What We Carry Simon and Schuster

Take a mining townlet like Woodhouse, with a population of ten thousand people, and three generations behind it. This space of three generations argues a certain well-established society. The old "County" has fled from the sight of so much disembowelled coal, to flourish on mineral rights in regions still idyllic. Remains one great and inaccessible magnate, the local coal owner: three generations old, and clambering on the bottom step of the "County," kicking off the mass below. Rule him out. A well established society in Woodhouse, full of fine shades, ranging from the dark of coal-dust to grit of stone-mason and sawdust of timber-merchant, through the lustre of lard and butter and meat,

to the perfume of the chemist and the disinfectant of the doctor, on to the serene gold-tarnish of bank-managers, cashiers for the firm, clergymen and such-like, as far as the automobile refulgence of the general-manager of all the collieries.

The Wednesday Wars Andrews McMeel Publishing

"Readers who choose the book for the attraction of Navajo code talking and the heat of battle will come away with more than they ever expected to find."—Booklist, starred review Throughout World War II, in the conflict fought against Japan, Navajo code talkers were a crucial part of the U.S. effort, sending messages back and forth in an unbreakable code that used their native language. They braved some of the heaviest fighting of the war, and with their code, they saved countless American lives. Yet their story remained classified for more than twenty years. But now Joseph Bruchac brings their stories to life for young adults through the riveting fictional tale of Ned Begay, a sixteen-year-old Navajo boy who becomes a code talker. His grueling journey is eye-opening and inspiring. This deeply affecting novel honors all of those young men, like Ned, who dared to serve, and it honors the culture and language of the Navajo Indians. An ALA Best Book for Young Adults "Nonsensational and accurate, Bruchac's tale is quietly inspiring..."—School Library Journal

WHEN SADNESS COMES TO CALL

Usborne Publishing

THINGS FALL APART tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within.

A notable contribution to our understanding of ourselves. This book explores the realm of human behavior in social situations and the way that we appear to others. Dr. Goffman uses the metaphor of theatrical performance as a framework. Each person

in everyday social intercourse presents himself and his activity to others, attempts to guide and control the impressions they form of him, and employs certain techniques in order to sustain his performance, just as an actor presents a character to an audience. The discussions of these social techniques offered here are based upon detailed research and observation of social customs in many regions.

"Exquisitely drawn characters imbue Lang's unconventional plot with verisimilitude and heart, inspiring readers to ponder whether the world is stranger and more beautiful than it appears.

Effervescent, ethereal, and suffused with wonder." — Kirkus (starred review) "Lang's melancholy, atmospheric writing sets the perfect tone as the Wilder sisters unravel the mystery. The result is a cozy supernatural outing perfect for an autumn night."

—Publisher's Weekly Ohioana Book Award finalist Ruth Emmie Lang returns with a new cast of ordinary characters with extraordinary abilities in *The Wilderwomen*. Five years ago, Nora Wilder disappeared. The older of her two daughters, Zadie, should have seen it coming, because she can literally see things coming.

But not even her psychic abilities were able to prevent their mother from vanishing one morning. Zadie's estranged younger sister, Finn, can't see into the future, but she has an uncannily good memory, so good that she remembers not only her own memories, but the echoes of memories other people have left behind. On the afternoon of her graduation party, Finn is seized by an "echo" more powerful than anything she's experienced before: a woman singing a song she recognizes, a song about a bird... When Finn wakes up alone in an aviary with no idea of how she got there, she realizes who the memory belongs to: Nora. Now, it's up to Finn to convince her sister that not only is their mom still out there, but that she wants to be found. Against Zadie's better judgement, she and Finn hit the highway, using Finn's echoes to retrace Nora's footsteps and uncover the answer to the question that has been haunting them for years: Why did she leave? But the more time Finn spends in their mother's past,

the harder it is for her to return to the present, to return to herself. As Zadie feels her sister start to slip away, she will have to decide what lengths she is willing to go to find their mother, knowing that if she chooses wrong, she could lose them both for good.

"A gorgeous memoir about mothers, daughters, and the tenacity of the love that grows between what is said and what is left unspoken."—Mira Jacob, author of *Good Talk* If our family stories shape us, what happens when we learn those stories were never true? Who do we become when we shed our illusions about the past? Maya Shanbhag Lang grew up idolizing her brilliant mother, an accomplished physician who immigrated to the United States from India and completed her residency all while raising her children and keeping a traditional Indian home. Maya's mother had always been a source of support—until Maya became a mother herself. Then the parent who had once been so capable and attentive became suddenly and inexplicably unavailable. Struggling to understand this abrupt change while raising her own young child, Maya searches for answers and soon learns that her mother is living with Alzheimer's. Unable to remember or keep track of the stories she once told her daughter—stories about her life in India, why she immigrated, and her experience of motherhood—Maya's mother divulges secrets about her past that force Maya to reexamine their relationship. It becomes clear that Maya never really knew her mother, despite their close bond. Absorbing, moving, and raw, *What We Carry* is a memoir about mothers and daughters, lies and truths, receiving and giving care, and how we cannot grow up until we fully understand the people who raised us. It is a beautiful examination of the weight we

shoulder as women and an exploration of how to finally set our burdens down. Praise for *What We Carry* "Part self-discovery, part family history. . . [Lang's] analysis of the shifting roles of mothers and daughters, particularly through the lens of immigration, help[s] to challenge her family's mythology. . . . Readers interested in examining their own family stories . . . will connect deeply with Lang's beautiful memoir."—*Library Journal* (Starred Review) "A stirring memoir exploring the fraught relationships between mothers and daughters . . . astutely written and intense. . . [What We Carry] will strike a chord with readers."—*Publishers Weekly* "Lang is an immediately affable and honest narrator who offers an intriguing blend of revelatory personal history and touching insight."—*BookPage*

INCIDENTS IN THE LIFE OF A SLAVE GIRL

Penguin

Reader be assured this narrative is no fiction. I am aware that some of my adventures may seem incredible; but they are, nevertheless, strictly true. I have not exaggerated the wrongs inflicted by Slavery; on the contrary, my descriptions fall far short of the facts. I have concealed the names of places, and given persons fictitious names. I had no motive for secrecy on my own account, but I deemed it kind and considerate towards others to pursue this course. I wish I were more competent to the task I have undertaken. But I trust my readers will excuse deficiencies in consideration of circumstances. I was born and reared in Slavery; and I remained in a Slave State twenty-seven years. Since I have been at the North, it has been necessary for me to work diligently for my own support, and the education of my children. This has not left me much leisure to make up for the loss of early opportunities to improve myself; and it has compelled me to write these pages at irregular intervals, whenever I could snatch an hour from household duties.

Wuthering Heights is the name of Mr. Heathcliff's dwelling. "Wuthering" being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong; the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date 1500, and the name Hareton Earnshaw. I would have made a few comments, and requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here "the house" pre-eminently. It includes kitchen and parlour, generally; but I believe at *Wuthering Heights* the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.
