A reader's fictional tour of the art and lives of some of the great 20th-century Surrealists An author (a version of Vila-Matas himself) presents a short "history" of a secret society, the Shandies, who are obsessed with the concept of "portable literature." The society is entirely imagined, but in this rollicking, intellectually playful book, its members include writers and artists like Marcel Duchamp, Aleister Crowley, Witold Gombrowicz, Federico García Lorca, Man Ray, and Georgia O'Keefe. The Shandies meet secretly in apartments, hotels, and cafes all over Europe to discuss what great literature really is: brief, not too serious, penetrating the depths of the mysterious. We witness the Shandies having adventures in stationary submarines, underground caverns, African backwaters, and the cultural capitals of Europe.

In this lively and varied tribute to Martin Banham, Layiwola has assembled critical commentaries and two plays which focus primarily on Nigerian theatre - both traditional and contemporary. Dele Layiwola, Dapo Adelugba and Sonny Oti trace the beginnings of the School of Drama in 1960, at the University of Ibadan, Nigeria, where Martin Banham played a key and influential role in the growth of thriving Nigerian theatre repertoire and simultaneously encouraging the creation of a new theatre based on traditional Nigerian theatre forms. This comparative approach is taken up in Dele Layiwola's study of ritual and drama in the context of various traditions worldwide, while Oyin Ogunba presents a lucid picture of the complex use of theatre space in Yoruba ritual dramadar drama. Harsh everyday realities, both physical and political, are graphically demonstrated by Robert McClaren (Zimbabwe) and Oga Steve Abah (Nigeria) who both show surprising and alarming links between extreme actual experiences and theatre creation and performance. The texts of the two plays - When Criminals Turn Judges by Ola Rotimi, The Hand that Feeds the King by Wale Ogunyemi, are followed by Austin O. Asagba's study of oral tradition and text in plays by Osofisan and Agbeyegbe, and Frances Harding's study on power, language, and imagery in Wole Soyinka's plays.

Most of us love reading about crime in the newspapers, and reading stories about Sherlock Holmes and the other great detectives. This book looks at some of the great crimes of history - crimes like the Lindbergh kidnapping and the Mona Lisa robbery. It also looks at some great criminals, like the poisoner Dr Crippen. Most of these crimes were solved, but some, like the assassination of President Kennedy, still hold their mysteries. [Nivel Intermedio B2. Kojin Karatani wrote the essays in *History and Repetition* during a time of radical historical change, triggered by the collapse of the Cold War and the death of the Showa emperor in 1989. Reading Karl Marx in an original way, Karatani developed a theory of history based on the repetitive cycle of crises attending the expansion and transformation of capital. His work led to a rigorous analysis of political, economic, and literary forms of representation that recast historical events as a series of repeated forms forged in the transitional moments of global capitalism. *History and Repetition* cemented Karatani's reputation as one of Japan's premier thinkers, capable of traversing the fields of philosophy, political economy, history, and literature in his work. The first complete translation of *History and Repetition* into English, undertaken with the cooperation of Karatani himself, this volume opens with his innovative reading of *The Eighteenth Brumaire of Louis Bonaparte*, tracing Marx's early theoretical formulation of the state. Karatani follows with a study of violent crises as they recur after major transitions of power, developing his theory of historical repetition and introducing a groundbreaking interpretation of fascism (in both Europe and Japan) as the spectral return of the absolutist monarch in the midst of a crisis of representative democracy. For Karatani, fascism represents the most violent materialization of the repetitive mechanism of history. Yet he also seeks out singularities that operate outside the brutal inevitability of historical repetition, whether represented in literature or, more precisely, in the process of literature's demise. Closely reading the works of Oe Kenzaburo, Mishima Yukio, Nakagami Kenji, and Murakami Haruki, Karatani compares the recurrent and universal with the singular and unrepeatable, while advancing a compelling theory of the decline of modern literature. Merging theoretical arguments with a concrete analysis of cultural and intellectual history, Karatani's essays encapsulate a brilliant, multidisciplinary perspective on world history.

A novel about race, sex, class, and love—from an author at the beginning of a major career—Tomi Obaro's sparkling debut tells the story of three once-inseparable college friends in Nigeria who reunite for the first time in thirty years at a lavish wedding in Lagos for one of their daughters. Funmi, Enitan, and Zainab first meet at university in Nigeria and become friends for life despite their differences. Funmi is beautiful, brash, and determined; Enitan is homely and eager, seeking escape from her single mother's smothering and needy love; Zainab is elegant and reserved, raised by her father's first two wives after her mother's death in childbirth. Their friendship is complicated but enduring, and over the course of the novel, the reader learns about their loves and losses. How Funmi stole Zainab's boyfriend and became pregnant, only to have an abortion and lose the boyfriend to police violence. How Enitan was seduced by an American Peace Corps volunteer, the only one who ever really saw her, but is culturally so different from him—a Connecticut WASP—that raising their daughter together put them at odds. How Zainab fell in love with her teacher, a friend of her father's, and ruptured her relationship with her father to have him. Now, some thirty years later, the three women are reunited for the first time, in Lagos. The occasion: Funmi's daughter, Destiny, is getting married. Enitan brings her American daughter, Remi. Zainab travels by bus, nervously leaving her ailing husband in the care of their son. Funmi, hosting the weekend of elaborate festivities with her wealthy husband, wants everything to go perfectly. But as the big day approaches, it becomes clear that something is not right. As the novel builds powerfully toward the big event, the complexities of the mothers' friendship—and the private wisdom each has earned—come to bear on a riveting, heartrending moment of decision. *Dele Weds Destiny* is a sensational debut from a dazzling new voice in contemporary fiction.
