John Reynolds Gardiner's classic action-packed adventure story about a thrilling dogsled race has captivated readers for more than thirty years. Based on a Rocky Mountain legend, Stone Fox tells the story of Little Willy, who lives with his grandfather in Wyoming. When Grandfather falls ill, he is

no longer able to work the farm, which is in danger of foreclosure. Little Willy is determined to win the National Dogsled Race—the prize money would save the farm and his grandfather. But he isn't the only one who desperately wants to win. Willy and his brave dog Searchlight must face off against experienced racers, including a Native American man named Stone Fox, who has never lost a race. Exciting and heartwarming, this novel has sold millions of copies and was named a New York Times Outstanding Children's Book.

From the bestselling author of *The Bomber Mafia*: discover Malcolm Gladwell's breakthrough debut and explore the science behind viral trends in business, marketing, and human behavior. The tipping point is that magic moment when an idea, trend, or social behavior crosses a threshold, tips, and spreads like wildfire. Just as a single sick person can start an epidemic of the flu, so too can a small but precisely targeted push cause a fashion trend, the popularity of a new product, or a drop in the crime rate. This widely acclaimed bestseller, in which Malcolm Gladwell explores and brilliantly illuminates the tipping point phenomenon, is already changing the way people throughout the world think about selling products and disseminating ideas. "A wonderful page-turner about a fascinating idea that should affect the way every thinking person looks at the world." —Michael Lewis

*Little Big Men* is a study of competitive bodybuilders on the West Coast that examines the subculture from the perspective of bodybuilders' everyday activities. It offers fascinating descriptions and insightful analogies of an important and understudied subculture that has risen to widespread popularity in today's mass culture. Alan Klein conducted his field study of bodybuilding in some of the world's best-known gyms. In studying the social and political relations of bodybuilding competitors, Klein explores not only gym dynamics but also the internal and external pressures bodybuilders face. Central to his examination is the critique of masculinity. Through his study of "hustling" among bodybuilders, Klein is able to construct a social-psychological male configuration that includes narcissism, homophobia, hypermasculinity, and fascism. Because they exist as exaggerations, these bodybuilder traits come to represent one end of the continuum of modern masculinity, what Klein terms comic-book masculinity. This study is a rare foray into the critique of contemporary American macho.

Columbus called them "Indians" because his geography was faulty. But that name and, more importantly, the images it has come to suggest have endured for five centuries, not only obscuring the true identity of the original Americans but serving as an ideological weapon in their subjugation. Now, in this brilliant and deeply disturbing reinterpretation of the American past, Robert Berkhofer has written an impressively documented account of the self-serving stereotypes Europeans and white Americans have concocted about the "Indian": Noble Savage or bloodthirsty redskin, he was deemed inferior in the light of western, Christian civilization and manipulated to its benefit. A thought-provoking and revelatory study of the absolute, seemingly ineradicable pervasiveness of white racism, *The White Man's Indian* is a truly important book which penetrates to the very heart of our understanding of ourselves. "A splendid inquiry into, and analysis of, the process whereby white adventurers and the white middle class fabricated the Indian to their own advantage. It deserves a wide and thoughtful readership." —Chronicle of Higher Education "A compelling and definitive history...of racist preconceptions in white behavior toward native Americans." —Leo Marx, *The New York Times Book Review*

Two young boys encounter the best and worst of humanity during the Holocaust in this powerful read that USA Today called "as memorable an introduction to the subject as The Diary of Anne Frank." Berlin, 1942: When Bruno returns home from school one day, he discovers that his belongings are being packed in crates. His father has received a promotion and the family must move to a new house far, far away, where there is no one to play with and nothing to do. A tall fence stretches as far as the eye can see and cuts him off from the strange people in the distance. But Bruno longs to be an explorer and decides that there must be more to this desolate new place than meets the eye. While exploring his new environment, he meets another boy whose life and circumstances are very different from his own, and their meeting results in a friendship that has devastating consequences.

After falling overboard from a yacht, Sanger Rainsford swims to a nearby island. There General Zaroff, a big-game hunter who knows of Rainsford from published accounts of his hunting snow leopards in Tibet, invites him to dinner. Zaroff is bored of hunting because it no longer challenges him; he has moved to Ship-Trap Island in order to capture shipwrecked sailors. Any captives who can elude Zaroff, his manservant Ivan, and a pack of hunting dogs for three days is set free. No one has yet lasted that long, although a couple of sailors had come close. Zaroff offers sailors a choice—should they decline to be hunted, they will be handed over to Ivan, who had once been official knouter for The Great White Czar. Rainsford denounces this as barbarism, but has no way out. He reluctantly agrees to be hunted...

Alice in Wonderland (also known as Alice's Adventures in Wonderland), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influence generations of fiction writing.

Widely acclaimed as Naguib Mahfouz's best novel, Midaq Alley brings to life one of the hustling,

teeming back alleys of Cairo in the 1940s. From Zaita the cripple-maker to Kirsha the hedonistic cafe owner, from Abbas the barber who mistakes greed for love to Hamida who sells her soul to escape the alley, from waiters and widows to politicians, pimps, and poets, the inhabitants of Midaq Alley vividly evoke Egypt's largest city as it teeters on the brink of change. Never has Nobel Prize-winner Mahfouz's talent for rich and luxurious storytelling been more evident than here, in his portrait of one small street as a microcosm of the world on the threshold of modernity.

One of Real Simple's Best Books of 2018 Liam Jones was the love of Juliet's life. He was her brother's best friend, then her best friend, then the father of her little boy. In those shining weeks after Zac was born, she had never been happier and neither had Liam. And then one night, Liam disappeared without a trace. Ten-year-old Zac Hutchinson collects facts: octopuses have three hearts, Usain Bolt is the fastest man on earth. But no one will tell him what happened to his father and where he went. When Juliet, inadvertently admits that his father is the only man she's ever loved, Zac decides he is going to find him and deliver his mom the happily ever after she deserves. But Liam left for a reason, and as Zac searches for clues of his father, Juliet begins to rebuild what shattered so many years ago. An unforgettable, heart-stopping story of the secrets we keep and of love in all of its many forms.

## OF MICE AND MEN

Houghton Mifflin Harcourt

Killing the Indian Maiden examines the fascinating and often disturbing portrayal of Native American women in film. Through discussion of thirty-four Hollywood films from the silent period to the present, M. Elise Marubbio examines the sacrificial role of what she terms the "Celluloid Maiden" -- a young Native woman who allies herself with a white male hero and dies as a result of that choice. Marubbio intertwines theories of colonization, gender, race, and film studies to ground her study in sociohistorical context all in an attempt to define what it means to be an American. As Marubbio charts the consistent depiction of the Celluloid Maiden, she uncovers two primary characterizations - the Celluloid Princess and the Sexualized Maiden. The archetype for the exotic Celluloid Princess appears in silent films such as Cecil B. DeMille's *The Squaw Man* (1914) and is thoroughly established in American iconography in Delmer Daves's *Broken Arrow* (1950). Her more erotic sister, the Sexualized Maiden, emerges as a femme fatale in such films as DeMille's *North West Mounted Police* (1940), King Vidor's *Duel in the Sun* (1946), and Charles Warren's *Arrowhead* (1953). The two characterizations eventually combine to form a hybrid Celluloid Maiden who first appears in John Ford's *The Searchers* (1956) and reappears in the 1970s and the 1990s in such films as Arthur Penn's *Little Big Man* (1970) and Michael Apted's *Thunderheart* (1992). *Killing the Indian Maiden* reveals a cultural iconography about Native Americans and their role in the frontier embedded in the American psyche. The Native American woman is a racialized and sexualized other -- a conquerable body representing both the seductions and the dangers of the frontier. These films show her being colonized and suffering at the hands of Manifest Destiny and American expansionism, but Marubbio argues that the Native American woman also represents a threat to the idea of a white America. The complexity and longevity of the Celluloid Maiden icon -- persisting into the twenty-first century --

symbolizes an identity crisis about the composition of the American national body that has played over and over throughout different eras and political climates. Ultimately, Marubbio establishes that the ongoing representation of the Celluloid Maiden signals the continuing development and justification of American colonialism.
