Awakening Somatic Intelligence Parallax Press

Based on meditation practices Phillip Moffitt learned twenty years ago from Himalayan yoga master Sri Swami Balyogi Premvarni, this beautifully illustrated book is a guide to exploring the nature of mind and gaining a better understanding of experiences that arise during meditation. The Nine Bodies teachings map out a journey that starts with consciousness that arises in the physical body and is directly observable, and then travels through ever more subtle levels of consciousness to that which is not manifest and is only potential, and therefore has to be inferred. The book includes a series of mysterious illustrations that Balyogi created during his time of intense Samadhi explorations. Each illustration is a rich composition of symbols that express aspects of inner experiences that are almost impossible to express with language. Moffitt makes these teachings available for meditation students from all spiritual traditions to use as gateways for exploring the nature of mind and as additional means for tracking and classifying meditative experiences. Students of yoga will also find value in the teachings of the Nine Bodies as they provide a means for contextualizing and connecting with yogic teachings

on chakras, koshas, gunas, and the Three Bodies.

*A Gradual Awakening* Simon and Schuster

Written by meditation expert, psychotherapist, and spiritual teacher Stephan Bodian, this book takes you beyond familiar mindfulness practices by offering guided meditations and direct pointers that invite you to realize your natural state of inherent wakefulness and peace. No regular practice is required, just the willingness to open yourself to a transformative new way of experiencing life. Mindfulness has permeated our modern lives, and with good reason—it's been proven to boost mood, reduce stress, improve health, and maximize performance. But in our achievement-oriented culture, the practice of mindfulness can feel laborious and mechanical, like one more task on your endless to-do list. What if you could let go of effort and struggle and relax back into the happiness and ease that is your birthright—and is always readily available to you? Beyond Mindfulness offers teachings and practices based on the direct approach to spiritual awakening that take you beyond the mechanics of being mindful and open you to the non-dual dimension of being, where the separation between self and other reveals itself to be a painful but seductive illusion. Once you realize this new way of seeing, you'll learn how to move beyond mindfulness into awakened awareness and discover that the love, compassion, wholeness,

health, and happiness you've been seeking were there all along.

**Journey of Awakening** Simon and Schuster

An introductory guide to Insight meditation, offering exercises from two master teachers and a look into how this practice leads to compassion and a deeper understanding of self. Insight meditation is a Buddhist practice that opens the way to profound awakening in our daily lives. This introductory guide offers wisdom about how this path cultivates compassion, strengthens mindfulness, and leads to a deeper understanding of ourselves and others. It also includes exercises from these two master teachers, developed from their meditation retreats taught around the world. Joseph Goldstein and Jack Kornfield are the founders of the Insight Meditation Society in Barre, Massachusetts, and each has authored many books on meditation.

**ESSENTIAL BUDDHIST SUTRAS AND COMMENTARIES**

Shambhala Publications

Praise for Happiness Beyond Thought "Husband, father, scientist, military officer, and senior executive in industry and academia, Gary Weber has led a full and successful worldly life. Throughout all of this, Gary has relentlessly pursued a path of practice and inquiry in order to understand life and achieve enlightenment. It is rare to find one who has reached this goal, and rarer still to find such a one who has been so immersed in worldly life. With this book, Gary has successfully integrated his profound realization with traditional non-dualistic teachings, as well as insights from Zen Buddhism and modern brain research, into a practical path that uses Yoga's time-tested practices of asana, pranayama, chanting and meditation to illumine a path to enlightenment for the modern reader." -Gary Kraftsow, author of *Yoga for Wellness* and *Yoga for Transformation* "Gary Weber offers a treasure chest of practices for the serious practitioner seeking liberation. On your own journey towards awakening, savor these simple, easy to follow practices culled from Weber's study with his primary teacher Ramana Maharshi, his on-going exploration of Zen meditation practice, and the life-enhancing results of his experiments on the laboratory floor of his yoga mat." -Amy Weintraub, author of *Yoga for Depression*

**A SIMPLE AND DIRECT GUIDE TO BUDDHIST MEDITATION**

Anchor

The definitive book of meditation that will help you achieve new dimensions of stress-free living For the past thirty years, Deepak Chopra has been at the forefront of the meditation revolution in the West. *Total Meditation* offers a complete exploration and reinterpretation of the physical, mental, emotional, relational, and spiritual benefits that this practice can bring. Deepak guides readers on how to wake up to new levels of awareness that will ultimately cultivate a clear vision, heal suffering in your mind and body, and help recover who you really are. Readers will undergo a transformative process, which will result in an awakening of the body, mind, and spirit that will allow you to live in a state of open, free, creative, and blissful awareness twenty-four hours a day. With this book, Deepak elevates the practice of meditation to a life-changing quest for higher consciousness and a more fulfilling existence. He also incorporates new research on meditation and its benefits, provides practical awareness exercises, and concludes with a 52-week program of meditations to help revolutionize every aspect of your life.

**Practical Mindfulness Skills to Help You Maximize Your Strengths and Thrive in a Loud and Crazy World** Simon and Schuster

Daily dharma teachings on compassion, wisdom, mindfulness, and joy--ideal for creating moments of peace and reflection in our chaotic world. *Awaken Every Day* shares a quick dose of

everyday wisdom, encouraging us to understand the true causes of our suffering and the paths to freedom. These insightful reflections help us understand our minds, our connections to our communities, and how to become the people we aspire to be.

*Insight Meditation Sounds True*

The deceptively simple three-phase method presented here is a meditation practice that can be worked with for a lifetime. Larry Rosenberg looks to Zen, to Insight Meditation, and to the teachings of J. Krishnamurti to find three kinds of meditation that anyone can do and that complement each other in a wonderful way: (1) breath awareness, (2) breath as anchor, and (3) choiceless awareness. Having the three methods in one's repertoire gives one meditation resources for any life situation. In a time of stress, for example, one might use breath awareness exclusively. Or on an extended retreat, one might find choiceless awareness more appropriate. The three-step method has been taught to Larry's students at the Cambridge Meditation Center in Cambridge, Massachusetts, for many years. After teaching the three-step method, Larry goes on to show how to bring the awareness gained in meditation to the world off the cushion, into relationships and into all areas of daily life.

*True Love* Shambhala Publications

Find the practice that's right for you with this exploration of the many paths of meditation—from mantra, prayer, singing, visualizations, and "just sitting" to movement meditations such as tai chi "Everyone has experienced a moment of pure awareness. A moment without thinking 'I am aware' or 'that is a tree.' Such moments bring a sense of rightness, of clarity, of being at one. Such moments are the essence of meditation."—Ram Dass Ram Dass is an American psychologist and spiritual teacher who has studied and practiced meditation for many years. Here he shares his understanding and suggests how you can find methods suitable for you. He illuminates the stages and benefits of meditative practice, and provides wise and often humorous advice on overcoming difficulties along the way.

**Pause, Breathe, Smile** New Harbinger Publications

Genuine well-being is not expensive. True happiness is not about acquiring anything, but rather about opening to the natural joy and aliveness right inside you. Baraz and Alexander show readers how to find happiness by training their mind to learn new ways of thinking. Much of the material includes Buddhist philosophy drawn from Baraz's years as a Buddhist meditation teacher and spiritual counselor.

**Awaken Every Day** Bantam

For overscheduled professionals looking to incorporate mindfulness into their daily lives, this bestselling, step-by-step guide draws on contemplative traditions, modern neuroscience, and leading psychology to bring peace and focus to the home, in the workplace, and beyond. Designed for busy professionals looking to integrate mindfulness into their daily lives, this ultimate guide draws on contemplative practice, modern neuroscience, and positive psychology to bring peace and focus to the home, in the workplace, and beyond. In this enriching book, noted mindfulness expert and international teacher and business leader Laurie J. Cameron - a veteran of the Search Inside Yourself Leadership Institute, a Senior Fellow at the Center for the Advancement of Well-Being at George Mason, and 20-year mindfulness meditation practitioner- shows how to seamlessly weave mindfulness and compassion practices into your life. Timeless teachings, compelling science and straightforward exercises designed for busy schedules -- from waking up to joy, the morning commute, to back-to-back meetings and evening dinners - show how mindfulness practice can help you navigate life's complexity with mastery, clarity and ease. Cameron's practical wisdom and concrete how-to steps will help you make

the most of the present moment, creating a roadmap for inner peace - and a life of deeper purpose and joy.

*Mindfulness* National Geographic Books

THE LIFE-CHANGING BESTSELLER - OVER 1.5 MILLION COPIES SOLD 'A deeply compassionate guide to self-care - simple and profound' Sir Kenneth Branagh 'If you want to free yourself from anxiety and stress, and feel truly at ease with yourself, then read this book' Ruby Wax Authoritative, beautifully written and much-loved by its readers, *Mindfulness: A practical guide to finding peace in a frantic world* has become a word-of-mouth bestseller and global phenomenon. It reveals a set of simple yet powerful practices that you can incorporate into daily life to break the cycle of anxiety, stress unhappiness and exhaustion. It promotes the kind of happiness that gets into your bones and allows you to meet the worst that life throws at you with new courage. *Mindfulness* is based on mindfulness-based cognitive therapy (MBCT). Co-developed by Professor Mark Williams of Oxford University, MBCT is recommended by the UK's National Institute for Health and Care Excellence and is as effective as drugs for preventing depression. But, equally, it works for the rest of us who aren't depressed but who are struggling to keep up with the relentless demands of the modern world. By investing just a few minutes each day, this classic guide to mindfulness will put you back in control of your life once again.

## MINDFULNESS

North Atlantic Books

A sweeping field guide to the practice of mindfulness. From Acceptance to Zafu, *Mindfulness A to Z* offers a wealth of inspirational advice and practical instruction on how to bring mindfulness fully into your life. In each entry, Dr. Kozak combines his personal insights and expert guidance on all aspects of mindfulness meditation. *Mindfulness A to Z* presents a multifaceted look at living mindfully in our hectic world, whether dealing with internal conflict, such as fear of missing out, technical problems, such as how to meditate comfortably, or everyday joys such as finding your smile. Whether you devour the whole book in one sitting, or read an entry a day, *Mindfulness A to Z* will be a great resource for building better practices in your daily life.

**Awakening of the Heart** Simon and Schuster

*Awakening of the Heart* is a comprehensive, single volume collection of the Buddha's key sutras, translated with contemporary commentary by Zen Master Thich Nhat Hanh. It is an essential complement to *Happiness*, the bestselling collection of meditation and mindful practices released in 2009. *Awakening of the Heart* captures the heart of Buddhist wisdom and Thich Nhat Hanh's unique talent to make the Buddha's teachings accessible and applicable to our daily lives and times. This is a wonderful gift for anyone looking to deepen their practice and understanding of the teachings, as well as a unique resource to understand the fundamentals of Buddhism from its source. With a new introduction and updated commentary, *Awakening of the Heart* contains the following sutras: Prajnaparamita Heart Sutra, Diamond Sutra, Sutra On Full Awareness Of Breathing, Sutra On The Four Establishments Of Mindfulness, Sutra On The Better Way To Catch A Snake, Sutra On The Better Way To Live Alone , Sutra On The Eight Realizations Of The Great Beings, Discourse On Happiness, Teachings On the Middle Way.

*Awake at Work* Parallax Press

For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the

twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

[The Art and Practice of Embodied Mindfulness](#) New World Library Discover why people like Russel Simmons Jr, Jennifer Aniston, Phil Jackson and Brad Pitt all incorporate the life-changing practice of Buddhism into their lives. Mindfulness meditation is everywhere these days, from the therapy couch to the Google campus, from prisons to athletic events. But what are the origins of this surge in mindfulness? What kind of worldview and lifestyle went along with these ancient techniques of meditative training? And, beyond the questionable metaphysics and well-worn pop-psychology bromides, what is meditation actually for? This book explores the Buddhist ideas behind the mindfulness techniques that have seen such a groundswell of popularity. It covers meditation not just as a body of techniques for relaxation and stress relief to accessorize our busy modern lives, but as part of a radical system of self-transformation that offers the possibility of profound liberation. In this book, the Buddhist system and the ideas behind it are presented, not as a religion that's asking for your allegiance, but as a body of theory and practice geared towards fostering an inner revolution. Buddhism for beginners will teach you: The worldview underpinning Buddhist meditation techniques, and what those techniques were actually intended for. The principles that guide a life lived genuinely, gracefully, and compassionately. What meditation is all about in the context of the Buddhist path, and how to get into the practice of working with your mind. A surprising vision of the self, the mind, and the nature of human experience that can fundamentally alter the way you look at the world. Don't hesitate. To start on a journey that could deeply transform how you relate to your world, scroll up and grab your copy right now. Check out some of the testimonials below: "If I had the choice of being lectured about Buddhism or reading a book, I'd pick this specific book because it is so nicely written. It starts out pretty slow paced introducing a bunch of concepts related to Buddhism before moving towards meditation and the like. It sucked me in right away and I continued flipping page after page nonstop. Reading in a quiet room sure helped and I felt this great sense of calmness. It's pretty amazing!" "If you are beginning to practice Buddhism or are contemplating doing so, this book is a great place to start. It is the perfect book to give to friends or family members who are not familiar with Buddhism but want to understand your newfound spirituality. This book was extremely easy for me to understand and I fully as though the concepts presented were something that I could begin to apply now and by my own unaided strength. I would recommend this book to anyone else who is curious about Buddhism regardless of whether or not you intend on making Buddhism part of your life." - SCROLL UP AND CLICK THE ORANGE BUTTON NOW!

[The Way of Effortless Mindfulness](#) Harmony

It is possible to access the same sense of well-being, clarity, inner freedom, and loving connection realized by the world's meditation masters. We can do this by shifting our awareness in the midst of our daily lives. *Shift into Freedom* presents innovative teacher Loch Kelly's training manual for actively

participating in the evolution of your own consciousness. Synthesizing insights from neuroscience and psychology with wisdom from the world's contemplative traditions, *Shift into Freedom* offers an accessible and remarkably powerful series of meditations that lead us to a little-known natural capacity called "awake awareness." Through an unfolding process of "small glimpses, many times," these exercises shift us from a thought-based knowing to an awareness-based way of operating in the world. With continued practice, we learn to "unhook" from our customary home in our ego-based identity—and then sustain an embodied presence and relatedness known as "open-hearted awareness." Loch Kelly teaches that this is "the meeting place of awakening and growing up, where we have the capacity to handle a fully emotional, intimate life and act with authenticity and compassion." Learn more about:

- How to separate awareness from thinking to realize that thoughts and emotions are not the center of who we are
- How insights from neuroscience can help us learn how to embody awakening
- Ego-identification, a pattern of thought that co-opts the body's boundary program and creates a mistaken identity
- The paradox of "being home while returning home"
- Finding the off-switch for the chattering mind
- How to intentionally and immediately shift into peace of mind any time of your day
- Awakening as a natural process of human development, which unfolds as waking up, waking in, and waking out
- Meditation practices for all phases of the journey of awakening and embodiment
- Four stages of spiritual growth: recognition, realization, stabilization, and expression
- Untying the "knots" in our mindbody system to liberate us from our deepest doubts and fears
- How to move from deliberate mindfulness to effortless mindfulness and heart mindfulness
- How to effortlessly focus without using attention
- Discovering your innate happiness that is not dependent on circumstances
- How to welcome and liberate sub-personalities after initial awakening
- A user's manual for your consciousness to help you free yourself from the limits of ego-identification and live from open-hearted awareness

[The Mindful Day](#) Shambhala Publications

Awarded the 2016 Nautilus Gold Medal for Parenting and Family! Spirit Rock founder, author, and teacher James Baraz's *Awakening Joy* offers his large and devoted readership a program to gain contentment and happiness by cultivating the seeds of joy within. Here he joins with Michele Lilyanna, a classroom teacher for 25 years, to offer caregivers and children ways to find joy in each day together. This unique offering nourishes both adults and kids. James shares the practices for the adults—parents, caregivers, and teachers. Michele offers her own experiences as a parent and as a teacher, showing how the themes work with kids, followed by the tried and true lessons that she's used herself in the classroom and at home. Packed with practices and activities that James and Michele have gathered over their many years of working with thousands of adults and children in retreats, workshops, and the classroom, *Awakening Joy for Kids* is imbued with compassion and delight. Part of Parallax Press' growing curriculum for parents and educators designed to cultivate joy and mindfulness in children.

**A Heart Full of Peace** Hachette Books

Mindfulness is a scientifically proven method to reduce stress and anxiety whilst giving us a greater appreciation of the world and increasing personal well-being. Mindfulness now has a wealth of scientific evidence proving the benefits associated with it, and

this book combines the science with simple and concise exercises to enable you to make a lasting positive change to your life. Mindfulness practices have been around for roughly 2500 years. Over the centuries, the practices have taken on different forms, but the foundational purpose has always remained the same. Mindful meditation is meant to end suffering and to teach us to live in the moment. In addition to this being a Buddhist based practice, the practice of mindful meditation has been noticed in the scientific and medical communities. The benefits to using mindfulness are fantastic and now there is scientific evidence to back up the powerful, centuries old healing practice. Mindfulness is a form of awareness, a way of life, a new way to be free of stress and anxiety. It is experiencing your thoughts, sensations and emotions without trying to control them. Its virtues have been expounded by everyone from the Buddha to modern medical practitioners. This book includes: *The Science of Mindfulness* *How Mindfulness Can Help You Find Inner Peace* *Awakening and Meta-Awareness* *Benefits of Meditation* *Practicing the Basics of Mindful Meditation* *How Mindfulness is Beneficial to the Practitioner* *Mindful Meditative Practice* and *Simple Exercise Examples* and much more!

*Essays on Buddhist Mindfulness Practice*. An inspiring and very accessible compilation of essays and edited talks on the Buddhist practice of mindfulness. As Gil Fronsdal states, "the search for the issue at hand is the search for what is closest at hand, for what is directly seen, heard, smelt, tasted, felt, and cognized in the present." Gil brings the practice of mindfulness not only to formal meditation but to all the varying aspects of every day life. [35 Practical Buddhist Principles for Discovering Clarity and Balance in the Mids t of Work's Chaos](#) *Sounds True*

The mind contains the seeds of its own awakening—seeds that we can cultivate to bring forth the fruits of a life lived consciously. With *Mindfulness*, Joseph Goldstein shares the wisdom of his four decades of teaching and practice in a book that will serve as a lifelong companion for anyone committed to mindful living and the realization of inner freedom. Goldstein's source teaching is the Satipatthana Sutta, the Buddha's legendary discourse on the four foundations of mindfulness that became the basis for the many types of Vipassana (or insight meditation) found today. Exquisite in detail yet wholly accessible and relevant for the modern student, *Mindfulness* takes us through a profound study of: Ardency, clear knowing, mindfulness, and concentration—how to develop these four qualities of mind essential for walking the path wisely The Satipatthana refrain—how deeply contemplating the four foundations of mindfulness opens us to bare knowing and continuity of mindfulness Mindfulness of the body, including the breath, postures, activities, and physical characteristics Mindfulness of feelings—how the experience of our sense perceptions influences our inner and outer worlds Mindfulness of mind—learning to recognize skillful and unskillful states of mind and thought Mindfulness of dhammas (or categories of experience), including the Five Hindrances, the Six Sense Spheres, the Seven Factors of Awakening, and much more "There is a wealth of meaning and nuance in the experience of mindfulness that can enrich our lives in unimagined ways," writes Goldstein. In *Mindfulness* you have the tools to mine these riches for yourself.
