Grammar is the
structure of language.

It is the tool with which students refine and perfect their working knowledge of language. Knowing the elements of language and understanding how they work together greatly enhances all language-based abilities. Grammar Practice Simplified Book F Is designed to help students use the parts of speech correctly in speaking and writing. They review the kinds of sentences; then they study nouns, pronouns, and verbs and use these elements in sentences. Students are introduced to subjects and

predicates, adverbs, and adjectives.

Complex sentences, including dependent, independent, adverb, and adjective clauses, are introduced.

Punctuation is covered in detail, including the period, question mark, exclamation point, comma, apostrophe, and colon. Many activities encourage students to write independently.

Readability has been carefully controlled for younger students, but the approach and design make the book useful for older, language-delayed students or students who speak English as a second language.

Answers are provided at the back of the book. Book F is Grades 7+.

PROFESSIONAL COMMUNICATION SKILLS

Rex Bookstore, Inc. Write Here is designed to teach students essential reading and writing skills, using media examples to help explain academic concepts and provide opportunities for practice. It is adaptable; because it covers the basics of reading, writing, and the modes of writing, it is appropriate to use in developmental composition classrooms. However, it also covers such topics as logical

fallacies, rhetoric, timed writing, academic writing, source integration, and MLA/APA documentation, making it appropriate for a first-year or “stretch” composition course. Many beginning writing students are underprepared and feel that writing just “isn’t for them.” The authors hope to dispel that myth by using media examples and a conversational tone to introduce and teach the material. Write Here provides examples that are interesting to students, while allowing them to connect to the subject matter on a more personal level—additionally, the process of analyzing the media helps students sharpen their

reading, writing, and critical thinking skills.
