"All of us need to return to Nazareth." — Pope Benedict XVI, from his visit to Nazareth, 2009 After the best-selling archaeological biography *Mary of Nazareth*, Michael Hesemann sets out once again for the Holy Land, this time seeking traces of perhaps the most mysterious figure in human history: Jesus of Nazareth, whom Christians believe to be the Son of God, the Messiah. In this unique book, Hesemann walks the streets of Israel in order to put historical, archaeological, geographical, and

scriptural research on Jesus to the test. Bible in hand, he takes readers on a stunning tour through the places Jesus lived, worked, and suffered—Bethlehem, Nazareth, Capernaum, Jerusalem—to give a concrete and colorful sense of the historical Jesus and the world he knew. Along the way, archaeologists reveal to Hesemann a host of little-known discoveries, from the apostles' boat to Herod's palace to what might be the sites of Jesus' miracles. This book brings readers face-to-face with the mystery of the Incarnation—a God who, if Scripture is right, became man and lived among us. Pack your bag and follow closely as Michael Hesemann retraces the footsteps of Jesus of Nazareth.

This book is an utterly brilliant example of Benedict XVI at his very best . As a Christian apologist

and exegete he rightly holds the highest position in the Church but as a teacher and intellectual evangelist he also excels. His deep understanding, novel insights, and clear exposition, make his work easy and rewarding to read. Anyone wanting an introduction to his work should read this and savour it. Anyone wanting an introduction to Christian thought should buy it. His literary skills alone, which transcend translation, are very considerable and enjoyable in their own right. His forensic examination of historical and theological arguments, his breadth of reading, and his ability to bring new conclusions to light are a joy.

This easy-to-use companion study guide helps the reader who approaches Pope Benedict's Jesus of Nazareth, Part Two without the benefit of extensive theological or biblical training. The goal is not to replace Benedict's book but to make it more accessible, more fruitful for the average reader—whether lay, religious or cleric.

From the man who became Pope Francis, Jorge Mario Bergoglio shares his thoughts on religion, reason, and the challenges the world faces in the 21st century with Abraham Skorka, a rabbi and biophysicist. For years Cardinal Jorge Mario Bergoglio, archbishop of Argentina, and Rabbi Abraham Skorka were tenacious promoters of interreligious dialogues on faith and reason. They both sought to build bridges among Catholicism, Judaism, and the world at large. On Heaven and Earth, originally published in Argentina in 2010, brings together a series of these conversations where both men talked about various theological and worldly issues, including God, fundamentalism, atheism, abortion, homosexuality, euthanasia, same-sex marriage, and globalization. From these personal and accessible talks comes a first-hand view of the man who would become pope to 1.2 billion Catholics around the world in March 2013.

Death and the Eternal Life (Second Edition) CUA Press

Presents three sermons on how to live as a Christian in the modern secular world, discussing the true meaning of love for God and for one's neighbor and the importance of faith, both for oneself and as a witness to others.

A series of meditations that Pope Benedict XVI wrote while he was Prefect for the Congregation of the Doctrine of Faith provides a better understanding of the true Jesus, the Jesus of the Gospels, the Christ of Christianity.

Pope Francis on Faith, Family, and the Church in the Twenty-First Century Wm. B. Eerdmans Publishing

The role that Mary plays in God's plan of salvation is an issue that over the centuries has divided Christians and their churches. In part, these differences stem from disagreements about what the New Testament says about the mother of Jesus. This book should go a long way toward solving the disputes. It is not a collection of essays but rather a collaborative statement prepared by a team of Protestant, Anglican, and Roman Catholic scholars who have reached substantial agreement on how Mary was pictured by Christians of the first two centuries. This book follows the same methodology as an earlier volume, Peter in the New Testament, produced by the same research group. The status of that first book as an ecumenical achievement of American biblical scholarship is attested to by

the welcome it received and by its translation into five foreign languages. In light of the difficulty of the subject matter, Mary in the New Testament may be an even greater achievement. If Roman Catholic and Protestant scholars can agree on what the oldest Christian sources said, is the way open for the churches to agree on a fundamental Christian attitude toward Mary? This book is written by scholars, but it is not meant only for scholars. The authors have taken pains to make the work intelligible to students, clergy, and the knowledgeable laity of their churches. It combines scientific research with a respect for Christian sensibilities.

### **IN THE BEGINNING '**

Waterbrook Press

The New York Times bestselling final volume in the Pope's Jesus of Nazareth series, detailing how the stories of Jesus' infancy and childhood are as relevant today as they were two thousand years ago. In 2007, Joseph Ratzinger published his first book as Pope Benedict XVI in order "to make known the figure and message of Jesus." Now, the Pope focuses exclusively on the Gospel accounts of Jesus' life as a child. The root of these stories is the experience of hope found in the birth of Jesus and the affirmations of surrender and service embodied in his parents, Joseph and Mary. This is a story of longing and seeking, as demonstrated by the Magi searching for the redemption offered by the birth of a new king. It is a story of sacrifice and trusting completely in the wisdom of God as seen in the faith of Simeon, the just and devout man of Jerusalem, when he is in the presence of the Christ child. Ultimately, Jesus' life and message is a story for today, one that speaks to the restlessness of the human heart searching for the sole truth which alone leads to profound joy.

Mary in the New Testament Image

In these homilies, most of which are previously unpublished, Joseph Ratzinger, now Pope Emeritus Benedict XVI, addresses the theme he has celebrated, pondered, and witnessed by his life more than any other: love. For him, love is the vital nucleus of the Church and to serve Christ is above all a question of love: "Peter, do you love me? Feed my sheep" (Jn 21:15-17). Love is also the quest of every human being on the journey toward eternity. He beautifully states, "Christianity is a movement, a journey; it is not a theory, a sum total of doctrine; Christianity is life, it is a vital impetus that carries us toward true life. . . . Someone who has found love can say: I have found life." Arranged by the liturgical seasons of the Church year, the homilies predate the author's pontificate. The earliest dates from 1970 while he was still a professor of theology. Thus, this collection traces the way Joseph Ratzinger has been enamored of the love of God throughout his years of serving the Church.

For Christians, Jesus of Nazareth is the Son of God, who died for the sins of the world, and who rose from the dead in triumph over sin and death. For non-Christians, he is almost anything else—a myth, a political revolutionary, a prophet whose teaching was misunderstood or distorted by his followers. Jesus of Nazareth is the Son of God, and no myth, revolutionary, or misunderstood prophet, insists Benedict XVI. He thinks that the best of historical scholarship, while it can't "prove" Jesus is the Son of God, certainly doesn't disprove it. Indeed, Benedict maintains that the evidence, fairly considered, brings us face-to-face with the challenge of Jesus—a real man who taught and acted in ways that

were tantamount to claims of divine authority, claims not easily dismissed as lunacy or deception. Benedict XVI presents this challenge in his new book, *Jesus of Nazareth: Holy Week: From the Entrance into Jerusalem to the Resurrection*, the sequel volume to *Jesus of Nazareth: From the Baptism in the Jordan to the Transfiguration*. Why was Jesus rejected by the religious leaders of his day? Who was responsible for his death? Did he establish a Church to carry on his work? How did Jesus view his suffering and death? How should we? And, most importantly, did Jesus really rise from the dead and what does his resurrection mean? The story of Jesus raises many crucial questions. Benedict brings to his study the vast learning of a brilliant scholar, the passionate searching of a great mind, and the deep compassion of a pastor's heart. In the end, he dares readers to grapple with the meaning of Jesus' life, teaching, death, and resurrection. "Only in this second volume do we encounter the decisive sayings and events of Jesus' life . . . I hope that I have been granted an insight into the figure of Our Lord that can be helpful to all readers who seek to encounter Jesus and to believe in Him." -Pope Benedict XVI

This major volume is a collection of the writings of Joseph Ratzinger (Pope Emeritus Benedict XVI) on the theology of the Liturgy of the Church, a subject of preeminence to him as a theologian, professor and spiritual writer. It brings together all his writings on the subject, short and long, giving his views on liturgical matters and questions over many years and from various perspectives. He chose to have his writings on the Liturgy for the first volume published of his collected works (though listed as vol. 11) because, as he says in the Introduction: "The liturgy of the Church has been for me since my childhood the central reality of my life, and it became the center of my theological efforts. I chose fundamental theology as my field because I wanted first and foremost to examine thoroughly the question: Why do we believe? But also included from the beginning in this question was the other question of the right response to God and, thus, the question of the liturgy." By starting with the theme of liturgy in this volume, Ratzinger wants to highlight God's primacy, the absolute precedence of the theme of God. Beginning with a focus on the liturgy, he said, tells us that "God is first". He quotes from the Rule of St. Benedict, "Nothing is to be preferred to the liturgy", as a way of ordering priorities for the life of the Church and of every individual. He says that the fundamental question of the man who begins to understand himself correctly is: How must I encounter God? Thus learning the right way of worshipping is the gift par excellence that is given to us by the faith. The essential purpose of his writings on the liturgy is to place the liturgy in its larger context, which he presents in three concentric circles. First, the intrinsic interrelationship of Old and New Testament; without the connection to the Old Testament heritage, the Christian liturgy is incomprehensible. The second circle is the relationship to the religions of the world. The third circle is the cosmic character of the liturgy, which is more than the coming together of a circle of people: the liturgy is celebrated in the expanse of the cosmos, encompassing creation and history at the same time.

Fr. D. Vincent Twomey, a former doctoral student of Joseph Ratzinger and long time friend of the Pope, felt the need to respond to the common question he heard often after the papal election, "What kind of person is the new Pope?" So often Twomey had read false depictions of both the man and his thought, especially the image presented by the media as a grim enforcer. Twomey offers

here a unique double presentation of the man, Pope Benedict XVI Ñ a "theological portrait" that encompasses both an overview of the writings, teachings and thought of the brilliant theologian and spiritual writer, as well as the man himself, and his personality traits and how he communicates with others. Twomey shows that the secret to the serene dignified behavior of Benedict is that he is open to beauty as much as truth, that he lives outside himself, and is not preoccupied with his own self. He also is a man that Twomey says "has the courage to be imperfect", showing he has a deep humility and strives for teaching the truth even when misunderstood or not presented as well as he would like.

"Esole signals with this book his presence in the top rank of authors of cultural criticism."

—American Spectator Play dates, soccer practice, day care, political correctness, drudgery without facts, television, video games, constant supervision, endless distractions: these and other insidious trends in child rearing and education are now the hallmarks of childhood. As author Anthony Esole demonstrates in this elegantly written, often wickedly funny book, almost everything we are doing to children now constricts their imaginations. *Ten Ways to Destroy the Imagination of Your Child* takes square aim at these accelerating trends. This practical, insightful book is essential reading for any parent who cares about the paltry thing that childhood has become, and who wants to give a child something beyond the dull drone of today's culture.

St. Paul is one of the most important figures in Christian history. As Saul of Tarsus he vigorously persecuted Christianity, even collaborating in the death of Christianity's first martyr, Stephen. His encounter with the resurrected Jesus on the road to Damascus changed Paul's life, the Christian Church, and world history. More than anyone else in the early Church, Paul saw the universal nature of the Christian message. He became the "Apostle to the Gentiles" and the "Teacher of the Nations". As the human author of half of the New Testament, Paul is a figure who cannot be overlooked by anyone who wants to understand Jesus Christ and Christianity. In this book, Pope Benedict XVI, a profound spiritual leader in his own right and a first-rate theologian and Bible commentator, explores the legacy of Paul. Pope Benedict follows the course of the Apostle's life, including his missionary journeys and his relationship with the other apostles of Jesus such as St. Peter and St. James, and Paul's martyrdom in Rome. Benedict also examines such questions as: Did Paul know Jesus during his earthly life and how much of Jesus' teaching and ministry did he know of? Did Paul distort the teachings of Jesus? What role did Jesus' death and resurrection play in Paul's teaching? What are we to make of Paul's teaching about the end of the world? What does Paul's teaching say about the differences between Catholic and Protestant Christians over salvation and the roles of faith and works in the Christian life? How have modern Catholic and Protestant scholars come together in their understanding of Paul? What does Paul have to teach us today about living a spiritual life? These and other important issues are addressed in this masterful, inspirational, and highly-readable presentation of St. Paul and his writings by one of today's great spiritual teachers, Pope Benedict XVI. "The Apostle Paul, an outstanding and almost inimitable yet stimulating figure, stands before us as an example of total dedication to the Lord and to his Church, as well as of great openness to humanity and its cultures." —Pope Benedict XVI

While the stories of the vcreation of the world and of the fall of humankind have often given rise to conflict - fundamentalists twist the Bible into science and history while rationalists approach this issue by "divorcing God from creation" - Cardinal Ratzinger presents the Catholic middle ground between extremist positions in explaining the vitality of these early Old Testament writings.

Following the lead of Pope Benedict XVI, in *Dark Passages of the Bible* Matthew Ramage weds the historical-critical approach with a theological reading of Scripture based in the patristic-medieval tradition. Whereas these two approaches are often viewed as mutually exclusive or even contradictory, Ramage insists that the two are mutually enriching and necessary for doing justice to the Bible's most challenging texts.

Who was Jesus? A prophet? There have been many of those. A miracle-worker? A radical revolutionary? A wise teacher? There have been many of these, too. In his latest book, renowned Scripture scholar Gerhard Lohfink asks, What is unique about Jesus of Nazareth, and what did he really want? Lohfink engages the perceptions of the first witnesses of his life and ministry and those who handed on their testimony. His approach is altogether historical and critical, but he agrees with Karl Barth's statement that "historical criticism has to be more critical." Lohfink takes seriously the fact that Jesus was a Jew and lived entirely in and out of Israel's faith experiences but at the same time brought those experiences to their goal and fulfillment. The result is a convincing and profound picture of Jesus.
