In 1962 he proposed "ethnography of speaking" as a way to study how people talked. Later the name was changed to include other symbolic means of expression and called ethnography of communication. Dell Hymes SPEAKING - TIEM Center Dell Hymes was particularly critical of Chomsky's idea of linguistic competence and his failure to account for linguistic variation. Hymes proposed the term ethnography of communication to describe a new approach to understanding language in use (Hymes 1964b). Hymes aimed to move away from considering language in the abstract and toward investigating the diversity of speech as it is encountered in ethnographic fieldwork. Dell H. Hymes: An intellectual sketch - Cambridge Core Dell Hymes proposed the ethnography of communication as an approach towards analyzing patterns of language use within speech communities, in order to provide support for his idea of communicative competence, which itself was a reaction to Noam Chomsky's distinction between linguistic competence and linguistic performance. Ethnography of communication - Wikipedia In Part One, Dell Hymes indicates the place of linguistic inquiry as part of an inquiry into communicable conduct in general. Part Two demonstrates the mutual relation between linguistics and other disciplines that contribute to the common larger field—sociology, social anthropology, education, folklore, and poetics are discussed.
