Unleash Your Purpose Bond Street Books

Understanding Your Potential is a motivating, provocative look at the awesome potential trapped within you, waiting to be realized. This book will cause you to be uncomfortable with your present state of accomplishment and dissatisfied with resting on your past success. It will turn your failure into motivation and mediocrity into excellence.

THE PRINCIPLES AND POWER OF VISION

Whitaker House

The magnificent new novel from the million-selling Booker Prize-winning author of *The White Tiger*: one of the most eagerly anticipated literary novels of 2011--"a kaleidoscopic portrait of a changing Mumbai." — *Guardian* (Best Books of 2011) Ask any Bombaywallah about Vishram Society--Tower A of the Vishram Co-operative Housing Society--and you will be told that it is unimpeachably pukka. Despite its location close to the airport, under the flight path of 747s and bordered by slums, it has been pukka for some fifty years. But Bombay has changed in half a century--not least its name--and the world in which Tower A was first built is giving way to a new city; a Mumbai of development and new money; of wealthy Indians returning with fortunes made abroad. When real estate developer Dharmen Shah offers to buy out the residents of Vishram Society, planning to use the site to build a luxury apartment complex, his offer is more than generous. Initially, though, not everyone wants to leave; many of the residents have lived in Vishram for years, and many of them are no longer young. But none can benefit from the offer unless all agree to sell. As tensions rise among the once civil neighbours, one by one those who oppose the offer give way to the majority, until only one man stands in Shah's way: Masterji, a retired schoolteacher, once the most respected man in the building. Shah is a dangerous man to refuse, but as the demolition deadline looms, Masterji's neighbours--friends who have become enemies, acquaintances turned co-conspirators--may stop at nothing to score their payday. A suspense-filled story of money and power, luxury and deprivation, and a rich tapestry peopled by unforgettable characters, not least of which is Bombay itself, *Last Man in Tower* opens up the hearts and minds of the inhabitants of a great city--ordinary people pushed to their limits in a place that knows none. This eBook edition includes a Reading Group Guide. *Finding the Leader Within You* Oxford University Press Best-selling author Dr. Myles Munroe offers daily practical and biblical advice for men. Based on two of his most popular books, *Understanding the Purpose and Power of Men* and *Understanding the Purpose and Power of Women*, this 90-day devotional will help you truly understand your God-given purpose and power as a man. Each day's reading includes teaching and encouragement, a Scripture reading from both the Old and New Testaments, and a thought for the day to draw you closer to God the Father and His

purposes for you. Explore the nature and role of men as God intended, addressing such issues as: What does the Bible really teach about men and women? What does it mean to be male? What are the purpose and design of the man? How is a man uniquely different from a woman? What is a man's role as a husband and father? What are a man's sexual needs? How are men and women meant to relate to one another? How can a man build a better life for himself, his family, and the world? Through this devotional, you can strengthen your relationship with your heavenly Father as you discover how to fulfill your destiny and potential as an integral part of His eternal purposes. *Becoming a Leader* John Wiley & Sons International motivational speaker and sought-after business consultant Reverend Myles Munroe proves that true leaders empower others to discover their own leadership gifts.

VISION WITH PURPOSE AND POWER

Whitaker House

You were born to lead. Now it's time to become a leader. Leaders may be found in boardrooms, but they may also be found in families, schools, and organizations of all kinds--anywhere people interact, nurture, create, or build. Contrary to popular opinion, leadership is not meant for an elite group of people who, by fate or accident, become leaders while everyone else is consigned to being a lifelong follower. After personally training thousands of leaders from around the world, best-selling author Dr. Myles Munroe reports that while every person possesses the potential of leadership, many do not understand how to cultivate the leadership nature and how to apply it to their lives. In *The Spirit of Leadership*, Dr. Munroe defines the unique attitudes that all effective leaders exhibit, explains how to eliminate hindrances to your leadership abilities, and helps you to fulfill your particular calling in life. "...a defining portrait of true and effective leadership. On these pages you will discover your purpose, your passion, and your potential to become the leader God has destined you to be." —Pastor John Hagee, Cornerstone Church "[Dr Myles Munroe's] wisdom is to the believer what a phone booth was to Superman! Step into every page and be charged!" —Bishop T. D. Jakes, The Potter's House of Dallas "The world is groaning in travail, waiting for the manifestation of those who will rise up as followers of God and leaders of men.... Dr. Myles Munroe will give you invaluable insight in your quest to discover and develop the spirit of a leader." —Pastor Rod Parsley, World Harvest Church "Are you aware that God has ordained you to be a leader? In *The Spirit of Leadership*, Dr. Myles Munroe gives us the key to find the hidden leader within ourselves. I highly recommend this inspired book to all." —Paul F. Crouch, Trinity Broadcasting Network "In *The Spirit of Leadership*, Dr. Myles Munroe taps into the core truths of authentic, successful leadership. Through decades of study and careful observation, Dr. Munroe has identified the key--the missing ingredient that activates the potential to lead found within every human being." —Marilyn Hickey, Marilyn Hickey Ministries **Hello, Tomorrow!** National Academies Press

Whether you are a businessperson, a departmental manager, an employee, a homemaker, a student, or a head of state, author Myles Munroe explains how you can make your dreams and hopes a living reality. Thirty years after its publication, *The Death and Life of Great American Cities* was described by *The New York Times* as "perhaps the most influential single work in the history of town planning....[It] can also be seen in a much larger context. It is first of all a work of literature; the descriptions of street life as a kind of ballet and the biting satiric account of traditional planning theory can still be read for pleasure even by those who long ago absorbed and appropriated the book's arguments." Jane Jacobs, an editor and writer on architecture in New York City in the early sixties, argued that urban diversity and vitality were being destroyed by powerful architects and city planners. Rigorous, sane, and delightfully epigrammatic, Jacobs's small masterpiece is a blueprint for the humanistic management of cities. It is sensible, knowledgeable, readable, indispensable. The author has written a new foreword for this Modern Library edition.

God's Government on Earth Cornell University Press Probably no other dimension of human experience has been pondered, discussed, debated, analyzed, and dreamed about more than the nature of true love. Love is everywhere -- in songs and in books, on televisions and on movie screens. Yet, for all of our thinking and talking, how many of us truly understand love and where can we turn for genuine insight in matters of true love? *Avant-garde Activism and Cold War Culture* Currency Principles of Management is designed to meet the scope and sequence requirements of the introductory course on management. This is a traditional approach to management using the leading, planning, organizing, and controlling approach. Management is a broad business discipline, and the Principles of Management course covers many management areas such as human resource management and strategic management, as well behavioral areas such as motivation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters.

The Fourth Industrial Revolution Destiny Image Publishers Apple embraced co-creation to enhance the speed and scope of

its innovation, generating over \$1 billion for its App-Store partner-developers in two years, even as it overtook Microsoft in market value. Starbucks launched its online platform MyStarbucksIdea.com to tap into ideas from customers and turbocharged a turnaround. Unilever turned to co-creation for redesigning product lines such as Sunsilk shampoo and revitalized growth. Nike achieved remarkable success with its Nike+ co-creation initiative, which enables a community of over a million runners to interact with one another and the company, increasing its market share by 10 percent in the first year. Co-creation involves redefining the way organizations engage individuals—customers, employees, suppliers, partners, and other stakeholders—bringing them into the process of value creation and engaging them in enriched experiences, in order to —formulate new breakthrough strategies —design compelling new products and services —transform management processes —lower risks and costs —increase market share, loyalty, and returns In this pathbreaking book, Venkat Ramaswamy (who coined the term co-creation with C. K. Prahalad) and Francis Gouillart, pioneers in working with companies to develop co-creation practices, show how every organization—from large corporation to small firm, and government agency to not-for-profit—can achieve “win more–win more” results with these methods. Based on extraordinary research and the authors’ hands-on experiences with successful projects in co-creation at dozens of the world’s most exciting organizations, *The Power of Co-Creation* illustrates with detailed examples from leading firms such as those above, as well as from Cisco, GlaxoSmithKline, Amazon, Jabil, Predica, Wacoal, Caja Navarra, and many others, how enterprises have used a wide range of “engagement platforms”—and how they have even restructured internal management processes—in order to harness the power of co-creation. As the authors’ wealth of examples make vividly clear, enterprises can no longer afford to view customers and other stakeholders as passive recipients of their products and services but must learn to engage them in defining and delivering enhanced value. Co-creation goes beyond the conventional “process view” of quality, re-engineering, and lean thinking, and is the essential new mind-set and practice for boosting sustainable growth, productivity, and profits in the future.

Seven Pillars of Wisdom is a memoir of the soldier known as 'Lawrence of Arabia.' Lawrence is a fascinating and controversial figure and his talent as a vivid and imaginative writer shines through on every page of his masterpiece. 'Seven Pillars of Wisdom' written between 1919 and 1926, is an extraordinary tale of action, politics and adventure. The story describes heroism through instances of war by a man who not only shaped events but was molded by them. The genre of the book can be related to many broad subjects like political history, military strategy, pathology or travel story. Lawrence, known as the defender of the empire, had found war in the Arab world and a long-lasting sideline to the War to End All Wars. This war produced more war during the time, in which, along with many other eminent writers, Lawrence was also involved. *Seven Pillars of Wisdom* provides a unique portrait of this extraordinary man and an insight into the birth of the Arab nation.

WHAT ON EARTH AM I HERE FOR?

Whitaker House

Women of every culture and society are facing the dilemma of identity. Traditional views of what it means to be a woman and changing cultural and marital roles are causing women conflict in

their relationships with men. Women are under tremendous stress as they struggle to discover who they are and what role they are to play today—in the family, the community, and the world. In this expanded edition of *Understanding the Purpose and Power of Women*, now with helpful study questions following each chapter, best-selling author Dr. Myles Munroe examines societies' attitudes toward women and addresses vital issues such as: Are women and men equal? How is a woman unique from a man? What does the Bible really teach about women? Is the woman to blame for the fall of mankind? What are the purpose and design of the woman? Should women be in leadership? What is a woman's basic communication style? What are a woman's emotional and sexual needs? What is a woman's potential? To live successfully in the world, women need a new awareness of who they are and new skills to meet today's challenges. Whether you are a woman or a man, married or single, this book will help you to understand the woman as she was meant to be.

'The Rule of Law' is a phrase much used but little examined. The idea of the rule of law as the foundation of modern states and civilisations has recently become even more talismanic than that of democracy, but what does it actually consist of? In this brilliant short book, Britain's former senior law lord, and one of the world's most acute legal minds, examines what the idea actually means. He makes clear that the rule of law is not an arid legal doctrine but is the foundation of a fair and just society, is a guarantee of responsible government, is an important contribution to economic growth and offers the best means yet devised for securing peace and co-operation. He briefly examines the historical origins of the rule, and then advances eight conditions which capture its essence as understood in western democracies today. He also discusses the strains imposed on the rule of law by the threat and experience of international terrorism. The book will be influential in many different fields and should become a key text for anyone interested in politics, society and the state of our world.
