### **THE CONTEMPORARY ARAB READER ON POLITICAL ISLAM**

Oxford University Press

While Syria has been dominated since the 1960s by a determinedly secular regime, the 2011 uprising has raised many questions about the role of Islam in the country's politics. This book demonstrates that with the eradication of the Muslim Brothers after the failed insurrection of 1982, Sunni men of religion became the only voice of the Islamic trend in the country. Through educational programs, charitable foundations and their deft handling of tribal and merchant networks, they took advantage of popular disaffection with secular ideologies to increase their influence over society. In recent years, with the Islamic resurgence, the Alawi-dominated Ba'thist regime was compelled to bring the clergy into the political fold. This relationship was exposed in 2011 by the division of the Sunni clergy between regime supporters, bystanders and opponents. This book affords a new perspective on Syrian society as it stands at the crossroads of political and social fragmentation.

*Introduction to Islamic Creed* International Institute of Islamic Thought (IIIT)

What is happiness? What is not happiness? How can one lead a truly happy life? What are the differences between happiness,

joy, gladness, contentment and pleasure? In this concise and easy-to-read book, noted philosopher and Islamic scholar, Prince Ghazi of Jordan, reviews the classical philosophical and religious answers to these questions and then shows Islam's perspective on the issue based on the Qur'an and saying of the Prophet Muhammad (SAW.) The answer is a surprising one to which everyone can relate.

*Inner Dimensions of Islamic Worship* Turath Publishing

Contemporary Islamism is a complex notion, encompassing a constellation of social, political, religious and ideological ideas that have evolved over the past two hundred years. These ideas have dramatically shaped modern and contemporary Arab societies, but they are little understood in the West. The Contemporary Arab Reader on Political Islam corrects this at a stroke. It brings together the writings of highly influential figures in the field of Islamism in the contemporary Arab world, many of whose writings have never been available before in English. Addressing the key issues such as Shari'ah, human rights, civil society, secularism, globalisation and ummah, and the impact of the West on the modern Arab world, this is the perfect starting point for students and academics looking to understand Political Islam in contemporary Arab and Muslim societies. The contributors include such important Islamist thinkers and activists as Abdullah Azzam, central to the spread of Islamism in Afghanistan, Sayyid Muhammad Hussain Fadlallah, a major Shiite figure in contemporary Lebanon and Ahmad Bin Yousuf, a

political advisor to Akram Haniyya in Gaza.

*Islâm'a dâvet metodu* Kube Publishing Ltd

This concise book is among the finest introductions to Islam for an educated readership. Its content is authentic, reliable, and powerfully presented -- written by an Islamic scholar, Dr. Abdul Wadod Shalabi, who combines traditional religious training from al-Azhar University and Western education from the University of Cambridge, where the author received his doctorate. Also, it has been edited by Abd al-Hakim Murad, himself a scholar.

Sharia Compliant Independently Published

An enduring classic work on the etiquette that a Muslim must or should have with regard to handling and reciting the Quran (the Muslim scripture). The topics this volume raises include: ritual cleanliness, opportune times for recitation, the etiquette that students have with their teachers (and that teachers must have with their students), and variety of other issues that every Muslim should know and frequently ask about.

Certainly, the biography of Sayidah A'isha, the Mother of the Believers, has provoked many a topic to occupy historians, students of the Shariah, as well as those who follow their whims and desires, and continues to do so. Truly in her biography is what is worthy to be studied and defended, against those biased ones that bring about doubts and aspersions. Sayidah A'isha (r) had an unparalleled personality. Through which she occupied a special place in the heart of the Messenger of Allah (s) and in his life. It was as if he had prepared her to be one of the preservers of his knowledge. 2210 hadiths have been narrated by her from the Prophet (s). But that is not all, for she was also accomplished

in many sciences and in giving legal judgements (ijtihad). Abu Musa Al-Ashari (r) said about her, "Never did a hadith become difficult upon the Companions of the Messenger (s) to understand, except we would ask A'isha and find knowledge of it with her." This book is a response to some of the disconcerting events of her life, accompanied by evidence, proofs and facts. The Infallibility of the Prophets Pinnacle Papers by Imam Muhamm

This book covers the ins and outs of Islamic legal change and provides readers with step-by-step instructions for shaping the future of Islamic law.

Ibn Taymiyya remains one of the most controversial Islamic thinkers today because of his supposed influence on many fundamentalist movements. The common understanding of his ideas have been filtered through the bits and pieces of his statements that have been misappropriated by alleged supporters and avowed critics alike. However, most people still have limited access to his beliefs and opinions as expressed in his own writings. *Epistle on Worship: Risalat al-'Ubudiyya*, aims to begin filling this gap by presenting an annotated translation of one of Ibn Taymiyya's most important epistles on the theology behind the concept of worship. The introduction gives the reader an overview of his biography and situates Ibn Taymiyya in the broader world of Islamic intellectual history by explaining his methodological arguments and theological opinions. The annotated translation captures the immediacy of his ideas as they impacted his world as well as the relevance they have for our times.

### Fiqh Us Seerah Dar Al Fikr Al Mouaser

Written by the Qadi (judge) of the Shari'a Court of Jerusalem and former director of the Shari'a Court system in Israel, this book offers a unique perspective on the religious law of Muslim minorities living in the West. Specifically, it explores the fiqh al-aqalliyāt doctrine of religious jurisprudence developed by modern Islamic jurists to resolve the challenges of maintaining cultural and religious identity in majority non-Muslim societies. The author examines possible applications across numerous cultural and geographical contexts, answering such questions as: what are the rules for assuming political and public roles, and should one deposit money that incurs interest? Building on a growing scholarship, this book aims to resolve points of view and facets of religious law that have been neglected by previous studies. Accessibly written, Shari'a in the Modern Era is designed to promote cross-cultural understanding among readers of all faiths.

### **LOGIC AND CRITICAL THINKING: AN INTRODUCTION FOR MUSLIM STUDENTS**

John Wiley & Sons

Cesari argues that both religious and national communities are defined by the three Bs: belief, behaviour and belonging. By focusing on the ways in which these three Bs intersect, overlap or clash, she identifies the patterns of the politicization of religion, and vice versa, in any given context. Her approach has four advantages: firstly, it combines an exploration of institutional and ideational changes across time, which are usually separated by disciplinary boundaries. Secondly, it illustrates the heuristic value

of combining qualitative and quantitative methods by statistically testing the validity of the patterns identified in the qualitative historical phase of the research. Thirdly, it avoids reducing religion to beliefs by investigating the significance of the institution-ideas connections, and fourthly, it broadens the political approach beyond state-religion relations to take into account actions and ideas conveyed in other arenas such as education, welfare, and culture.

This book portrays one of the most significant personalities in the history of Islam. Taking the misunderstandings and defamation about her into consideration, Aisha needs to be understood correctly. This study by Dr Resit Haylamaz, an expert on the life of the Prophet and his leading Companions, reflects her life in various aspects based on reliable reports. The book clarifies her critical role at establishing the Islamic teaching, with particular reference to her role in the transmission of private matters concerning women and marital relations, as well as recording the authentic sayings of the Prophet. As her sensitivity at practicing religion is related in a rich variety of examples, much disputed issues like her marriage age and her stance about Ali ibn Abi Talib are covered as separate topics.

**Shari'a in the Modern Era** Tughra Books

In recent years, Islamic law, or Shari'a, has been appropriated as a tool of modernity in the Muslim world and in the West and has become highly politicised in consequence. Wael Hallaq's magisterial overview of Shari'a sets the record straight by examining the doctrines and practices of Islamic law within the context of its history, and by showing how it functioned within pre-modern Islamic societies as a moral imperative. In so doing, Hallaq takes the reader on an epic journey tracing the history of Islamic law from its beginnings in seventh-century Arabia, through its development and transformation under the Ottomans, and across lands as diverse as India, Africa and South-East Asia, to the present. In a remarkably fluent narrative, the author unravels the complexities of his subject to reveal a love and deep knowledge of the law which will inform, engage and challenge the reader.

**Etiquette with the Quran** Little Wonders Publishing

As a response to a request, Imam al-Bajuri, in this short treatise outlines, the core beliefs of the traditional, orthodox Sunni doctrine ('Aqida) that every Muslim should be aware of. Designed to be studied preferably with a teacher or read on one's own, this text will equip the student with sufficient knowledge of the bare essentials of his religion to be able to distinguish truth from falsehood, orthodox from unorthodox, Ahl al-Sunna wa al-Jama'a from others.

God Intervenes Between A Person And Their Heart: Key Lessons

from the Prophets is a journey in listening, reflecting, and answering the call of faith, inspired by the life experiences that challenged me, and questions that I had to work through for myself and others. The stories of the Muslim prophets are generally used for legalistic purposes, either to support Muslims or to tear them down. I would like us to take a step back from these dos and don'ts and to see the Muslim prophets as benchmarks or a mirror devoid of imperfection that can help us human beings see our various imperfections and reflect on our human struggles, to see and question afresh. There are many sections about the lives of the prophets and how their stories connect to the contemporary world. I hope to make the prophets relatable to the readers by sharing stories of how they embraced and faced their all-too-human struggles. In this project, it's important for us to connect all our wounds together: The wounds of the prophets; the wounds of the Native Americans; the wounds of slavery, Jim Crow, and racism; the wounds of the disabled; the wounds of domestic violence. We have to recognize and seek out the wounds in our society, both as the oppressed and as the privileged, and sometimes as both. The prophets' stories can help us see into this complex landscape, and help us see how coexistence, too, is a shared, universal experience. The book opens with the anger of the oppressed and blends into the stories of Adam and Satan, as the story of humanity begins with repentance and self-criticism, a state that doesn't have to feel harsh or depressing, but instead can feel comfortable and wholly human. The questions of love and projection, truth and wisdom, power and oppression are not just stories from the Torah, Bible, or Qur'an: They are things that each one of us struggles to

understand. By being able to connect to the shared cultural history, and the shared stories of these prophets, we can connect to each other. The stories of the Prophets are connective tissue, and the Prophets are connective figures, helping connect Muslims with themselves, Muslims with each other, and Muslims with other groups.

*Albani & His Friends* Aqsa publications

In this succinct treatise, Imam al-Sabuni skilfully dispels any aspersions or misunderstandings from the life and times of the noble Prophets and Messengers of God. He provides a thorough exploration of the concept of infallibility using Arabic etymology and canonical Islamic texts, demonstrating their protection from God and immunity to sin.

**Tajdid, Islah and Civilisational Renewal in Islam** Cambridge University Press

Ibn Rajab's essay Refutation of Those Who Do Not Follow the Four Schools advocates for the necessity of following Islamic scholarship in general, and legal scholarship in particular. A large portion of the essay covers the history of the development of Islamic scholarship and how the Muslim Community came to recognize scholars as the source for authoritative knowledge. Readers of the essay will notice that Ibn Rajab is engaging individuals who saw themselves as equal or superior to prior generations of scholars, free to cast aside scholarship and to reinterpret without any need for requisite skills and knowledge. Although written seven centuries ago, it might as well have been written with today's reformers in mind.

*God Intervenes Between a Person and Their Heart* Turath Publishing

Written by a number of Islamic religious authorities and Muslim scholars, this work presents the views and teachings of mainstream Sunni and Shi'i Islam on the subject of jihad. It authoritatively presents jihad as it is understood by the majority of the world's 1.7 billion Muslims in the world today, and supports this understanding with extensive detail and scholarship. No word in English evokes more fear and misunderstanding than "jihad." To date the books that have appeared on the subject in English by Western scholars have been either openly partisan and polemical or subtly traumatized by so many acts and images of terrorism in the name of jihad and by the historical memory of nearly 1,400 years of confrontation between Islam and Christianity. Though jihad is the central concern of War and Peace in Islam: The Uses and Abuses of Jihad, the range of the essays is not confined exclusively to the study of jihad. The work is divided into three parts: War and Its Practice, Peace and Its Practice, and Beyond Peace: The Practice of Forbearance, Mercy, Compassion and Love. The book aims to reveal the real meaning of jihad and to rectify many of the misunderstandings that surround both it and Islam's relation with the "Other."

### **IN THE FOOTSTEPS OF THE PROPHET**

On the eve of the 6th Rabiul Thani, 15th May 2007, Shaykh Muhammad Awwamah, was invited for a seminar held in his honour by the well respect wisher, Sayyid Abdul Maqsud

Khawjah, in Jeddah. The highlight of the seminar was the speech delivered by the esteemed Shaykh Muhammad Awwamah, which consisted of sterling advice for all scholars. These were the inner most concerns and feelings that the Shaykh poured out to the audience. They are actually solutions to the academic crisis that has clouded the circles of knowledge today.
