### **SPECIAL EDUCATION**

Simon and Schuster

The purpose of this book is to honor the fundamental contributions to many different areas of statistics made by Barry Arnold. Distinguished and active researchers highlight some of the recent developments in statistical distribution theory, order statistics and their properties, as well as inferential methods associated with them. Applications to survival analysis, reliability, quality control, and environmental problems are emphasized.

The Metamorphosis is a novella by Franz Kafka, first published in 1915. It has been cited as one of the seminal works of fiction of the 20th century and is studied in colleges

and universities across the Western world. The story begins with a traveling salesman, Gregor Samsa, waking to find himself transformed (metamorphosed) into a large, monstrous insect-like creature. The cause of Samsa's transformation is never revealed, and Kafka himself never gave an explanation. The rest of Kafka's novella deals with Gregor's attempts to adjust to his new condition as he deals with being burdensome to his parents and sister, who are repulsed by the horrible, verminous creature Gregor has become.

The Accident Emerald Group Publishing  
"THE CODE OF LEKE DUKAGJINI is a great cultural treasure, comparable to the chapters of The Old Testament." "It provides deep insights into the ancient society of the Albanians, their somber dignity & their magnificent sense of honor."--David Binder, The New York Times. "This legal system was established & passed on to future generations as a

common law by Leke Dukagjini, a co-fighter of the legendary Skenderbeg." "The 'Besa' or the 'word of honor' as stated in THE CODE OF LEKE DUKAGJINI which means peace & protection to those whom it is given, has become today an important fighting tool in the political struggle of Kosovo's Albanians against Serb oppression."--Victor Meier, The Frankfurter Allgemeine Zeitung. "The legal Code of the Albanians known by them for a thousand years, is one of the most original in the history of mankind. Among the basic pillars of this code are the equality of men before the code & the non-abuse of justice." "The entire essence of the legal code of the Albanians is an unparalleled rigorous respect for this basic principle: non-violation of the dignity of a man- his honor, home, & life."--Ismail Kadare, Albanian writer.  
The Loser Harper Collins  
Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose

nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy. *Pinocchio, The Tale of a Puppet* is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinocchio. It includes 40 illustrations.

**Morfologjia** Trafford Publishing  
Examines the Albanian populations of Serbia, Kosovo, Montenegro, Macedonia, and Albania. *A Christian Directory, Or,*

*a Body of Practical Divinity and Cases of Conscience; Volume 2* Harvard University Press  
New York Times Bestseller  
A collection of essays spanning politics, criticism, and feminism from one of the most-watched young cultural observers of her generation, Roxane Gay. "Pink is my favorite color. I used to say my favorite color was black to be cool, but it is pink—all shades of pink. If I have an accessory, it is probably pink. I read Vogue, and I'm not doing it ironically, though it might seem that way. I once live-tweeted the September issue." In these funny and insightful essays, Roxane Gay takes us through the journey of her evolution as a woman (Sweet Valley High) of color (*The Help*) while also taking readers on a ride through culture of the last few years (*Girls*, *Django in Chains*) and commenting on the state of feminism today (abortion, Chris Brown). The portrait that emerges is not only one of an incredibly insightful woman continually growing to understand herself and our society, but also one of our culture. *Bad Feminist* is a sharp, funny, and spot-on look at the ways in which the culture we consume

becomes who we are, and an inspiring call-to-arms of all the ways we still need to do better.

**Ang Ikaklit sa aming Hardin** John Wiley & Sons

The new book from the winner of the inaugural International Man Booker Prize is a modern-day love story of powerful obsession set against the background of dark political intrigue. On the autobahn in Vienna a taxi leaves the carriageway and strikes the crash barrier, flinging its male and female passengers out of its back doors as it spins through the air. The driver cannot explain why he lost control; he only says that the mysterious couple in the back seat seemed to be about to kiss . . . Set against the tumultuous backdrop of war and its aftermath in the Balkans, *The Accident* intimately documents an affair between two people caught in each other's webs. The investigation into their deaths uncovers a mutually destructive obsession that mirrors the conflicts of the region. A destabilizing mixture of vivid hallucination and cold reality, Ismail Kadare's new novel is a bold and fascinating departure.

*Young Children's Rights* Stanford University Press

Traditionally, legal problems arising in connection with international business transactions had to be solved by a national law. This view was challenged in post war scholarly writing and transnational practice. It was argued that transnational rules (such as transnational contracts, general conditions, trade usages, general principles, uniform rules, arbitral cases) should be applied instead. Often, these transnational rules are referred to as *lex mercatoria*. This volume analyzes the different legal approaches to international business problems (including the theory of *lex mercatoria*) as well as their implications for international practice. As such, the relevance and importance of substantive law and conflict of laws and of national, international and transnational rules are discussed both with regard to their application by national courts and by international commercial arbitrators.

As Pollyanna grows up she continues her philosophy of gladness, bringing happiness to all those

around her.

**A Novel** Anchor Canada  
An old woman is awoken in the dead of night by knocks at her front door. The woman opens it to find her daughter, Doroutine, standing there alone in the darkness. She has been brought home from a distant land by a mysterious rider she claims is her brother Konstandin. But unbeknownst to her, Konstandin has been dead for years. What follows is chain of events which plunges a medieval village into fear and mistrust. Who is the ghost rider?

### **PERSPECTIVES ON A LITERARY PHENOMENON**

Bond Street Books  
Now available in paper, The Ivory Tower and Harry Potter is the first book-length analysis of J. K. Rowling's work from a broad range of perspectives within literature, folklore, psychology, sociology, and popular culture. A significant portion of the book explores the Harry Potter series' literary ancestors, including magic and fantasy works by Ursula K. LeGuin, Monica Furlong, Jill Murphy, and others, as

well as previous works about the British boarding school experience. Other chapters explore the moral and ethical dimensions of Harry's world, including objections to the series raised within some religious circles. In her new epilogue, Lana A. Whited brings this volume up to date by covering Rowling's latest book, *Harry Potter and the Order of the Phoenix*.

This collection of 1,001 English idioms is a highly useful tool for students of the English language. The Idioms are divided into eighteen relevant topics: Food, Body, Animals, Money, Comparison, Nature, Colors, Numbers, Love and War, Clothes, Home, Work, World, School, Sports, People, and Country. Each unit consists of a wide selection of idioms that are explained and used in great examples to clearly illustrate the true point of each idiom. Each unit is followed by practice exercises to help the students reinforce the use and meaning of the idioms. This book is also a highly reference tool for teachers of English as a second language.

**MASTER YOUR****ENGLISH** Canongate Books

The architecture of the human language faculty has been one of the main foci of the linguistic research of the last half century. This branch of linguistics, broadly known as Generative Grammar, is concerned with the formulation of explanatory formal accounts of linguistic phenomena with the ulterior goal of gaining insight into the properties of the 'language organ'. The series comprises high quality monographs and collected volumes that address such issues. The topics in this series range from phonology to semantics, from syntax to information structure, from mathematical linguistics to studies of the lexicon.

Men Explain Things to Me Skyhorse

From Ismail Kadare, winner of the inaugural Man Booker International Prize - a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie - the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to

negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow - of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never

went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

**The Successor** Walter de Gruyter GmbH & Co KG  
An English version of a novel by Fatos Kongoli. Why does Thesar Lumi disembark from the refugee ship to Italy and return to his home town? The question posed at the beginning of this compelling novel is answered as his life story is gradually revealed.

**The Rise of Iskander** Springer Science & Business Media

The bestselling classic that redefined our view of the relationship between beauty and female identity. In today's world, women have more power, legal recognition, and professional success than ever before. Alongside the evident progress of the women's movement, however, writer and journalist Naomi Wolf is troubled by a different kind of social control, which, she argues, may prove just as restrictive as the traditional image of homemaker and wife. It's the beauty myth, an obsession with physical perfection that traps the

modern woman in an endless spiral of hope, self-consciousness, and self-hatred as she tries to fulfill society's impossible definition of "the flawless beauty."

**Contemporary Perspectives for School Professionals** Casemate Publishers

When it was first published in the author's native country, *THE PALACE OF DREAMS* was immediately banned. The novel revolves around a secret ministry whose task is not just to spy on its citizens, but to collect and interpret their dreams. An entire nation's unconscious is thus tapped and meticulously laid bare in the form of images and symbols of the dreaming mind.

**Exploring Beliefs, Principles and Practice**

Litres  
Guerilla i Albanien under 2.verdenskrig især i årene 1943-45. De albanske

styrker var støttet af engelske kommandotropper. *The Ghost Rider* Pollyanna  
Published in association with Save the Children  
Priscilla Alderson examines the often overlooked issue of the rights of young children, starting with the question of how the 1989 UN Convention on the Rights of the Child applies to the youngest children, from birth to eight years of age. The question of finding a balance between young children's rights to protection, to provision (resources and services) and to participation (expressing their views, being responsible) is discussed. The author suggests that, in the belief we are looking after their best interests, we have become overprotective of children and deny them the freedom to be expressive,

creative and active, and that improving the way adults and children communicate is the best way of redressing that balance. This second edition has been updated and expanded to include the relevance of UNCRC rights of premature babies, international examples such as the Chinese one-child policy, children's influence on regional policies, and the influence on young children's lives of policies such as Every Child Matters and those of the World Bank, IMF, OECD and UNICEF. This readable, informative and thought-provoking book is a compelling invitation to rethink our attitudes to young children's rights in the light of new theories, research and practical evidence about children's daily lives. It will be of interest to anyone who works with young children.
