This revised and updated fifth edition of Accounting for Managers builds on the international success of the previous editions in explaining how accounting is used by non-financial managers. Emphasizing the interpretation rather than the construction of accounting information, Accounting for Managers encourages a critical, rather than an unthinking acceptance of accounting techniques. Whilst immensely valuable for planning, decision-making and control, users of accounting information need to recognize the assumptions behind, and the limitations of particular accounting techniques. As in the previous editions, the book links theory with practical examples and case studies drawn from real business situations across a wide range of manufacturing, retail and service industries.

This book serves as a guide to strategic management accounting.

It introduces new and useful concepts on how to collect, analyse, and evaluate options to enable managers to steer corporate directions and write strategic plans for the long-term success of the corporation. Starting with basic techniques and the latest strategic management approaches, the book then presents cases that show the techniques employed step by step. By demonstrating how easily the ideas can be translated into action, it is a valuable resource for business practitioners, as well as for students taking advanced management accounting courses.

A Pretty Woman tale turns toxic and deadly in this provocative thriller of sex, obsession, and murder from Robyn Harding, the “master of domestic suspense” (Kathleen Barber) and the USA TODAY bestselling author of *The Swap* and *Her Pretty Face*. Natalie, a young art student in New York City, is struggling to pay her bills when a friend makes a suggestion: Why not go online and find a sugar daddy—a wealthy, older man who will pay her for dates and even give her a monthly allowance? Lots of girls do it, Nat learns. All that’s required is to look pretty and hang on his every word. Sexual favors are optional. Though more

than thirty years her senior, Gabe, a handsome corporate finance attorney, seems like the perfect candidate, and within a month, they are madly in love. At least, Nat is...Gabe already has a family, whom he has no intention of leaving. So when he abruptly ends things, Nat can’t let go. But Gabe’s not about to let his sugar baby destroy his perfect life. What was supposed to be a mutually beneficial arrangement devolves into a nightmare of deception, obsession, and, when a body is found near Gabe’s posh Upper East Side apartment, murder. Emotionally powerful and packed with page-turning suspense, *The Arrangement* delves into the sordid, all-too-real world of shadowy relationships between wealthy, powerful men and the young women who are caught in their web.
