In this book we make the
case for the genesis of the
problem being that many
CEOs are not operating
under a ?fair and

reasonable value exchange? with the organization that they work for, and that there are very clear reasons why that is the case. We know you will gain insight from this book finding new ways to view, consider, and reframe your approach to CEO (and other executive) employment relationships consisting of compensation programs and contracts using the all-important concept of value exchange. This book reveals a Principled Approach developed by

consultants of Grahall, LLC, guiding the reader through the use of appropriate tools and well thought out processes, for a uniquely effective result.

Out for Queer Blood
Mango Media Inc.

In the library of Katrinka Mannelly's childhood, Dewey Decimal section 130 contained the supernatural—everything from witches to mermaids, gnomes to poltergeists. Like many children, she devoured these books, working her way through countless

titles, studying magical creatures and imagining what encounters with them might be like. As an adult she is still enamored with the inhabitants of section 130, but life has given her a more cynical view. What if interactions with mythical beings were mundane, or funny, or when special, extraordinary in the most unanticipated of ways? This is the premise of Section 130, a collection of original short stories averaging 2,000 words in length. Each explores a modern human-

supernatural being exchange. Sirens, fey, Sasquatch, Jinn, demons, ghosts, zombies, even tooth fairies in training, and lake monsters have truths to tell us about who we are as people. It is like having episodes of, The Twilight Zone, between the pages of an e-reader.

This bundle contains
 books 1 - 4 of the Nox:
 Night Cursed Series.
 Hexed On Halloween: On
 Halloween, a powerful
 spell is cast and black
 magic sweeps across the
 US. Everyone wearing a
 costume is turned into the
 person or creature they're
 pretending to be. Evil
 clowns, pirates, shifters,
 zombies and many other
 monsters run amok,
 preying on the weak.
 Xiara Evora was just a

normal girl with a normal
 name before the curse
 struck. Now she is a
 hunter of evil monsters
 and bad guys. She has a
 trusty staff called Wrath
 who can kill anything,
 whether it's alive, dead or
 undead. Xiara and the
 rest of the cursed are
 drawn to Nox, the City of
 Night where the Immortal
 Triumvirate rule. The
 unholy trinity created the
 Night Cursed, but it's
 unclear why, or what their
 intentions are. The only
 thing Xiara is sure of is
 that they are all trapped
 in this city with no way

out. Tricks And Treats:
 Xiara's job as the
 Guardian of Nox is more
 complex than she'd ever
 anticipated. Nox is a
 hodgepodge of human
 magic users, vampires,
 shifters, fae beings and
 various other types of
 monsters. The city is
 divided into five different
 Districts. Xiara patrols
 them all in her effort to
 keep the peace, except
 for the Demon District in
 the catacombs beneath
 Nox. Only someone with a
 death wish would enter
 their domain without an
 invitation. When a new

type of being enters Nox, things soon begin to change. Although there are a lot of Night Cursed deities, they aren't real. They're just pale imitations with little power. Xiara has a feeling that the minor god is going to become far more of a pest than he first appears. The delicate balance between the Districts is already unstable. The last thing the City of Night needs is for a trickster to shake things up. If he breaks too many laws, the Immortal Triumvirate will order her

to use her trusty staff to end his existence. Not even a true deity can survive Wrath's deathly power. All Hallows' Apocalypse: As time wears on in Nox, the Night Cursed beings are becoming shunned by the uncursed population. Mistrust is rising in all of the Districts and Xiara is right in the middle of it. It's her job to keep the peace, but her task is getting harder with each passing year. Crowmon, the trickster god, and Raum, the leader of the demons, have gained a lot

of power over the years. Xiara suspects they are searching for a way to increase their standing even more, but she isn't sure what their plans are. They'll do anything to increase their influence and they don't care who will get hurt in the process. Xiara and her team make new friends and allies who will help them with their quest to save the Night Cursed from the Immortal Triumvirate. The unholy trinity fears treachery and they're aware that someone will eventually

try to topple them from their reign. Their solution to avoid their unwanted fate will have consequences that no one could have foreseen. Trickster's Treachery: Xiara is asked to look for a missing witch who just happens to be one of Crowmon's priestesses. It's news to Xiara that the trickster god has holy folk worshipping him, but she has little choice but to help. During her search, she uncovers a conspiracy that goes deeper than she'd realized. The unrest in Nox has grown worse

and all of the Districts are becoming unstable. It won't take much to tip the balance and for an all-out war to begin. Xiara and her team know that rebels will rise to stand against the Immortal Triumvirate. Quilla has foreseen that their hated rulers can be beaten, but there's no guarantee that they'll fall. Any chance is better than none, so the motley team of Night Cursed beings vow to assist these insurgents any way they can. Paranormal romance, urban fantasy, dark fantasy, shifters,

shapeshifters, werewolves, vampires, witches, wizards, warlocks, magic, fae, fairies

The author of *The Outcast Oracle* delivers 23 stories dealing with the metaphorical concept of fog as a state produced by grief, mental illness, love, anger, religious fanaticism, dementia, pain, prejudice, or dreams and how the human being

refracts reality through these diffused prisms. Protagonists struggle with physical and psychological distortions that lead them down problematic paths, whether due to jealousy or desire in the case of lovers or hypothermia experienced by a fallen mountain climber. Shortlisted for the prestigious UK Saboteur prize.

When it comes to creating

an executive compensation program, it can feel like there's little gray area between giving top performers too shiny a golden parachute, with exorbitant perks, and providing the company's leaders with the incentive they need to continue doing their best. This book gives readers the techniques and understanding they need to design a rewards strategy that will motivate performers while benefiting the entire organization. Taking a careful look at the

complicated state of executive rewards, this no-nonsense, practical guide provides readers with a complete methodology for motivating management to accomplish critical business goals. Eschewing a one-size-fits-all approach, the book uses case studies and examples to illustrate what factors should be considered—including environment, key stakeholders, people strategy, business strategy, and organizational

capabilities—when designing a program that will benefit both their company and the people who fuel its success.

But then a costar is brazenly murdered in front of her. With a killer who vanishes into thin air with seemingly inhuman skill, and strange events plaguing Marnie, she feels she can't even trust her own senses. Although his dear departed parents were famous actors, PI Bryan McFadden is about as far from Hollywood as

It's unclear if the killer is an obsessed fan or something more sinister. Could the show's cast be cursed? How can Bryan keep Marnie safe when it becomes apparent there's a force determined to make this her final curtain call?

From Don Coscarelli, the celebrated filmmaker behind many cherished cult classics comes a memoir that's both revealing autobiography and indie film crash course. Best known for his horror/sci-fi/fantasy films including *Phantasm*, *The Beastmaster*, *Bubba Ho-tep* and *John Dies at the End*, now Don Coscarelli's taking you on a white-knuckle ride through the rough and tumble world of indie film. Join Coscarelli as he sells his first feature film to Universal Pictures and gets his own office on

the studio lot while still in his teens. Travel with him as he chaperones three out-of-control child actors as they barnstorm Japan, almost drowns actress Catherine Keener in her first film role, and transforms a short story about Elvis Presley battling a four thousand year-old Egyptian mummy into a beloved cult classic film. Witness the incredible cast of characters he meets along the way from heavy metal god Ronnie James Dio to first-time filmmakers Quentin

Tarantino and Roger Avary. Learn how breaking bread with genre icons Tobe Hooper, John Carpenter and Guillermo Del Toro leads to a major cable series and watch as he and zombie king George A. Romero together take over an unprepared national network television show with their tales of blood and horror. This memoir fits an entire film school education into a single book. It's loaded with behind-the-scenes stories: like setting his face on fire during the making of

Phantasm, hearing Bruce Campbell's most important question before agreeing to star in Bubba Ho-tep, and crafting a horror thriller into a franchise phenomenon spanning four decades. Find out how Coscarelli managed to retain creative and financial control of his artistic works in an industry ruled by power-hungry predators, and all without going insane or bankrupt. True Indie will prove indispensable for fans of Coscarelli's movies, aspiring filmmakers, and

anyone who loves a story of an underdog who prevails while not betraying what he believes.
