Top Mafia hit man. Doting father. For 30 years, Richard 'the Ice Man' Kuklinski led a double life beyond anything ever seen on *The Sopranos*, becoming one of the most notorious professional assassins in American history while hosting neighbourhood barbecues in suburban New Jersey. Kuklinski was Sammy 'the Bull' Gravano's partner in the killing of Paul Castellano, John Gotti hired him to kill his neighbour and he was also intimately involved in the killing of Jimmy Hoffa. He conducted this sadistic business with cold-hearted intensity, never disappointing his customers. For an additional price, he would make his victims suffer. By his own estimate, he killed over 200 men, taking enormous pride in his cunning and the ferocity of his technique. The Ice Man is a blood-chilling insight into the mind of one of the world's most prolific contract killers.

Over the course of twenty-five years, Dr. Helen Morrison has profiled more than eighty serial killers around the world. What she learned about them will shatter every assumption you've ever had about the most notorious criminals known to man.Judging by appearances, Dr. Helen Morrison has an

ordinary life in the suburbs of a major city. She has a physician husband, two children, and a thriving psychiatric clinic. But her life is much more than that. She is one of the country's leading experts on serial killers, and has spent as many as four hundred hours alone in a room with depraved murderers, digging deep into killers' psyches in ways no profiler before ever has. In *My Life Among the Serial Killers*, Dr. Morrison relates how she profiled the Mad Biter, Richard Otto Macek, who chewed on his victims' body parts, stalked Dr. Morrison, then believed she was his wife. She did the last interview with Ed Gein, who was the inspiration for Alfred Hitchcock's *Psycho*. John Wayne Gacy, the clown-obsessed killer of young men, sent her crazed Christmas cards and gave her his paintings as presents. Then there was Atlanta child killer Wayne Williams; rapist turned murderer Bobby Joe Long; England's Fred and Rosemary West, who killed girls and women in their "House of Horrors"; and Brazil's deadliest killer of children, Marcelo Costa de Andrade. Dr. Morrison has received hundreds of letters from killers, read their diaries and journals, evaluated crime scenes, testified at their trials, and studied photos of the gruesome carnage. She has interviewed the families of the victims -- and the spouses and parents of the killers -- to gain a deeper understanding of the killer's environment and the public persona he adopts. She has also studied serial killers throughout history and shows how this is not a recent phenomenon with psychological autopsies of the fifteenth-century French war hero Gilles de Rais, the sixteenth-century Hungarian Countess Bathory, H. H. Holmes of the late nineteenth century, and Albert Fish of the Roaring Twenties. Through it all, Dr. Morrison has been on a mission to discover the reasons why serial killers are compelled to murder, how they choose their victims, and what we can do to prevent their crimes in the future. Her provocative conclusions will stun you.

Philip Carlo's successful and acclaimed books reveal the truth about notorious characters such as LA serial killer Richard Ramirez, Mafia contract killer Richard Kuklinski and crime-family boss Anthony Casso. Working closely with the DEA , Carlo also wrote the definitive account of Bonanno Mafia

family assassin Tommy 'Karate' Pitera. Carlo's investigative achievements were remarkable, but what wasn't known to his readers was that, while working on *The Ice Man*, he learned he had amyotrophic lateral sclerosis (ALS), a form of motor neuron disease. Suddenly, after years of penetrating the minds of killers, Carlo was himself being pursued by the grim reaper. But rather than lying down and succumbing to the disease, Carlo continued to work right up until his death in 2010. In *The Killer Within*, Carlo provides an intimate account of his relationships with Ramirez, Kuklinski and Casso and reveals intriguing information about writing his bestsellers while simultaneously coping with ALS as it slowly began to steal his life away.

This true crime biography chronicles the life of the so-called “Oddfather” who ran a powerful NYC crime family while playing crazy to avoid prosecution. Vincent “Chin” Gigante was a professional boxer before discovering his true calling as a ruthless contract killer. When Vito Genovese went to prison, he picked Gigante to run the Genovese crime family in his absence. While raking in more than one hundred million for the family, he routinely ordered the murders of mobsters who violated the Mafia code—including John Gotti. At the height of Gigante's reign, the Genovese Family was the most powerful in the United States. And yet he was, to all outside appearances, certifiably crazy. He wandered the streets of Greenwich Village in a ratty bathrobe and slippers. He urinated in public, played pinochle in storefronts, and hid a second family from his wife. On twenty-two occasions, Gigante admitted himself to a mental hospital—evading criminal prosecution while maintaining his nefarious operations. It took nearly thirty years of endless psychiatric evaluations by a parade of puzzled doctors for federal authorities to finally bring him down.

“Les Standiford’s account of the decades-long attempt to solve the murder of Adam Walsh is chilling, heartbreaking, hopeful, and as relentlessly suspenseful as anything I’ve ever read. 'He was like a vampire. We believe he killed over sixty people.' -- James J. Hunt, Assistant Special Agent , New York DEA 9 July 1990: the DEA makes the gruesome discovery of nine bodies, dismembered, stuffed into cheap suitcases and buried in a secluded bird sanctuary near Gravesend, Brooklyn. It was Tommy Pitera's personal cemetery. When John Gotti put out a contract on informer Willie Boy Johnson, Pitera took it - he shot him fourteen times in broad daylight outside his home. Pitera not only murdered for the mob, he took pleasure in killing and did so at whim - the slightest insult could provoke him and he killed friends, associates, anyone who got in his way. A cold-blooded, homicidal maniac with a fascination for the macabre, he had an autopsy table in his basement and regularly dismembered his victims, expertly cutting them into six pieces: the arms, legs, torso and head. Convicted for six murders, he is believed to be responsible for over sixty. Philip Carlo, author of the bestseller *The Iceman*, reveals the horrendous crimes of drug kingpin and merciless mob killer Thomas Pitera, and the New York DEA's three-year battle to bring him to justice.

CONTAINS A NEW EPILOGUE!" Mafia Prince is the first-person account of one of the most violent eras in Mafia history —“Little” Nicky Scarfo's reign as boss of the Philly family in the 1980s—written by Scarfo’s underboss and nephew, “Crazy” Phil Leonetti. The youngest-ever underboss at the age of 31, Leonetti was at the crux of the violent downfall of the traditional American Mafia in the 1980s when he infiltrated Atlantic City after gambling was legalized, and later turned state's evidence against his own. His testimony directly led to the convictions of dozens of high-ranking made men including John Gotti, Vincent Gigante, and his own uncle, Nicky Scarfo—sparking the beginning of the end of La Cosa Nostra. Just as *The Godfather* and *Boardwalk Empire* defined the early 20th century Mafia, and *Wiseguy* and *Casino* depicted the next great era through the '70s, *Mafia Prince* concludes this epic genre revealing the Mafia's violent final heyday of the 1980s— straight from the horse's mouth.

Every day six people in the United States are murdered by spouses or intimate partners. The stories of killer spouses tend to captivate us, as they beg the question of how so many seemingly normal and happy people manage to go over the edge. Indeed, every relationship presents "extreme moments" where scary feelings surface, yet what happens when those feelings turn to action? In *Till Death Do Us Part*, noted psychotherapist Dr. Robi Ludwig, along with journalist Matt Birkbeck, presents the psychological profiles of notorious killer spouses -- from Scott Peterson and Clara Harris to Rabbi Fred Neulander and Betty Broderick. Ludwig reveals ten killer personality types. These ten personality types are defined in detail and illustrated with examples from high-profile cases along with in-depth analyses of the motivations behind the murders. The ten types range from the Betrayal/Abandonment Killer (who loses control and kills from a broken heart) to the Control Killer (who micromanages every aspect of the spouse's life) and the Black Widow/Profit Killer (who kills for money). With gripping stories and probing insight, authors Ludwig and Birkbeck examine the concept of peaceful versus violent resolution and why certain spouses believe murder is the best and only response. In an age when spousal murder is headline news, *Till Death Do Us Part* explores a phenomenon that many spouses can't help but think about at some point in their relationships -- which sheds light on the very notion of "happily ever after."

Random House

Reminiscent of *Wiseguy*, *Mob Boss* is a compelling biography from two prominent mob experts recounting the life and times of the first acting boss of an American Mafia family to turn government witness Alfonso "Little Al" D'Arco, the former acting boss of the Luchese organized crime family, was the highest-ranking mobster to ever turn government witness when he flipped in 1991. His decision to flip prompted many others to make the same choice, including John Gotti's top aide, Salvatore "Sammy the Bull" Gravano, and his testimony sent more than fifty mobsters to prison. In *Mob Boss*, award-winning news reporters Jerry Capeci and Tom Robbins team up for this unparalleled account of D'Arco's life and the New York mob scene that he embraced for four decades. Until the day he switched sides, D'Arco lived and breathed the old-school gangster lessons he learned growing up in Brooklyn and fine-tuned on the mean streets of Little Italy. But when he learned he was marked to be whacked, D'Arco quit the mob. His defection decimated his crime family and opened a window on mob secrets going back a hundred years. After speaking with D'Arco, the authors reveal unprecedented insights, exposing shocking secrets and troublesome truths about a city where a famous pizza parlor doubled as a Mafia center for multi-million-dollar heroin deals, where hit men carried out murders dressed as women, and where kidnapping a celebrity newsman's son was deemed appropriate revenge for the father's satirical novel. Capeci and Robbins spent hundreds of hours in conversation with D'Arco, and exhausted many hours more fleshing out his stories in this riveting narrative that takes readers behind the famous witness testimony for a comprehensive look at the Mafia in New York City.

The boss of New York's infamous Luchese crime family, Anthony "Gaspipe" Casso's life in the Mafia was preordained from birth. His rare talent for "earning"—concocting ingenious schemes to hijack trucks, rob banks, and bring vast quantities of drugs into New York—fueled his unstoppable rise up the ladder of organized crime. A mafioso responsible for at least fifty murders, Casso lived large, with a beautiful wife and money to burn. When the law finally caught up with him in 1994, Casso became the thing he hated most—an informer. From his blood feud with John Gotti to his dealings with the "Mafia cops," decorated NYPD officers Lou Eppolito and Stephen Caracappa, to the Windows case, which marked the beginning of the end for the New York Mob, Gaspipe is Anthony Casso's shocking story—a roller-coaster ride into an exclusive netherworld that reveals the true inner workings of the Mafia, from its inception to the present time.

In *Deal with the Devil*, five-time Emmy Award-winning investigative reporter Peter Lance draws on three decades of once-secret FBI files to tell the definitive story of Greg Scarpa Sr., a Mafia capo who “stopped counting” after fifty murders, while secretly betraying the Colombo crime family as a Top Echelon FBI informant. Lance traces Scarpa’s shadowy relationship with the FBI all the way back to 1960, when his debriefings went straight to J. Edgar Hoover. In forty-two years of murder and racketeering, Scarpa served only thirty days in jail thanks to his secret relationship with the Feds. This is the untold story that will rewrite Mafia history as we know it—a page-turning work of journalism that reads like a Scorsese film. *Deal with the Devil* includes more than 130 illustrations, crime scene photos, and never-before-seen FBI documents.
