That little weapon which we hold in our mouths, called the tongue, can make a difference in our lives. The words that we speak are very powerful. We can choose to speak life or decide to speak death. Many times, silence is the best option. The very few words in which we decide to speak may save a life or destroy one. That's why we should choose our words wisely. I have written this book for the purpose to help people be more conscious of the phrases in which they speak, and to be more careful with the words they choose. Chapter 1 of "Sea-ing/Seeing A Vision Beyond The Surface" will teach on "Food For Thought" and Chapter 2 will lecture on "Play On Words". Both Chapters will include a combination of food for thought and some word play, working together, in many of the stories, since there are many students that love to eat and play in class anyway. This book will offer you wisdom, intellect, healing, the opportunity to develop your rational thought process, and with it all, there is much laughter.

Suffering from a variety of conditions, we formed a small group of individuals that were also struggling, and we helped each other remain accountable as we healed ourselves naturally. How did we do this? We researched tirelessly and tried multiple different methods until we finally started seeing results through the use of protocols taught by legendary healers, Dr Arnold Ehret and Dr Robert Morse. Note: all information and resources are readily available for personal study and application, online. Dr Arnold Ehret's books can be downloaded freely if you search for "arnold ehret books pdf". Visit rawfigs.com for Dr Robert Morse videos which can be searched through by keywords via the search bar. Familiarise yourself with their teachings and protocols and move forward as you put this journal to use. Throughout our healing journeys, we found the process of recording our progress to be of great help. Our journals also helped us in note-taking of anything that we found useful, along with any tips and hacks that we came across. We felt inspired to create a personalised 30 day journal for your condition encouraging you to track your thoughts, feelings, progress and knowledge as you enjoy success and fulfillment on your journey of self healing. One of the key conclusions that we reached through our individual journeys was that whether you are a sufferer of Bald Tongue, or any other condition, the same protocol that we used to heal will apply to you. However, dependant on the severity and time endured, you may need to follow the protocols for longer, using specific herbs (and glandulars) in order to achieve positive results, but you can make your own adjustments as you learn more. Equipped with the information found on this page, we trust that you will benefit greatly from this journal and reach your goals. Use it to keep yourself accountable, use it for noting down useful information that you discover, whilst recording the raw vegan foods (fruit, vegetables, herbs) that you eat and juice. Record daily routines such as time spent fasting, time spent eating, water consumed, sauna or lymph moving exercises performed, and anything else that you find to be supportive. You will never miss a moment now and remain focused on your goals. We wish you all the best. The Health Formation Team

Our words can be so cruel. Used wrongly, they can discourage people, cut open the heart and destroy someone's self-confidence—even ignite a fire and drive crowds to violence. And once they're spoken, they can never be recalled. Words enter our ears and burrow themselves deep into our hearts ... often never to be forgotten. It's little wonder that the Bible instructs us to control our tongues. Inspired by James 3:1-12, and filled with 40 engaging stories and dozens of relevant Scriptures, this book encourages you to use your speech positively—speaking kindness, sharing words that heal, expressing love, and praising God.

The mind is very magical, especially when we know how to navigate through it. Combining the magical power of thought with the intense power of the tongue can help lead one into manifesting and healing their reality in magical ways. First, it starts with understanding how the vibration of thought works and how the laws of the Universe follow up with matching vibrations to manifest one's reality. Whether it is intentional or unintentional, we may often find ourselves either sabotaging our desires by thinking and speaking death into our reality or manifesting our desires by thinking and speaking life. In this book, we will shed light on it all. This book will unlock the basic concepts of the Universal Laws and how they are encoded into the very fabric of creation, which is intelligently mirrored in our DNA. We will discover techniques and the basic sacred geometry used in the self-healing process. As you begin to learn how to change your thoughts, you can learn how to heal yourself and co-create your desired reality. This book provides a step-by-step guide on how to self-clear energetic blockages which usually manifest themselves as some form of physical illness. At times, these illnesses can become crippling, which then prevents you from living your best life and serving your divine life purpose. This author provides special techniques which can help you gain your life back by exposing the importance of protecting your energetic field and removing energetic blockages that are usually caused by past energetic traumas still lodged in your auric field. All things are made up of energy. No matter the person's spiritual background, this author cleverly takes the reader through the basic metaphysical concepts on how energy works and provides the reader with simple spiritual analogies and techniques that any beginner can understand after being introduced to these concepts for the first time. This book awakens the reader to their inner power and sheds light on the activation of one's natural born gifts, helping the reader navigate their way towards healing their past and changing the course to healing their future.

Healing with Jesus Christ is an amazing story based on true events. It is a story of courage, resilience, and faith while facing adversity but only proves that Jesus Christ is still the great healer. Rosalia gives her inspiring testimony about how Jesus Christ rescued her from death and how he walked with her through a successful recovery after a brain aneurysm almost took her life, but by the grace and mercy of God, she lives to tell us about the miracle of her recovery process with the Lord Jesus Christ. She thought her end was coming, but when she started her relationship with Jesus Christ, what seemed like an end turned into her new beginning.
