### UNDERSTANDING COLUMBINE AND OTHER SCHOOL RAMPAGE SHOOTINGS

Imprint

The definitive book on the school  
massacre that shocked a nation.

The Good Nurse Temple University Press

Ten years after the school massacre at  
Columbine High School in Colorado,  
school shootings are a new and alarming  
epidemic. While sociologists have  
attributed the trigger of violence to peer  
pressure, such as bullying and social  
isolation, prominent psychologist Peter  
Langman, argues here that  
psychological causes are responsible.  
Drawing on 20 years of clinical  
experience, Langman offers surprising  
reasons for why some teens become  
violent. Langman divides shooters into  
three categories, and he discusses the  
role of personality, trauma, and  
psychosis among school shooters. From  
examining the material evidence of  
notorious school shooters at Columbine  
and Virginia Tech to addressing the  
mental states of the violent youths he  
treats, Langman shows how to identify  
early signs of homicide-prone youth and  
what preventive measures educators,  
parents and communities can take to  
protect themselves from the tragedy.

### A NOVEL

Lantern Publishing & Media

Examines the details surrounding the  
school shooting at Columbine High

School in 1999.

North Atlantic Books

The author of *Excellent Women* explores  
female friendship and the quiet  
yearnings of British middle-class life—a  
literary delight for fans of Jane Austen.  
Jane Cleveland and Prudence Bates were  
close friends at Oxford University, but  
now live very different lives. Forty-one-  
year-old Jane lives in the country, is  
married to a vicar, has a daughter she  
adores, and lives a very proper life in a  
very proper English parish. Prudence, a  
year shy of thirty, lives in London, has an  
office job, and is self-sufficient and  
fiercely independent—until Jane decides  
her friend should be married. Jane has  
the perfect husband in mind for her  
former pupil: a widower named Fabian  
Driver. But there are other women vying  
for Fabian's attention. And Pru is nursing  
her own highly inappropriate desire for  
her older, married, and seemingly  
oblivious employer, Dr. Grampian. What  
follows is a witty, delightful, trenchant  
story of manners, morals, family, and  
female bonding that redefines the social  
novel for a new generation.

Why Books Matter in a Distracted Time

Hachette Books

The author, a friend of both Dylan  
Klebold and Eric Harris, describes the  
events surrounding the shootings at  
Columbine High School.

*A True Crime Story* Pinnacle Books

An analysis of the Columbine high school  
shooting and four similar cases offers  
insight into why teenagers commit  
school rampage violence, in an account  
that features behavioral profiles of teen  
shooters to reveal the elements of  
abnormal psychology that contribute to  
homicidal mindsets. Reprint.

**A Mother's Reckoning** Harry N. Abrams

Ten years in the works, a masterpiece of reportage, this is the definitive account of the Columbine massacre, its aftermath, and its significance, from the acclaimed journalist who followed the story from the outset. "The tragedies keep coming. As we reel from the latest horror . . ." So begins a new epilogue, illustrating how Columbine became the template for nearly two decades of "spectacle murders." It is a false script, seized upon by a generation of new killers. In the wake of Newtown, Aurora, and Virginia Tech, the imperative to understand the crime that sparked this plague grows more urgent every year. What really happened April 20, 1999? The horror left an indelible stamp on the American psyche, but most of what we "know" is wrong. It wasn't about jocks, Goths, or the Trench Coat Mafia. Dave Cullen was one of the first reporters on scene, and spent ten years on this book—widely recognized as the definitive account. With a keen investigative eye and psychological acumen, he draws on mountains of evidence, insight from the world's leading forensic psychologists, and the killers' own words and drawings—several reproduced in a new appendix. Cullen paints raw portraits of two polar opposite killers. They contrast starkly with the flashes of resilience and redemption among the survivors.

Expanded with a New Epilogue

**Lies. Coverups. Ballistics. Lessons**

Open Road Media

The acclaimed New York Times bestseller by Sue Klebold, mother of one of the Columbine shooters, about living in the aftermath of Columbine. On April 20, 1999, Eric Harris and Dylan Klebold walked into Columbine High School in Littleton, Colorado. Over the course of

minutes, they would kill twelve students and a teacher and wound twenty-four others before taking their own lives. For the last sixteen years, Sue Klebold, Dylan's mother, has lived with the indescribable grief and shame of that day. How could her child, the promising young man she had loved and raised, be responsible for such horror? And how, as his mother, had she not known something was wrong? Were there subtle signs she had missed? What, if anything, could she have done differently? These are questions that Klebold has grappled with every day since the Columbine tragedy. In *A Mother's Reckoning*, she chronicles with unflinching honesty her journey as a mother trying to come to terms with the incomprehensible. In the hope that the insights and understanding she has gained may help other families recognize when a child is in distress, she tells her story in full, drawing upon her personal journals, the videos and writings that Dylan left behind, and on countless interviews with mental health experts. Filled with hard-won wisdom and compassion, *A Mother's Reckoning* is a powerful and haunting book that sheds light on one of the most pressing issues of our time. And with fresh wounds from the Newtown and Charleston shootings, never has the need for understanding been more urgent. All author profits from the book will be donated to research and to charitable organizations focusing on mental health issues. — Washington Post, Best Memoirs of 2016

**A Poetry Handbook** Hachette UK

Louise Steinman's American childhood in the fifties was bound by one unequivocal condition: "Never mention the war to your father." That silence sustained itself until the fateful day Steinman opened an

old ammunition box left behind after her parents' death. In it she discovered nearly 500 letters her father had written to her mother during his service in the Pacific War and a Japanese flag mysteriously inscribed to Yoshio Shimizu. Setting out to determine the identity of Yoshio Shimizu and the origins of the silken flag, Steinman discovered the unexpected: a hidden side of her father, the green soldier who achingly left his pregnant wife to fight for his life in a brutal 165-day campaign that changed him forever. Her journey to return the "souvenir" to its owner not only takes Steinman on a passage to Japan and the Philippines, but also returns her to the age of her father's innocence, where she learned of the tender and expressive man she'd never known. Steinman writes with the same poignant immediacy her father did in his letters. Together their stories in *The Souvenir* create an evocative testament to the ways in which war changes one generation and shapes another.

*Columbine* Penguin

On April 20, 1999, two teen boys went on a shooting rampage at Columbine High School in Littleton, Colorado. They killed 13 people, before turning their guns on themselves and committing suicide. Detailed here is an overview of the Columbine High School shootings and an exploration into the forensic casework involved in recreating the scene of the crimes. Includes sidebars containing first-person accounts of the incident.

*A Novel* Random House

"[Ron Rosenbaum] is one of the most original journalists and writers of our time." -David Remnick In *The Shakespeare Wars*, Ron Rosenbaum gives readers an unforgettable way of rethinking the greatest works of the

human imagination. As he did in his groundbreaking *Explaining Hitler*, he shakes up much that we thought we understood about a vital subject and renews our sense of excitement and urgency. He gives us a Shakespeare book like no other. Rather than raking over worn-out fragments of biography, Rosenbaum focuses on cutting-edge controversies about the true source of Shakespeare's enchantment and illumination—the astonishing language itself. How best to unlock the secrets of its spell? With quicksilver wit and provocative insight, Rosenbaum takes readers into the midst of fierce battles among the most brilliant Shakespearean scholars and directors over just how to delve deeper into the Shakespearean experience—deeper into the mind of Shakespeare. Was Shakespeare the one-draft wonder of Shakespeare in Love? Or was he rather—as an embattled faction of textual scholars now argues—a different kind of writer entirely: a conscientious reviser of his greatest plays? Must we then revise our way of reading, staging, and interpreting such works as *Hamlet* and *King Lear*? Rosenbaum pursues key partisans in these debates from the high tables of Oxford to a Krispy Kreme doughnut shop in a strip mall in the Deep South. He makes ostensibly arcane textual scholarship intensely seductive—and sometimes even explicitly sexual. At an academic "Pleasure Seminar" in Bermuda, for instance, he examines one scholar's quest to find an orgasm in *Romeo and Juliet*. Rosenbaum shows us great directors as Shakespearean scholars in their own right: We hear Peter Brook—perhaps the most influential Shakespearean director of the past century—disclose his quest for a "secret play" hidden within the Bard's comedies and dramas. We listen to Sir

Peter Hall, founder of the Royal Shakespeare Company, as he launches into an impassioned, table-pounding fury while discussing how the means of unleashing the full intensity of Shakespeare's language has been lost—and how to restore it. Rosenbaum's hilarious inside account of "the Great Shakespeare 'Funeral Elegy' Fiasco," a man-versus-computer clash, illustrates the iconic struggle to define what is and isn't "Shakespearean." And he demonstrates the way Shakespearean scholars such as Harold Bloom can become great Shakespearean characters in their own right. *The Shakespeare Wars* offers a thrilling opportunity to engage with Shakespeare's work at its deepest levels. Like *Explaining Hitler*, this book is destined to revolutionize the way we think about one of the overwhelming obsessions of our time.

**The Pastures of Heaven** Penguin

This is the behind the scenes story of the Columbine tragedy, from a year before the killings and through the entire story, to twenty years after the killings. This book covers many of the unknown details, the cover-ups, the lies, the secrets and the real life story of the family involved in Columbine. If you think you know the story of Columbine, you are wrong. This is the real story of the tragedy, from the point of view of the family at the center of the tragedy.

*Ceremonial Violence* Michael O'Mara Books

A clinical psychologist and member of South Africa's Truth and Reconciliation Commission describes how she met in a maximum security prison with Eugene de Kock, "Dr. Death," the notorious commander of apartheid death squads.

*Comprehending Columbine* Westminster John Knox Press

A NEW YORK TIMES BESTSELLER On the

first anniversary of the events at Parkland, the acclaimed, New York Times bestselling author of *Columbine* offers an intimate, deeply moving account of the extraordinary teenage survivors who became activists and pushed back against the NRA and feckless Congressional leaders—inspiring millions of Americans to join their grassroots #neveragain movement. Nineteen years ago, Dave Cullen was among the first to arrive at Columbine High, even before most of the SWAT teams went in. While writing his acclaimed account of the tragedy, he suffered two bouts of secondary PTSD. He covered all the later tragedies from a distance, working with a cadre of experts cultivated from academia and the FBI, but swore he would never return to the scene of a ghastly crime. But in March 2018, Cullen went to Marjory Stoneman Douglas High School because something radically different was happening. In nearly twenty years witnessing the mass shootings epidemic escalate, he was stunned and awed by the courage, anger, and conviction of the high school's students. Refusing to allow adults and the media to shape their story, these remarkable adolescents took control, using their grief as a catalyst for change, transforming tragedy into a movement of astonishing hope that has galvanized a nation. Cullen unfolds the story of Parkland through the voices of key participants whose diverse personalities and outlooks comprise every facet of the movement. Instead of taking us into the minds of the killer, he takes us into the hearts of the Douglas students as they cope with the common concerns of high school students everywhere—awaiting college acceptance letters, studying for mid-term exams, competing against their

athletic rivals, putting together the yearbook, staging the musical *Spring Awakening*, enjoying prom and graduation—while moving forward from a horrific event that has altered them forever. Deeply researched and beautifully told, *Parkland* is an in-depth examination of this pivotal moment in American culture—and an up-close portrait that reveals what these extraordinary young people are like as kids. As it celebrates the passion of these astonishing students who are making history, this spellbinding book is an inspiring call to action for lasting change.

*The Ardlamont Mystery* Simon and Schuster

"In the vein of Dave Cullen's *Columbine*, the first comprehensive account of the Sandy Hook tragedy—with exclusive new reporting that chronicles the horrific events of December 14, 2012, including new insight into the dark mind of gunman Adam Lanza. Twenty-six people dead; twenty of them schoolchildren between the ages of six and seven. The world mourned the devastating shooting at Sandy Hook elementary school in Newtown, Connecticut in December 2012. Now, here is the startling, comprehensive look at this tragedy, and into the mind of the unstable killer, Adam Lanza. Drawing on hundreds of interviews and a decade's worth of emails from Lanza's mother to close friends that chronicled his slow slide into mental illness, *Newtown* pieces together the perfect storm that led to this unspeakable act of violence that shattered so many lives. *Newtown* explores the two central theories that have permeated the media since the attack: some claim Lanza suffered from severe mental illness, while others insist that, far from being a random act of

insanity, this was a meticulously thought out, premeditated attack at least two years in the making by a violent video-gamer so obsessed with "glory kills" and researching mass murderers that he was willing to go to any length to attain the top score. Lanza's dark descent from a young boy with adjustment disorders to a calculating killer is interwoven with the Newtown massacre as it unfolded at the time, told from the points of view of eye witnesses, survivors, parents of victims, first responders, and Adam's relatives. A definitive account of a tragedy that shook a nation, *Newtown* features exclusive material including initial misinformation reported by the media and commentary on how this catastrophic event became a lightning rod for political agendas, much like *Columbine* did more than a decade ago"-

**Columbine** Houghton Mifflin Harcourt  
After Caitlin Gabriel survives a deadly shooting at her high school, she struggles to tell her story to her parents, the authorities, and anyone who will listen. But there are other narratives that gain purchase in the media and paint her in a different light. Renowned Hollywood screenwriter Scott Z. Burns returns to the stage with this bold and chilling play that asks us to examine our relationship to the truth and the lies that claim to heal us.

Cullen paints raw portraits of two polar opposite killers. They contrast starkly with the flashes of resilience and redemption among the survivors.

### **SUTHERLAND SPRINGS**

Oms, LLC

The result of 15 years of research and exclusive information, this is the first book of investigative journalism to tell the complete story of Littleton, Colorado's 1999 mass shooting, its far-reaching consequences, and common characteristics among public shooters across the country. A classic in the tradition of *In Cold Blood* and *The Executioner's Song*, it comprehensively explores fundamental American themes of violence, racism, parenting, and policing. This updated and revised

edition concludes with new material about public shootings since Columbine and how communities can stop such horrific events from happening in the future.

### The Search for the Origins of His Evil HMH

Named one of the Top 10 Books of the Year in 2020 by the Academy of Parish Clergy "Drawing on his own spiritual journey, David Gushee provides an incisive critique of American evangelicalism [and] offers a succinct yet deeply informed guide for post-evangelicals seeking to pursue Christ-honoring lives." —Kristin Kobes Du Mez, Calvin University Millions are getting lost in the evangelical maze: inerrancy, indifference to the environment, deterministic Calvinism, purity culture, racism, LGBTQ discrimination, male dominance, and Christian nationalism. They are now conscientious objectors, deconstructionists, perhaps even "none and done." As one of America's leading academics speaking to the issues of religion today, David Gushee offers a clear assessment and a new way forward for disillusioned post-evangelicals. Gushee starts by analyzing what went wrong with U.S. white evangelicalism in areas such as evangelical history and identity, biblicism, incredible theologies, and the fundamentalist understandings of race, politics, and sexuality. Along the way, he proposes new ways of Christian believing and of listening to God and Jesus today. He helps post-evangelicals know how to belong and behave, going from where they are to a living relationship with Christ and an intellectually cogent and morally robust post-evangelical faith. He shows that they can have a principled way of understanding Scripture, a community of Christ's people, a healthy politics, and

can repent and learn to listen to people on the margins. With a foreword from Brian McLaren, who says, “David Gushee is right: there is indeed life after evangelicalism,” this book offers an essential handbook for those looking for answers and affirmation of their journey

into a future that is post-evangelical but still centered on Jesus. If you, too, are struggling, *After Evangelicalism* shows that it is possible to cut loose from evangelical Christianity and, more than that, it is necessary.
