ROY BROCK

Staring Simon and Schuster New York Times–bestselling author of *The Psychopath Test* Jon Ronson writes about the dark, uncanny sides of humanity with clarity and humor. *Lost at Sea*—now with new material—reveals how deep our collective craziness lies, even in the most mundane circumstances. Ronson investigates the strange things we're willing to believe in, from robots programmed with our loved ones' personalities to indigo children to the Insane Clown Posse's juggalo fans. He looks at ordinary lives that take on extraordinary perspectives. Among them: a pop singer whose greatest passion is the coming alien invasion, assisted-suicide

practitioners, and an Alaskan town's Christmas-induced high school mass-murder plot. He explores all these tales with a sense of higher purpose and universality, yet they are stories not about the fringe of society. They are about all of us. Incisive and hilarious, poignant and maddening, revealing and disturbing—Ronson writes about our modern world, and reveals how deep our collective craziness lies, and the chaos stirring at the edge of our daily lives. *So You've Been Publicly Shamed* Prabhat Prakashan Bizarre military history: In 1979, a crack commando unit was established by the most gifted minds within the U.S. Army. Defying all known laws of physics and accepted military practice, they believed that a soldier could adopt the cloak of invisibility, pass cleanly through walls,

and—perhaps most chillingly—kill goats just by staring at them. They were the First Earth Battalion, entrusted with defending America from all known adversaries. And they really weren't joking. What's more, they're back—and they're fighting the War on Terror. An uproarious exploration of American military paranoia: With investigations ranging from the mysterious "Goat Lab," to Uri Geller's covert psychic work with the CIA, to the increasingly bizarre role played by a succession of U.S. presidents, this might just be the funniest, most unsettling book you will ever read—if only because it is all true and is still happening today. **THE GREAT GATSBY** Vintage It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the

Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leonidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—"The Butterflies." In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from hair ribbons and secret crushes to gunrunning and prison torture, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human cost of political oppression.

STARING AT GOD

Hachette Books

From the Pulitzer Prize-winning author of *The Return* comes a profoundly moving contemplation of the relationship between art and life. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND EVENING STANDARD** After finishing his powerful memoir *The Return*, Hisham Matar, seeking solace and pleasure, traveled to Siena, Italy. Always finding comfort and clarity in great art, Matar immersed himself in eight significant works from the Siennese School of painting, which flourished from the thirteenth to the fifteenth centuries. Artists he had admired throughout his life, including Duccio and Ambrogio Lorenzetti, evoke earlier engagements he'd had with works by Caravaggio and Poussin, and the personal experiences that surrounded those moments. Including beautiful full-color reproductions of the artworks, *A Month in Siena* is about what occurred between Matar, those paintings, and the city. That month would be an extraordinary period in the writer's life: an exploration of how art can console and disturb in equal measure, as well as an intimate encounter with a city and its inhabitants. This is a gorgeous meditation on how centuries-old art can illuminate our own inner landscape—current relationships, long-lasting love, grief, intimacy, and solitude—and shed further light on the present world around us. Praise for *A Month in Siena* "As exquisitely structured as *The Return*, driven by desire, yearning, loss, illuminated by the kindness of strangers. *A Month in Siena* is a triumph."—Peter Carey

Drawing on examples from art, media, fashion, history and memoir, cultural critic Rosemarie Garland-Thomson tackles a basic human interaction which has remained curiously unexplored, the human stare. In the first book of its kind, Garland-Thomson defines staring, explores the factors that motivate it, and considers the targets and the effects of the stare. While borrowing from psychology and biology to help explain why the impulse to stare is so powerful, she also enlarges and complicates these formulations with examples from the realm of imaginative culture. Featuring over forty illustrations, *Staring* captures the stimulating combination of symbolic, material and emotional factors that make staring so irresistible while endeavoring to shift the usual response to staring, shame, into an engaged self-consideration. Elegant and provocative, this unique study advances new ways of thinking about visuality and the body that will appeal to readers who are interested in the overlap between the humanities and human behaviors.

The Negro Motorist Green Book Simon and Schuster

From the acclaimed author of "Them" comes a truly disturbing, often hilarious look at the U.S. military's long flirtation with the paranormal--and the psy-op soldiers who are still fighting the battle. *Code Girls* Houghton Mifflin Harcourt National Bestseller * New York Times Editors' Choice * Financial Times "Books to Read in 2022" "A gripping account of PayPal's origins and a vivid portrait of the geeks and contrarians who made its meteoric rise possible" (The Wall Street Journal)—including Elon Musk, Amy Rowe Klement, Peter Thiel, Julie Anderson, Max Levchin, Reid Hoffman, and many others whose stories have never been shared. Today, PayPal's founders and earliest employees are considered the technology industry's most powerful network. Since leaving PayPal, they have formed, funded, and advised the leading companies of our era, including Tesla, Facebook, YouTube, SpaceX, Yelp, Palantir, and LinkedIn, among many others. As a group, they have driven twenty-first-century innovation and entrepreneurship. Their names stir passions; they're as controversial as they are admired. Yet for all their influence, the story of where they first started has gone largely untold. Before igniting the commercial space race or jumpstarting social media's rise, they were the unknown creators of a scrappy

online payments start-up called PayPal. In building what became one of the world's foremost companies, they faced bruising competition, internal strife, the emergence of widespread online fraud, and the devastating dot-com bust of the 2000s. Their success was anything but certain. In *The Founders: The Story of PayPal and the Entrepreneurs Who Shaped Silicon Valley*, award-winning author and biographer Jimmy Soni explores PayPal's turbulent early days. With hundreds of interviews and unprecedented access to thousands of pages of internal material, he shows how the seeds of so much of what shapes our world today—fast-scaling digital start-ups, cashless currency concepts, mobile money transfer—were planted two decades ago. He also reveals the stories of countless individuals who were left out of the front-page features and banner headlines but who were central to PayPal's success. Described as "an intensely magnetic chronicle" (The New York Times) and "engrossing" (Business Insider), *The Founders* is a story of iteration and inventiveness—the products of which have cast a long and powerful shadow over modern life. This narrative illustrates how this rare assemblage of talent came to work together and how their collaboration changed our world forever.

A SINGULAR EXPLORATION OF MODERN LOVE AND ALL ITS DEMONS, IN WORDS AND DRAWINGS In this brilliant gem of a book, artist/writer Leanne Shapton weaves together a voyeuristic tale of love and life through epigrammatic vignettes and sleek line drawings. Entire relationships are encapsulated in a few, stinging perfect lines: "Colleen was Walter's ex-girlfriend from med school. She loved to dance with men at weddings." Pricking our insecurities, Shapton introduces us to Kim, whose ex "kept a drawerful of love letters in a kitchen drawer . . . She would stare at it while she cooked." And Ben's ex, "a physiotherapist for the U.S. men's and women's Olympic swim teams. She wore small white shorts year-round." Fascinated by her own jealousy, Shapton interviewed acquaintances about their anxieties and peccadilloes, and the result is a book of surpassing originality: one of those unusual books that comes along to delight us all, like *An Exaltation of Larks* or *Love, Loss, and What I Wore* or *Griffin and Sabine. Was She Pretty?* can also share the shelf with the work of the legendary William Steig, whose early, psychologically revealing work inspired Shapton. An unflinching observer of human behavior,

she invites us to peer into the hearts and minds of her characters—while reminding us that we shouldn't be surprised if we see ourselves staring right back.

Sexual Harassment of Women Oxford University Press

Why are Iraqi prisoners of war forced to listen to Barney the Purple Dinosaur's theme tune repeatedly, at top volume? Why have a hundred de-bleated goats been secretly placed inside the Special Forces command centre at Fort Bragg, North Carolina? Has the US Army really enlisted the help of Uri Geller? In *The Men Who Stare at Goats*, Jon Ronson searches for answers to these and many other questions, revealing some of the extraordinary beliefs at the core of the War on Terror. So unbelievable that it has to be true - this is the real-life account that inspired the film.

MEN WHO STARE AT GOATS. HarperCollins 'Breathtaking.' Sunday Times 'Exquisite.' The Times 'Beautiful.' Independent 'Powerful.' New York Times An international bestseller and a modern classic, this suspenseful epic of one family's tragic undoing and their remarkable reconstruction has been read, adored and shared by millions around the world. This story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it - from garden seeds to Scripture - is calamitously transformed on African soil. What readers are saying 'This remains one of the most fascinating books I have ever read.' 'I felt every emotion under the sky with this book.' 'Riveting.' 'This novel left a lasting - YEARS LASTING - impression.' 'This is one of those books that stands the test of time and is worth rereading.' 'Five epic, no-wonder-this-book-is-so-well-loved stars!'

THE STRANGER

Lulu.com

A humorous and cautionary account of the U.S. military's use of psychic tactics in the War on Terror and other political agendas discusses the methods employed by the First Earth Battalion, questioning its soldiers' abilities to perform such feats as invisibility, walking through walls, and killing goats with their minds.

"May be the best book ever written about jazz."—David Thomson, Los Angeles Times In eight poetically charged vignettes, Geoff Dyer skillfully evokes the music and the men who shaped modern jazz.

Drawing on photos, anecdotes, and, most important, the way he hears the music, Dyer imaginatively reconstructs scenes from the embattled lives of some of the greats: Lester Young fading away in a hotel room; Charles Mingus storming down the streets of New York on a too-small bicycle; Thelonious Monk creating his own private language on the piano. However, music is the driving force of *But Beautiful*, and wildly metaphoric prose that mirrors the quirks, eccentricity, and brilliance of each musician's style.

Was She Pretty? Wings Press

An urgent exploration of men's entitlement and how it serves to police and punish women, from the acclaimed author of *Down Girl* "Kate Manne is a thrilling and provocative feminist thinker. Her work is indispensable."—Rebecca Traister NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE ATLANTIC In this bold and stylish critique, Cornell philosopher Kate Manne offers a radical new framework for understanding misogyny. Ranging widely across the culture, from Harvey Weinstein and the Brett Kavanaugh hearings to "Cat Person" and the political misfortunes of Elizabeth Warren, Manne's book shows how privileged men's sense of entitlement—to sex, yes, but more insidiously to admiration, care, bodily autonomy, knowledge, and power—is a pervasive social problem with often devastating consequences. In clear, lucid prose, Manne argues that male entitlement can explain a wide array of phenomena, from mansplaining and the undertreatment of women's pain to mass shootings by incels and the seemingly intractable notion that women are "unelectable." Moreover, Manne implicates each of us in toxic masculinity: It's not just a product of a few bad actors; it's something we all perpetuate, conditioned as we are by the social and cultural mores of our time. The only way to combat it, she says, is to expose the flaws in our default modes of thought while enabling women to take up space, say their piece, and muster resistance to the entitled attitudes of the men around them. With wit and intellectual fierceness, Manne sheds new light on gender and power and offers a vision of a world in which women are just as entitled as men to our collective care and concern.

Their Eyes Were Watching God Macmillan Tells a story about the strange relationship of two migrant workers who are able to realize their dreams of an easy life until one of them succumbs to his weakness for soft, helpless creatures and strangles a farmer's wife.

But Beautiful Simon and Schuster

Over the last few decades, research, activity, and funding has been devoted to improving the recruitment, retention, and advancement of women in the fields of science, engineering, and medicine. In recent years the diversity of those participating in these fields, particularly the participation of women, has improved and there are significantly more women entering careers and studying science, engineering, and medicine than ever before. However, as women increasingly enter these fields they face biases and barriers and it is not surprising that sexual harassment is one of these barriers. Over thirty years the incidence of sexual harassment in different industries has held steady, yet now more women are in the workforce and in academia, and in the fields of science, engineering, and medicine (as students and faculty) and so more women are experiencing sexual harassment as they work and learn. Over the last several years, revelations of the sexual harassment experienced by women in the workplace and in academic settings have raised urgent questions about the specific impact of this discriminatory behavior on women and the extent to which it is limiting their careers. *Sexual Harassment of Women* explores the influence of sexual harassment in academia on the career advancement of women in the scientific, technical, and medical workforce. This report reviews the research on the extent to which women in the fields of science, engineering, and medicine are victimized by sexual harassment and examines the existing information on the extent to which sexual harassment in academia negatively impacts the recruitment, retention, and advancement of women pursuing scientific, engineering, technical, and medical careers. It also identifies and analyzes the policies, strategies and practices that have been the most successful in preventing and addressing sexual harassment in these settings.

In this madcap journey, a bestselling journalist investigates psychopaths and the industry of doctors, scientists, and everyone else who studies them. The *Psychopath Test* is a fascinating journey through the minds of madness. Jon Ronson's exploration of a potential hoax being played on the world's top neurologists takes him, unexpectedly, into the heart of the madness industry. An influential psychologist who is convinced that many important CEOs and politicians

are, in fact, psychopaths teaches Ronson how to spot these high-flying individuals by looking out for little telltale verbal and nonverbal clues. And so Ronson, armed with his new psychopath-spotting abilities, enters the corridors of power. He spends time with a death-squad leader institutionalized for mortgage fraud in Coxsackie, New York; a legendary CEO whose psychopathy has been speculated about in the press; and a patient in an asylum for the criminally insane who insists he's sane and certainly not a psychopath. Ronson not only solves the mystery of the hoax but also discovers, disturbingly, that sometimes the personalities at the helm of the madness industry are, with their drives and obsessions, as mad in their own way as those they study. And that relatively ordinary people are, more and more, defined by their maddest edges.

The Men Who Stare at Goats Tor Books Winner of the National Book Award for Young People's Literature, the Michael L. Printz Award, and the Pura Belpré Award! Fans of Jacqueline Woodson, Meg Medina, and Jason Reynolds will fall hard for this astonishing New York Times-best-selling

novel-in-verse by an award-winning slam poet, about an Afro-Latina heroine who tells her story with blazing words and powerful truth. Xiomara Batista feels unheard and unable to hide in her Harlem neighborhood. Ever since her body grew into curves, she has learned to let her fists and her fierceness do the talking. But Xiomara has plenty she wants to say, and she pours all her frustration and passion onto the pages of a leather notebook, reciting the words to herself like prayers—especially after she catches feelings for a boy in her bio class named Aman, who her family can never know about. With Mami's determination to force her daughter to obey the laws of the church, Xiomara understands that her thoughts are best kept to herself. So when she is invited to join her school's slam poetry club, she doesn't know how she could ever attend without her mami finding out. But she still can't stop thinking about performing her poems. Because in the face of a world that may not want to hear her, Xiomara refuses to be silent. "Crackles with energy and snaps with authenticity and voice." —Justina Ireland,

author of *Dread Nation* "An incredibly potent debut." —Jason Reynolds, author of the National Book Award Finalist *Ghost* "Acevedo has amplified the voices of girls en el barrio who are equal parts goddess, saint, warrior, and hero." —Ibi Zoboi, author of *American Street* This young adult novel, a selection of the Schomburg Center's Black Liberation Reading List, is an excellent choice for accelerated tween readers in grades 6 to 8. Plus don't miss Elizabeth Acevedo's *With the Fire on High* and *Clap When You Land*! **Black Like Me** The Men who Stare at Goats It's obvious that Cletus Graeme--limping, mild-mannered scholarly--doesn't belong on a battling field, but instead at a desk working on his fourth book on battle strategy and tactics. But Bakhalla has more battlefields than libraries, and Graeme sees his small force of Dorsai--soldiers of fortune--as the perfect opportunity to test his theories. But if his theories or his belief in the Dorsai lead him astray, he's a dead man.
