## **MEDIEVALISMS**

Perennial Press  
For many, the middle ages depicted in Walt Disney movies have come to figure as the middle ages, forming the earliest visions of the medieval past for much of the contemporary Western (and increasingly Eastern) imagination. The essayists of *The Disney Middle Ages* explore Disney's mediation and re-creation of a fairy-tale and fantasy past, not to lament its exploitation of the middle ages for corporate ends, but to examine how

and why these medieval visions prove so readily adaptable to themed entertainments many centuries after their creation. What results is a scrupulous and comprehensive examination of the intersection between the products of the Disney Corporation and popular culture's fascination with the middle ages.

*The Dark Ages* Pan Macmillan  
Imagine you're alive during the Middle Ages. Wars and diseases like the plague are everywhere. Everyday life is hard for everyone except kings, and even they don't have it easy, with all those wars going on. In those times you were probably a warrior, a member of a religious order, or a peasant toiling in the fields. Which would you prefer to be? Choose a path and find out what it

was like to fight wars, battle disease, or just struggle to survive day to day on the farm or in the fields.

Excerpt from *Adventures in the Middle Ages: A Memorial Collection of Essays and Studies* In her college days she was not what is known as a grind. She took her work easily and happily in her stride. But her lack of robust health led her, naturally, to choose the quieter forms of non-academic activities. She was most at home among books and her devoted friends. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. When Ms. Frizzle and her student Arnold follow an underground passage beneath Craig's Castle Shop and find themselves in the middle of a siege of a 12th century English castle, they learn a great deal about both castles and the Middle Ages.

*Ms. Frizzle's Adventures* Palgrave Macmillan

This medieval history of British rebellion examines how five centuries of uprisings and insurrections helped build the United Kingdom. Shakespeare's Henry IV lamented 'Uneasy lies the head that wears the crown'. It was true of that king's reign and of many others before and after. From

Hereward the Wake's guerilla war, resisting the Norman invasion of William the Conqueror, through the Anarchy, the murder of Thomas Becket, the rebellions of Henry II's sons, the deposition of Edward II, the Peasants' Revolt and the rise of the over-mighty noble subject that led to the Wars of the Roses, kings throughout the medieval period came under threat from rebellions and resistance that sprang from the nobility, the Church, and even the general population. Serious rebellions arrived on a regular cycle throughout the period, fracturing and transforming England into a nation to be reckoned with. Matthew Lewis examines the causes behind the insurrections and how they influenced the development of England from the Norman Conquest until the Tudor period. Each rebellion's importance and impact is assessed both individually and as part of a larger movement to examine how rebellions helped to build England.

Magic and (mis)adventures abound in Max and the Midknights, a hilarious illustrated novel from the New York Times bestselling creator of the Big Nate series, Lincoln

Peirce. 'Max is epic fun!' – Jeff Kinney, bestselling author of the Diary of a Wimpy Kid series. 'Fantastic! I loved it!' – Dav Pilkey, bestselling author of the Dog Man series. Join Max's quest to become a knight in this laugh-out-loud New York Times bestselling adventure! Max wants to be a knight – too bad that dream is about as likely as finding a friendly dragon. But when Max's uncle Budrick is kidnapped by the cruel King Gastley, Max has to act . . . and fast! Joined by a band of brave adventurers – the Midknights – Max sets out on a thrilling quest: to save uncle Budrick and restore the realm of Byjovia to its former glory!

*History Adventures* Turtleback

At the beginning of the period Rome was old and worn out with misgovernment and evil living. But planted in this dying Rome there was the new and vigorous Christian Church which was to draw up into itself all that was best and strongest of the old world. The Germans were rude and uncivilized, but they were strong in mind and body, and possessed some ideas about government, women, and the family which were better than the ideas of the Romans on these subjects.

## REBELLION IN THE MIDDLE AGES

Gareth Stevens Publishing LLLP

The Persistence of Medievalism seeks to examine the ways medieval genre shapes contemporary public culture. Through an exploration of several contemporary cultural phenomena, this book reveals the narrative underpinnings of public discourse. The ways these particular forms of storytelling shape our assumptions are examined by Weisl through a series of examples that demonstrate the intrinsic ways medievalism persists in the modern world, thus perpetuating archaic ideas of gender, ideology, and doctrine.

Avery Everywhere - a Day in the Middle Ages Capstone

Over the course of the Middle Ages, the economies of Europe, Asia, and northern Africa became more closely integrated, fostering the international and intercontinental journeys of merchants, pilgrims, diplomats, missionaries, and adventurers. During a time in history when travel was often difficult, expensive, and fraught with danger, these wayfarers composed accounts of their experiences in unprecedented numbers and transformed

traditional conceptions of human mobility. Exploring this phenomenon, *The Medieval Invention of Travel* draws on an impressive array of sources to develop original readings of canonical figures such as Marco Polo, John Mandeville, and Petrarch, as well as a host of lesser-known travel writers. As Shayne Aaron Legassie demonstrates, the Middle Ages inherited a Greco-Roman model of heroic travel, which viewed the ideal journey as a triumph over temptation and bodily travail. Medieval travel writers revolutionized this ancient paradigm by incorporating practices of reading and writing into the ascetic regime of the heroic voyager, fashioning a bold new conception of travel that would endure into modern times. Engaging methods and insights from a range of disciplines, *The Medieval Invention of Travel* offers a comprehensive account of how medieval travel writers and their audiences reshaped the intellectual and material culture of Europe for centuries to come. *Middle Ages Createspace Independent Publishing Platform* Selected Papers In Literature And Criticism, No. 1.

## ADVENTURES IN THE MIDDLE AGES

Springer

The story is a blending of the romance and adventure of the middle ages with nineteenth century men and women; and they are creations of flesh and blood, and not mere pictures of past centuries. The story is about Jack Winthrop, a newspaper man. Mr. MacGrath's finest bit of character drawing is seen in Hillars, the broken down newspaper man, and Jack's chum. Harold MacGrath (September 4, 1871 - October 30, 1932) was a bestselling American novelist, short story writer, and screenwriter. Also known occasionally as Harold McGrath, he was born in Syracuse, New York. As a young man, he worked as a reporter and columnist on the Syracuse Herald newspaper until the late 1890s when he published his first novel, a romance titled *Arms and the Woman*. According to the New York Times, his next book, *The Puppet Crown*, was the No. 7 bestselling book in the United States for all of 1901. From that point on, MacGrath never looked back, writing novels for the mass market about love, adventure, mystery, spies, and the like at an average

rate of more than one a year. He would have three more of his books that were among the top ten bestselling books of the year. At the same time, he penned a number of short stories for major American magazines such as The Saturday Evening Post, Ladies Home Journal, and Red Book magazine. Several of MacGrath's novels were serialized in these magazines and contributing to them was something he would continue to do until his death in 1932. In 1912, Harold MacGrath became one of the first nationally-known authors to write directly for the movies when he was hired by the American Film Company to do the screenplay for a short film in the Western genre titled *The Vengeance That Failed*. MacGrath had eighteen of his forty novels and three of his short stories made into films plus he wrote the story for another four motion pictures. And, three of his books were also made into Broadway plays. One of the many films made from MacGrath's writings was the 1913 serial *The Adventures of Kathlyn* starring Kathlyn Williams. While writing the thirteen episodes he simultaneously wrote the book that was published immediately after the December 29, 1913, premiere of the

first episode of the serial so as to be in book stores during the screening of the entire thirteen episodes.

### TRAVEL IN THE MIDDLE AGES

Kids Can Press Ltd

From King Arthur and Robin Hood, through to video games and jousting-themed restaurants, medieval culture continues to surround us and has retained a strong influence on literature and culture throughout the ages. This fascinating and illuminating guide is written by two of the leading contemporary scholars of medieval literature, and explores: The influence of medieval cultural concepts on literature and film, including key authors such as Shakespeare, Tennyson, and Mark Twain The continued appeal of medieval cultural figures such as Dante, King Arthur, and Robin Hood The influence of the medieval on such varied disciplines such as politics, music, children's literature, and art. Contemporary efforts to relive the Middle Ages. *Medievalisms: Making the Past in the Present* surveys the critical field and sets the boundaries for future study, providing an essential background for literary study from the medieval period

through to the twenty-first century.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant. *Adventures in the Middle Ages* Teacher Created Resources

A good breakfast is hard to repeat, and time travel is not an exact science. Henry

discovers there is a wide great big world out there just waiting to be explored. But what does he do when he lands right in the middle of a feud between a town and a neighboring dragon? He uses new friends and problem solving to come up with a perfect solution. Henry's Middle Ages Crisis is the next installment of the Henry Snufflepup series from A. K. Sprutey. *Adventures in the Middle Ages; A Memorial Collection of Essays and Studies* by Laura Hibbard Loomis Hassell Street Press

Take an exciting tour through a thousand years of history in Samuel Harding's *The Story of the Middle Ages!* This book brings the bold knights, brave explorers, and majestic castles of the Middle Ages to life through captivating stories and vivid detail. Harding acts as the perfect guide to show you medieval life beyond just kings and battles. Learn what everyday people wore, ate, lived in, and did for fun in medieval times. Journey through market town and village, monastery and fortress. Meet colorful characters from fiendish Vikings to peasant children to powerful queens. Through Harding's engaging stories, you'll witness minstrels and jousting, crusades from Europe to

Jerusalem, and magnificent gothic cathedrals rising. Feel the tension as civilizations clash and cultures meld into new traditions. If you love heroic adventures, imaginative tales, and seeing history come alive, *The Story of the Middle Ages* brings a world from centuries past into exciting focus.

### THE PERSISTENCE OF MEDIEVALISM

University of Chicago Press

The 21st century has seen a resurgence of popular interest in the Middle Ages. Television in particular has presented a wide and diverse array of "medieval" offerings. Yet there exists little scholarship on television medievalism. This collection fills the gap with 10 new essays focusing on the depiction of the Middle Ages in popular culture and questioning the role of television in shaping our ideas about past and present. The contributors emphasize the need for scholars of medievalism to pay attention to its manifestations on the small screen. The essays cover quite a range of topics, including genre, gender and sexuality. The series covered are *Game of Thrones*, *Merlin*, *Full Metal Jousting*, *Joan of Arcadia*, *Tudors*, *Camelot*

and *Mists of Avalon*. Instructors considering this book for use in a course may request an examination copy here.

### Adventures in the Middle Ages: a memorial collection of essays and studies

Scholastic Canada Limited

This whole language thematic unit integrates the history of the Middle Ages with three high-quality Newbery Award literature selections.

*Adventures in the Ice Age* Forgotten Books

Super Potato has lost his giant muscles! To take his mind off this tragedy, he agrees to a time-travel mission. Soon he's searching the Middle Ages to find a scientist stranded in the past. In the foggy swamp of an older era, our hero meets a brave, handsome knight who turned into a serpent. (Say, that sounds familiar . . .)

Super Potato agrees to help the knight too, leading to a quest to find the lost scientist and a legendary sorcerer.
