SheReads "Best WWII Fiction of Summer 2021" pick The New York Times bestselling author of the "heart-stopping tale of survival and heroism" (People) The Book of Lost Names returns with an evocative coming-of-age World War II story about a young woman who uses her knowledge of the wilderness to help Jewish refugees escape the Nazis—until a secret from her past threatens everything. After being

stolen from her wealthy German parents and raised in the unforgiving wilderness of eastern Europe, a young woman finds herself alone in 1941 after her kidnapper dies. Her solitary existence is interrupted, however, when she happens upon a group of Jews fleeing the Nazi terror. Stunned to learn what's happening in the outside world, she vows to teach the group all she can about surviving in the forest—and in turn, they teach her some surprising lessons about opening her heart after years of isolation. But when she is betrayed and escapes into a German-occupied village, her past and present come together in a shocking collision that could change everything. Inspired by incredible true stories of survival against staggering odds, and suffused with the journey-from-the-wilderness elements that made *Where the Crawdads Sing* a worldwide phenomenon, *The Forest of Vanishing Stars* is a heart-wrenching and

suspenseful novel from the #1 internationally bestselling author whose writing has been hailed as "sweeping and magnificent" (Fiona Davis, New York Times bestselling author), "immersive and evocative" (Publishers Weekly), and "gripping" (Tampa Bay Times).

**Defiance** Harper Collins

This book explores the lives and legacy of the Bielski Brothers during World War Two, and their efforts to save nearly 1,200 Jews from Nazi persecution in Eastern Europe.

*A Holocaust Story of Survival, Triumph, and Love* Random House

Presents the story of a German-American double agent who worked undercover in New York City in a Nazi spy ring that resulted in the FBI's arrest of thirty-three Nazi spies on December 11, 1941.

*William Bailey and the First American Uprising against Nazism* Skyhorse Publishing, Inc.

Based on a true story, this tale tells of the

experiences of a nine-year-old girl who, while living in the Jewish ghetto in Nazi-occupied Poland, was saved by a man who risked his life to bring Jewish prisoners to a hidden camp deep in the forest.

*Soaring Underground* Open Road Media  
In 1944, members of the Sonderkommando—the “special squads,” composed almost exclusively of Jewish prisoners, who ensured the smooth operation of the gas chambers and had firsthand knowledge of the extermination process—buried on the grounds of Auschwitz-Birkenau a series of remarkable eyewitness accounts of Nazi genocide. This careful and penetrating study examines anew these “Scrolls of Auschwitz,” which were gradually recovered, in damaged and fragmentary form, in the years following the camp’s liberation. It painstakingly reconstructs their historical context and textual content, revealing complex literary works that resist narrow moral judgment and engage difficult questions about the limits of testimony.

### INTO THE SILENT LAND

Larry Slawson via PublishDrive  
It sounds like something from ancient mythology—three brothers living near the edge of a forest witness the coming of an invading army. They arm themselves, take to their horses and seek refuge in the woods they know as well as they know anything. The enemy arrives and systematically starts killing the long-oppressed minority to which the brothers belong. Horrified and angered, they lead guerrilla attacks against the enemy’s installations and exact vicious revenge on local collaborators. Prompted by the eldest, who is selected as commander, the brothers and a growing number of warriors begin a campaign to save all their people, including the weak, the young, the old, the sick. Slowly the group evolves into a makeshift forest city with a hospital, workshops, a school and even a bathhouse. When the invading army retreats, the brothers emerge from the woods—the saviours of 1,250 people.

### A SON'S SEARCH FOR HIS FAMILY'S PAST

Simon and Schuster  
Gripping and inspiring, these true stories of bravery, terror, and hope chronicle nine different children’s experiences during the Holocaust. These are the true-life accounts of nine Jewish boys and girls whose lives spiraled into danger and fear as the Holocaust overtook Europe. In a time of great horror, these children each found a

way to make it through the nightmare of war. Some made daring escapes into the unknown, others disguised their true identities, and many witnessed unimaginable horrors. But what they all shared was the unshakable belief in—and hope for—survival. Their legacy of courage in the face of hatred will move you, captivate you, and, ultimately, inspire you. *Beyond Courage* Rowman & Littlefield  
“In 1941, three young men—brothers, sons of a miller—witnessed their parents and two other siblings being led away to their eventual murders. It was a grim scene that would, of course, be repeated endlessly throughout the war. What makes this particular story of interest is how the survivors responded. Instead of running or capitulating or giving in to despair, these brothers—Tuvia, Zus, and Asael Bielski—did something else entirely. They fought back, waging a guerilla war of wits and cunning against both the Nazis and the pro-Nazi sympathizers. Along the way they saved well over a thousand Jewish lives”—Jacket.

*SUPERANNO* Essie’s life in the Bielski Partisan camp is full of danger, adventure, and intrigue. Just sixteen when the Nazis invaded her town, Essie escaped at night to become one of the first twenty-five Jews in the encampment featured in the movie *Defiance* that would eventually save 1,200 Jews. Essie became a teenage partisan, a guerilla fighter in the resistance. Sixty years later, she finally shares her story.

### HISTORY OF THE HOLOCAUST

Oxford University Press  
This story of an anti-fascist’s dramatic and remarkable victory against Nazism in 1935 is an inspiration to anyone compelled to resist when signs of oppression are on the horizon. By 1935, Hitler had suppressed all internal opposition and established himself as Germany’s unchallenged dictator. Yet many Americans remained largely indifferent as he turned his dangerous ambitions abroad. Not William Bailey. Just days after violent anti-Semitic riots had broken out in Berlin, the SS Bremen, the flagship of Hitler’s commercial armada, was welcomed into New York Harbor. Bailey led a small group that slipped past security and cut down the Nazi flag from the boat in the middle of a lavish party. A brawl ensued, followed by a media circus and a trial, in which Bailey and his team were stunningly acquitted. The political victory ultimately exposed Hitler’s narcissism and violent aggression for all of America to see. *The Agitator* is the captivating story of Bailey’s courage and vision in the Bremen incident, the pinnacle

of a life spent battling against fascism. Bailey’s story is full of drama and heart—and it’s an inspiration to anyone who seeks to resist tyranny.

Two cousins relate their experiences with Bielski’s partisan brigade in war-torn Russia during the Second World War. Natives of Novogrodek, part of present-day Belarus, they describe Jewish life before the Holocaust and furnish a most moving account of how a thriving and prosperous Jewish center was decimated by the Nazis and local collaborators. Initial joy when their hometown was taken over by the Soviet Union disappeared when the Germans ran the Russians out of town and started implementing policies to eradicate all Jews and anything Jewish. Dov (Berl), the elder of the cousins, whose account comprises the first section of the book, lost his immediate family in the early days of German occupation and escaped from ghetto life in November 1942 to join the partisans in the dense forests of the area. He joined the Kalinin brigade and spent the rest of the war fighting the Germans and Russian sympathizers. Jack (Idel), seven years his junior, remained in the ghetto with the remnants of their once-large family. After a failed attempt in December 1942 to escape to reach the partisans— in an episode which nearly cost him his life— Jack joined an escape effort from the ghetto in September 1943, successfully reached the partisans as a member of Bielski’s partisan brigade and was reunited with his cousin. This second section features many original documents from Russian archives and elsewhere, about the partisan bands’ structure and their activities. The authors provide a unique view, not only of actual incidents, but of how two different people react to events and experiences. Updated in this second edition by a new preface and appendix, this is their story: a tale of tragedy, courage and triumph.

for Autobiography: "A powerful story of the meaning of family and tradition inside a little-known culture" (San Francisco Chronicle). In a remote corner of the world, forgotten for nearly three thousand years, lived an enclave of Kurdish Jews so isolated that they still spoke Aramaic, the language of Jesus. Mostly illiterate, they were self-made mystics, gifted storytellers, and humble peddlers who dwelt in harmony with their Muslim and Christian neighbors in the mountains of northern Iraq. To these descendants of the Lost Tribes of Israel, Yona Sabar was born. Yona's son, Ariel, grew up in Los Angeles, where Yona had become an esteemed professor, dedicating his career to preserving his people's traditions. Ariel wanted nothing to do with his father's strange immigrant heritage—until he had a son of his own. Ariel Sabar brings to life the ancient town of Zakho, discovering his family's place in the sweeping saga of Middle Eastern history. This powerful book is an improbable story of tolerance and hope set in what today is the very center of the world's attention. "Graceful and resonant . . . A personal undertaking for a son who admits he never understood his unassuming, penny-pinching immigrant father." —The New York Times Book Review "Sabar's family history turns out to be more than the chronicle of one man's efforts to retain something of his

homeland in new surroundings. It's also a moving story about the near-death of an ancient language and the tiny flicker of life that remains in it." —The Washington Post Book World "One of the best recent memoirs I've read." —The Huffington Post

Berghahn Books  
 At the height of the Irish Famine, now considered the greatest social disaster to strike nineteenth-century Europe, Anglo-Irish landlord Major Denis Mahon was assassinated as he drove his carriage through his property in County Roscommon. Mahon had already removed 3,000 of his 12,000 starving tenants by offering some passage to America aboard disease-ridden "coffin ships," giving others

a pound or two to leave peaceably, and sending the sheriff to evict the rest. His murder sparked a sensation and drove many of the world's most powerful leaders, from the queen of England to the pope, to debate its meaning. Now, for the first time, award-winning journalist Peter Duffy tells the story of this assassination and its connection to the cataclysm that would forever change Ireland and America.

#### **A Novel** HarperCollins UK

Recounts the efforts of Jews who organized others and sabotaged the Nazis during the Holocaust, including Georges Loinger who smuggled children from occupied France into Switzerland and four brothers who led refugees into the forest to build a village and an army.

#### **Fugitives of the Forest** Turtleback

This account of the Ovitz family - seven of whose ten members were dwarfs - bears witness to the best and worst of humanity and to the terrible irony of the Ovitzes' fate: being burdened with dwarfism helped them endure the Holocaust. Through research and interviews with Perla, the youngest Ovitz daughter and last surviving sibling, and other witnesses, Israeli authors Yehuda Koren and Eilat Negev weave the tale of a beloved and successful family of performers who were popular entertainers in Central Europe until the Nazis deported them to Auschwitz in May 1944.
