medieval and early modern Europe.

[Gender and Status in Europe in the Middle Ages](#)
Springer Nature

In A Punishment for Each Criminal Christine Ekholst provides the first in-depth analysis of how gender influenced Swedish

medieval legislation. The book explores the important legislative changes that took place when women were made personally responsible for their own crimes.

The Stolen Crown

Routledge

Narratives of monastic life in Anglo-Saxon England depict individuals as responsible agents in the assumption and performance of religious identities. To modern eyes, however, many of the ‘choices’ they make would actually appear to be compulsory. Stealing

Obedience explores how a Christian notion of agent action – where freedom incurs responsibility – was a component of identity in the last hundred years of Anglo-Saxon England, and investigates where agency (in the modern sense) might be sought in these narratives.

Katherine O'Brien O'Keefe looks at Benedictine monasticism through the writings of Ælfric, Anselm, Osbern of Canterbury, and Goscelin of Saint-Bertin, as well as liturgy, canon and civil law, chronicle, dialogue,

and hagiography, to analyse the practice of obedience in the monastic context. Stealing Obedience brings a highly original approach to the study of Anglo-Saxon narratives of obedience in the adoption of religious identity.

Regulating Sex in England, 1470-1600

Bloomsbury Publishing

This textbook intends to do a clear, informal review of the history of the English language.

Although the main focus is not to provide a thorough social

description of the different periods in which the history of English is divided, we want to make it clear that language has changed because it is used by society, and therefore one cannot be understood without the other.

The Reception of Chaucer's Shorter Poems, 1400-1 - Female

Audiences, English

Manuscripts, French

Contexts Cambridge

University Press

Centering on the difficult and important subject of medieval rape culture,

this book brings Middle English and Scots texts into conversation with contemporary discourses on sexual assault and the #MeToo movement. The book explores the topic in the late medieval lyric genre known as the pastourelle and in related literary works, including chivalric romance, devotional lyric, saints' lives, and the works of major authors such as Margery Kempe and William Dunbar. By engaging issues that are important to feminist activism today—the gray

areas of sexual consent, the enduring myth of false rape allegations, and the emancipatory potential of writing about survival—this volume demonstrates how the radical terms of the pastourelle might reshape our own thinking about consent, agency, and survivors' speech and help uncover cultural scripts for talking about sexual violence today. In addition to embodying the possibilities of medievalist feminist criticism after #MeToo, Rape Culture and Female Resistance in

Late Medieval Literature includes an edition of sixteen Middle English and Middle Scots pastourelles. The poems are presented in a critical framework specifically tailored to the undergraduate classroom. Along with the editors, the contributors to this volume include Lucy M. Allen-Goss, Suzanne M. Edwards, Mary C. Flannery, Katharine W. Jager, Scott David Miller, Elizabeth Robertson, Courtney E. Rydel, and Amy N. Vines. Stolen Women in Medieval

Leading scholars shed
new light on what 'home'
meant to men and women
in medieval England.

Litigating Women

Indiana University Press
Status and gender are two
closely associated
concepts within medieval
society, which tended to
view both notions as
binary: elite or low status,
married or single, holy or
cursed, male or female, or
as complementary and
cohesive as multiple parts
of a societal whole. With
contributions on topics

ranging from medieval
leprosy to boyhood
behaviors, this
interdisciplinary collection
highlights the various
ways "status" can be
interpreted relative to
gender, and what these
two interlocked concepts
can reveal about the
construction of gendered
identities in the Middle
Ages.

NARRATIVES OF AGENCY AND IDENTITY IN LATER ANGLO- SAXON ENGLAND

Boydell & Brewer
The Afterlives of Rape

examines how medieval
English texts--from
devotional literature to
Arthurian romance--
imagine survivors of
sexual violence to have
privileged moral, ethical,
and spiritual insight. This
medieval history of
survival as a site of
spiritual transcendence
and political critique
continues to shape the
terms of contemporary
discussions about gender,
rape, and survival

Medieval Intersections

Stolen Women in Medieval
England Rape, Abduction,
and Adultery, 1100-1500
Women in Medieval
Europe explores the key
areas of female
experience in the later
medieval period, from
peasant women to
Queens. It considers the

women of the later Middle
Ages in the context of
their social relationships
during a time of changing
opportunities and
activities, so that by 1500
the world of work was
becoming increasingly
restricted to women. The
chapters are arranged
thematically to show the
varied roles and lives of
women in and out of the
home, covering topics
such as marriage, religion,
family and work. For the
second edition a new
chapter draws together
recent work on Jewish and
Muslim women, as well as

those from other ethnic
groups, showing the wide
ranging experiences of
women from different
backgrounds. Particular
attention is paid to
women at work in the
towns, and specifically
urban topics such as
trade, crafts, healthcare
and prostitution. The
latest research on women,
gender and masculinity
has also been
incorporated, along with
updated further reading
recommendations. This
fully revised new edition
is a comprehensive yet
accessible introduction to

the topic, perfect for all those studying women in Europe in the later Middle Ages.
