From the lead singer of
the band Great Big Sea
comes a lyrical and
captivating musical

memoir about growing up
in the tiny fishing village
of Petty Harbour,
Newfoundland, and then
taking to the world stage.
Singer-songwriter and
front man of the great
Canadian band Great Big
Sea, Alan Doyle is also a
lyrical storyteller and a
creative force. In *Where I
Belong*, Alan paints a
vivid, raucous and
heartwarming portrait of a
curious young lad born
into the small coastal
fishing community of
Petty Harbour,
Newfoundland, and
destined to become a
renowned musician who
carried the musical
tradition of generations
before him and brought
his signature sound to the
world. He tells of a
childhood surrounded by
larger-than-life characters
who made an indelible
impression on his music
and work; of his first job
on the wharf cutting out
cod tongues for
fishermen; of growing up
in a family of five in a two-
bedroom house with a
beef-bucket as a toilet,
yet lacking nothing; of
learning at his father's
knee how to sing the story
of a song and learning
from his mother how to
simply "be good"; and
finally, of how everything
he ever learned as a kid
prepared him for that

pivotal moment when he became part of Great Big Sea and sailed away on what would be the greatest musical adventure of his life. Filled with the lore and traditions of the East Coast and told in a voice that is at once captivating and refreshingly candid, this is a narrative journey about small-town life, curiosity and creative fulfillment, and finally, about leaving everything you know behind only to learn that no matter where you go, home will always be with you.

The Ghost Rider Simon and Schuster

"Already an international sensation: a debut novel that tells a love story set in two countries in two radically different moments in time, bringing together a young man, his mother, a boa constrictor, and one capricious cat. In 1980s Yugoslavia, a young Muslim girl is married off to a man she hardly knows, but what was meant to be a happy match goes quickly wrong. Soon thereafter her country is torn apart by war and she and her family flee. Years later, her son, Bekim, grows up a social outcast in present day Finland, not just an immigrant in a country suspicious of foreigners,

but a gay man in an unaccepting society. Aside from casual hookups, his only friend is a boa constrictor whom, improbably--he is terrified of snakes--he lets roam his apartment. But during a visit to a gay bar, Bekim meets a talking cat who moves in with him and his snake. It is this witty, charming, manipulative creature who starts Bekim on a journey back to Kosovo to confront his demons, and make sense of the magical, cruel, incredible history of his family. And it is this that, in turn, enables him finally, to open himself to true love--which he will find in the most unexpected place."--

Non-literal language is ubiquitous in everyday life, and while hyperbole is a major part of this, it has so far remained relatively unexplored. This

volume provides the first investigation of hyperbole in English, drawing on data from genres such as spoken conversation, TV, newspapers, and literary works from Chaucer to Monty Python. Combining quantitative and qualitative analyses, it uses approaches from semantics, pragmatics, discourse analysis and classical rhetoric to investigate in detail both speaker-centered and emotive aspects of hyperbole, and also addressee-related aspects, such as interpretation and interactional uptake. Illustrated with a range of diachronic case studies, hyperbole is also shown to be a main means of linguistic creativity, and an important contributor to language change. The book concludes with an exploration of the role of hyperbole in political speaking, humour, and literature. Original and in-depth, it will be invaluable to all those working on meaning, discourse, and historical linguistics.

Around 428 BC, Plato was born into one of Athens's most aristocratic families, and ultimately gathered around him some of the greatest minds of his age.

Travel back to ancient Greece with Professor Emeritus of Philosophy Donald R. Moor and author Robert M. Pirsig (*Zen and the Art of Motorcycle Maintenance*) to meet this legendary thinker. In addition to expanding upon his famous allegory of the cave, Plato talks about learning through dialogue, the primacy of good and the price of wrong doing, democracy, freedom and censorship, women's equality, love, and mathematics, and the search for truth.

Professor Skendi, a native of Albania, traces the progress and setbacks of Albania's long struggle for national unity during this least-known period of its intricate history. He discusses the heritage of its people and examines in detail the developments that led to Albanian independence: national resistance to the decisions of the Congress of Berlin, later opposition to Turkey, and the struggle between the Albanians and the Young Turks. Consideration is given to such internal problems as geographic configuration, religious and political division, and

to such external problems as Italo-Austrian rivalry, political interference from neighboring states, and the involvement of great powers. Originally published in 1967. bestseller *Migrations*, a pulse-pounding new novel set in the wild Scottish Highlands. Inti Flynn arrives in Scotland with her twin sister, Aggie, to lead a team of biologists tasked with reintroducing fourteen gray wolves into the remote Highlands. She hopes to heal not only the dying landscape, but Aggie, too, unmade by the terrible secrets that drove the sisters out of Alaska. Inti is not the woman she once was, either, changed by the harm she's witnessed—inflicted by humans on both the wild and each other. Yet as the wolves surprise everyone by thriving, Inti begins to let her guard down, even opening herself up to the possibility of love. But when a farmer is found dead, Inti knows where the town will lay blame. Unable to accept her wolves could be responsible, Inti makes a reckless decision to protect them. But if the wolves didn't make the kill, then who did? And what will Inti do when the man she is falling for seems to be the prime suspect? Propulsive and spell-binding, Charlotte McConaghy's *Once There Were Wolves* is the unforgettable story of a woman desperate to save

the creatures she loves—if she isn't consumed by a wild that was once her refuge.

In The Spirit Level, as ever with Seamus Heaney, personal memory and humble domestic objects - a whitewash brush, a sofa, a swing -- are endowed with talismanic significance, and

throughout the collection he addresses his growing concerns, which inevitably include the political situation in his native Northern Ireland, in a poetry that never ceases to be fluid, alert, and completely truthful.

Masterful in its simplicity, Chronicle in Stone is a touching coming-of-age story and a testament to the perseverance of the human spirit. Surrounded by the magic of beautiful women and literature, a boy must endure the deprivations of war as he suffers the hardships of growing up. His sleepy country has just thrown off centuries of tyranny, but new waves of domination inundate his city. Through the boy's eyes, we see the terrors of World War II as he witnesses fascist invasions, allied bombings, partisan infighting, and the many faces of human cruelty—as well as the simple pleasures of life.

Evacuating to the countryside, he expects to find an ideal world full of extraordinary things, but discovers instead an archaic backwater where a severed arm becomes a talisman and deflowered

girls mysteriously vanish. Woven between the chapters of the boy's story are tantalizing fragments of the city's history. As the devastation mounts, the fragments lose coherence, and we perceive firsthand how the violence of war destroys more than just buildings and bridges.

A REESE'S BOOK CLUB PICK * NEW YORK TIMES BESTSELLER The refreshingly original and "startlingly hopeful" (Lisa Taddeo) debut memoir of an over-achieving young lawyer who reluctantly agrees to group therapy and gets psychologically and emotionally naked in a room of six complete strangers—and finds human connection, and herself. Christie Tate had just been named the top student in her law school class and finally had her eating disorder under control. Why then was she driving through Chicago fantasizing about her own death? Why was she envisioning putting an end to the isolation and sadness that still plagued her despite her achievements? Enter Dr. Rosen, a therapist who calmly assures her that if she joins one of his

psychotherapy groups, he can transform her life. All she has to do is show up and be honest. About everything—her eating habits, childhood, sexual history, etc. Christie is skeptical, insisting that that she is defective, beyond cure. But Dr. Rosen issues a nine-word prescription that will change everything: “You don’t need a cure. You need a witness.” So begins her entry into the strange, terrifying, and ultimately life-changing world of group therapy. Christie is initially put off by Dr. Rosen’s outlandish directives, but as her defenses break down and she comes to trust Dr. Rosen and to depend on the sessions and the prescribed nightly phone calls with various group members, she begins to understand what it means to connect. “Often hilarious, and ultimately very touching” (People), Group is “a wild ride” (The Boston Globe), and with Christie as our guide, we are given a front row seat to the daring, exhilarating, painful, and hilarious journey that is group therapy—an under-explored process that breaks you down, and then reassembles you so that all the pieces finally fit.

Where I Belong Orient Blackswan

For most musicians and musicologists in the West, traditional Albanian music remains an obscure subject, even though Albania has produced a monumental cultural and corresponding musical heritage. This book examines the distinct musical culture of southeastern Europe, both monophonic and polyphonic, by delineating its four main musical dialects: Gheg, Tosk, Lab and Urban. The origins, fundamental features, musical styles and genres of the four dialects are discussed. Additional topics covered include an historical and demographic analysis of Albania, the history of Albanian ethnomusicology and the various classifications in Albanian music. Relying heavily on field research and recordings, this text introduces traditional Albanian music to both ethnomusicologists and curious readers. Rubbettino Editore From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, Márquez, and Rushdie – the stunning new translation of one of his

major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I've taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle

redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, *The Siege* is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

Shortlisted for the Independent Foreign Fiction Prize 2013. In September 1943, Nazi troops advance on the ancient gates of Gjirokastr, Albania. The very next day, the Germans vanish without a trace. As the townsfolk wonder if they might have dreamt the events of the previous night, rumours circulate of a childhood

friendship between a local dignitary and the invading Nazi Colonel, a reunion in the town square and a fateful dinner party that would transform twentieth-century Europe.
