1963: January-June

A major literary event: the first volume in the definitive, complete collection of the letters of Sylvia Plath—most never before seen. One of the most beloved poets of the modern age, Sylvia Plath continues to inspire and fascinate the literary world. While her renown as one of the twentieth century's most influential poets is beyond dispute, Plath was also one of its most captivating correspondents. The Letters of Sylvia Plath is the breathtaking compendium of this prolific writer's correspondence with more than 120 people, including family, friends, contemporaries, and colleagues. The Letters of Sylvia Plath includes her correspondence from her years at Smith, her summer editorial internship in New York City, her time at Cambridge, her

experiences touring Europe, and the early days of her marriage to Ted Hughes in 1956. Most of the letters are previously unseen, including sixteen letters written by Plath to Hughes when they were apart after their honeymoon. This magnificent compendium also includes twenty-seven of Plath's own elegant line drawings taken from the letters she sent to her friends and family, as well as twenty-two previously unpublished photographs. This remarkable, collected edition of Plath's letters is a work of immense scholarship and care, presenting a comprehensive and historically accurate text of the known and extant letters that she wrote. Intimate and revealing, this masterful compilation offers fans and scholars generous and unprecedented insight into the life of one of our most significant poets.

ALBUM WEEDS; OR, HOW TO DETECT FORGED STAMPS

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in

Mekeel's Weekly Stamp News

The most popular hobby in the world, stamp collecting has millions of fans in the United States alone. Many are adults who have turned a childhood interest in philately into a pleasurable (and often

profitable) lifetime avocation. This volume has everything needed to start a personal stamp collection: Entries for nearly 200 countries; Spaces for more than 2,600 stamps; Over 1,100 black-and-white illustrations of stamps; Easy-to-use Stamp Identifier Table and Index. Clear instructions for using the album and the Stamp Identifier Table are included, along with many useful hints and tips on building a collection. An entertaining, inexpensive way to learn about faraway people and places, stamp collecting brings a sense of excitement and adventure with each new acquisition. This book offers would-be collectors that ticket to discovery.
