**The Tiny Seed** Templar Publishing  
One fine morning, a rooster decided he wanted to travel. In this mini-book edition, using strikingly designed, colorful collage illustrations and a beguiling simple text, Eric Carle takes his young readers on a trip with the rooster and his companions. As he travels, the rooster is joined by two cats, three frogs, four turtles, and five fish, offering the child a graphic introduction to the meaning of numbers, number sets, and addition within the context of an entertaining story. When night falls, the rooster's friends find he has made no provisions for their food or shelter and, disappointed, they abandon the expedition—once again in sets of five, four, three, and two, but this time in a declining series. Finally the rooster, too, decides that he has seen enough of the world and that he is, in fact, a little bit homesick. Eric Carle believes in letting children make learning discoveries at

their own pace. This book can be read and enjoyed for its story and its beautiful illustrations alone; however, the child who is ready to begin to think mathematically will find additional pleasures in the opportunities presented in the text, the pictures and the diagrams for learning basic arithmetic concepts.

*Faces of the Moon* Holiday House

All of the animals are afraid of the Selfish Crocodile - he never let's them into his river, and he's always so snappy! And so when the Selfish Crocodile finds himself in terrible pain, no-one wants to help him - after all, what if he gobbles them up? But, to everyone's surprise, there is one animal in the forest who is willing to help . . . A brilliant tale of friendship, *The Selfish Crocodile* has become a picture book classic.
