The Sissy Baby Nursery AB Discovery

The Sissy Baby is an incredibly important and common aspect of ABDL life. These four novels are not books that are a full-on sissy extravaganza from the first word until the last. They are - like in real life - a step-by-step journey that follows the story of a young man who finds femininity erupting in his life, just as infancy is also developing. The twin aspect merge and a sissy baby is formed. And in every case, the sissy baby needs to find a life where they are able to live, develop, grow and be part of a relationship that works and matters. I hope you enjoy these four novels as much as the authors enjoyed writing them and it is worth remembering that while they are fiction, they do represent part of the canvas of real life and some scenes are based in part on actual events. Enjoy your travels through the world of the sissy adult baby.

Accidental Consequences AB Discovery

Following the success of Evelyn's first book - Diaper Dominance and Discipline - This well-written author has now delivered her next book: "Sissy Babies - the Ultimate Submissive" Written as a guide to establishing and managing a relationship with sissy babies, this book gives guidance based on personal experience and rare expertise. It will deal with questions such as 'what is a sissy baby' and how to find satisfactory outcomes for both baby and parent. It addresses real-life issues in managing a non-peer-based relationship and how to actually make it work, and work well. Sissies are a growing part of society and within the ABDL community, the sissy baby is relatively common. But spouses, partners and friends tend to be dismissive or even scared of sissy babies. This book will open their eyes so if nothing else, they will no longer be ignorant of who they are. Both the 'parents' of sissy babies and the sissies themselves will love this book and the intuitive and valuable guidance in the insight it provides.
