The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

The Cinema of Franceso Rosi Rowman & Littlefield

Judith Kelly looks at Levi's work in the context of testimonial literature and examines the linguistic expression of the author's Auschwitz experience. The moral and philosophical nature of humanity within the camp is investigated. In particular, there is a comparison between If this is Man and a co-authored medico-scientific report, and a consideration of sources and motifs which provide the cultural framework for the authors expression of his experiences.

Memory and Mastery Berg

"All art and the love of art," Victor Brombert writes at the beginning of the deeply personal Musings on Mortality, "allow us to negate our nothingness." As a young man returning from World War II, Brombert came to understand this truth as he immersed himself in literature. Death can be found everywhere in literature, he saw, but literature itself is on the side of life. With delicacy and penetrating insight, Brombert traces the theme of mortality in the work of a group of authors who wrote during the past century and a half, teasing out and comparing their views of death as they emerged from vastly different cultural contexts. Leo Tolstoy, Thomas Mann, Franz Kafka, Virginia Woolf, Albert Camus, Giorgio Bassani, J. M. Coetzee, and Primo Levi—these are the writers whose works Brombert plumbs, illuminating their views on the meaning of life and the human condition. But there is more to their work, he shows, than a pervasive interest in mortality: they wrote not only of physical death but also of the threat of moral and spiritual death—and as the twentieth century progressed, they increasingly reflected on the traumatic events of their times and the growing sense of a collective historical tragedy. He probes the individual struggle with death, for example, through Tolstoy's Ivan Ilych and Mann's Aschenbach, while he explores the destruction of whole civilizations in Bassani, Camus, and Primo Levi. For Kafka and Woolf, writing seems to hold the promise of salvation, though that promise is seen as ambiguous and even deceptive, while Coetzee, writing about violence and apartheid South Africa, is deeply concerned with a sense of disgrace. Throughout the book, Brombert roots these writers' reflections in philosophical meditations on mortality. Ultimately, he reveals that by understanding how these authors wrote about mortality, we can grasp the full scope of their literary achievement and vision. Drawing deeply from the well of Brombert's own experience, Musings on Mortality is more than mere literary criticism: it is a moving and elegant book for all to learn and live by.

The Hidden Groundwork of Agency in His Auschwitz Writings University of Toronto Press

"This book examines how Holocaust has been and continues to be presented in film, including documentaries, feature films, and television productions. It contains a chronology of events to give the films and their reception a historical context, as well as an introductory essay, a bibliography, a filmography of more than 600 titles, and more than 100 cross-referenced dictionary entries on films, directors, and historical figures. Foreign-language, experimental, and canonical films are included."--Back cover.

Primo Levi, Holocaust survivor and renowned memoirist, is one of the most widely read writers of post-World War II Italy. His works are characterized by the lean, dispassionate eloquence with which he approaches his experience of incarceration in Auschwitz. His memoirs--as well as his poetry and fiction and his many interviews--are often taught in several fields, including Jewish studies and Holocaust studies, comparative literature, and Italian language and literature, and can enrich the study of history, psychology, and philosophy. The first part of this volume provides instructors with an overview of the available editions, anthologies, and translations of Levi's work and identifies other useful classroom aids, such as films, music, and online resources. In the second part, contributors describe different approaches to teaching Levi's work. Some, in presenting Survival in Auschwitz, The Reawakening, and The Drowned and the Saved, look at the place of style in Holocaust testimony and the reliability of memory in autobiography. Others focus on questions of translation, complicated by the untranslatable in the language and experiences of the concentration camps, or on how Levi incorporates his background as a chemist into his writing, most clearly in The Periodic Table.

Italian Film in the Shadow of Auschwitz Springer

A biography of the Italian chemist and writer discusses his divided internal life, his experience in Auschwitz, his need to tell the world about the Holocaust, and the international devastation at his apparent suicide.

THE REAWAKENING

University of Chicago Press

La tregua, continuación de Si esto es un hombre, es el libro del retorno, una odisea de la Europa entre la guerra y la paz escrita por Primo Levi en 1963, con la perspectiva de los años. Y es que, por razones que nunca se aclararon, la repatriación del puñado de supervivientes italianos de Auschwitz llevó mucho tiempo, y fue la culminación de un viaje tortuoso y absurdo por Polonia, Rusia, Ucrania, Rumanía y Hungría. La tregua despliega ante el atónito lector la infinita riqueza de la humanidad, ahora sí empeñada en sobrevivir, con sus pícaros y sus payasos, sus bandidos y sus nostálgicos del recién sucumbido régimen, sus devotos, sus exaltados, sus aspirantes, sus nuevas víctimas. Todo ello a través de los mercados clandestinos de Cracovia, los cuarteles del Ejército Rojo, la vasta tierra rusa permeada de gloria y de miseria, los bosques vírgenes, las borracheras de la soldadesca y las añoranzas de los italianos camino de casa. Esta es la crónica de un gigantesco esfuerzo colectivo, la historia de un éxito: la larga marcha de España hacia Europa, esto es, hacia la modernidad. Así presenta Joaquín Estefanía este volumen, que recoge el fruto de muchos años de atención, desde un observatorio privilegiado, al devenir de los acontecimientos políticos y económicos de España. En estas páginas, enmarcadas por un nuevo prólogo que analiza la evolución de la Unión Europea en el tiempo transcurrido desde la primera redacción de la obra, desemboca buena parte de la labor periodística realizada por el autor para el diario Informaciones y el semanario Cuadernos para el Diálogo, para Cinco Días y, sobre todo, para El País, en lo que constituye un viaje por la búsqueda del sueño europeo, y una reflexión sobre por qué sigue valiendo la pena perseguirlo. La larga marcha es, al mismo tiempo, un relato político y económico, un ensayo hemerográfico, un documento sociológico, una crónica periodística y un testimonio; pero su autor desea que se lea, ante todo, como "una mirada al servicio de la memoria y, con toda humildad, también de la historia de este último medio siglo que ha sido para buena parte de las distintas generaciones de ciudadanos españoles una suerte de utopía factible: Europa".

THE REAWAKENING (LA TREGUA)

Peter Lang

"This thesis discusses the role of language in Primo Levi's *Se questo è un uomo* and *La tregua*. On the basis of Levi's conviction that language and communication are an essential part of civilized human existence, such critics as Brian Cliff, Patricia Sayre and Linnea Vacca have focused on the role of language in the destruction of the human being in concentration camps, while Valerio Ferme and Fabio Girelli-Carasi have also underlined the power of language to regenerate a sense of humanity in Auschwitz and after. This paper attempts to integrate these two approaches to the early work of Primo Levi, and illustrates the process of linguistic destruction in Auschwitz on the one hand,

and the subsequent rebirth of communication both within Auschwitz and on Levi's long journey home, on the other. Levi's attention to language and communication provides a focus which separates his work from that of other witnesses and provides a unique vantage point from which to view his Auschwitz experience." --

Recording and Reconstruction in the Testimonial Literature Troubador Publishing Ltd

In his final book before his death, Primo Levi returns once more to his time at Auschwitz in a moving meditation on memory, resiliency, and the struggle to comprehend unimaginable tragedy. Drawing on history, philosophy, and his own personal experiences, Levi asks if we have already begun to forget about the Holocaust. His last book before his death, Levi returns to the subject that would define his reputation as a writer and a witness. Levi breaks his book into eight essays, ranging from topics like the unreliability of memory to how violence twists both the victim and the victimizer. He shares how difficult it is for him to tell his experiences with his children and friends. He also debunks the myth that most of the Germans were in the dark about the Final Solution or that Jews never attempted to escape the camps. As the Holocaust recedes into the past and fewer and fewer survivors are left to tell their stories, *The Drowned and the Saved* is a vital first-person testament. Along with Elie Wiesel and Hannah Arendt, Primo Levi is remembered as one of the most powerful and perceptive writers on the Holocaust and the Jewish experience during World War II. This is an essential book both for students and literary readers. Reading Primo Levi is a lesson in the resiliency of the human spirit.

Primo Levi has been identified in the public mind as the supreme witness to the barbarism that was the Nazi Holocaust but he was ambivalent about having that role thrust upon him. He also wished to be judged as a writer who, in addition to the autobiographical works on his experiences in the death camps, wrote poetry, produced volumes of sci-fi stories, authored novels and contributed critical

essays to newspapers on a range of topics and writers. No one has the right to ignore or downplay the 'testimony' Primo Levi offered, but it is time to examine the wider vision inherent in his work and to explore the tradition in which he operated. Levi was one of the great wisdom writers of his age, whose ethical authority, somewhat to his own embarrassment, was accepted in many fields. Several contributors to this collection of essays see him as a proponent of Enlightenment values, or as heir to a longer Humanist tradition. Even after enduring Auschwitz, he held fast to a notion of the dignity of the human person, and no man did more to re-establish, however quizzically, the secular basis for such beliefs. His overall standing as writer is the subject of this book.

Primo Levi (1919-1987) is one of Italy's most distinguished writers. A survivor of the Holocaust, his memoirs on the Nazi death camps (*If This Is a Man* and *The Truce*) are internationally recognized as among the most powerful and profound testimonies to have come out of the extermination of European Jewry. This book is the first comprehensive introduction to Levi and his writing for English-speaking readers. The author draws attention to the literary worth of Levi's entire output - not just the Holocaust testimonies for which he is primarily known - and situates his works in the context of Italian culture and society from the 1920s to the 1980s. A man with many identities - chemist, industrial manager and writer - he tried, through his writing, to build bridges between different cultures and fields of enquiry.

Survival In Auschwitz Boston : Little, Brown

As one of the best-known survivors of the concentration camps, Primo Levi's testimony to his experiences in Auschwitz is internationally recognised as one of the most significant works of the last century. This volume examines each of Levi's works in detail, assessing and analysing the influence of Levi's time in Auschwitz on his writing. It identifies a variety of thematic, temporal, stylistic and linguistic echoes of Levi's concentration camp testimony, and traces these echoes throughout his subsequent, apparently unrelated, work. The book provides original and fascinating insights into the works of this remarkable writer, giving readers a new understanding and perspective on the immense significance and the pervasive influence of the Holocaust on Levi's creative output.

NATIONAL CINEMA IN THE POSTMODERN AGE

Cambridge University Press

Providing the most complete record possible of texts by Italian writers active after 1900, this annotated bibliography covers over 4,800 distinct editions of writings by some 1,700 Italian authors. Many entries are accompanied by useful notes that provide information on the authors, works, translators, and the reception of the translations. This book includes the works of Pirandello, Calvino, Eco, and more recently, Andrea Camilleri and Valerio Manfredi. Together with Robin Healey's *Italian Literature before 1900 in English Translation*, also published by University of Toronto Press in 2011, this volume makes comprehensive information on translations from Italian accessible for schools, libraries, and those interested in comparative literature.
