A DEEPER LEVEL

Grove/Atlantic, Inc.
This volume highlights the

sustained focus in Acts on the resurrection of Christ, bringing clarity to the theology of Acts and its purpose. Brandon Crowe explores the historical, theological, and canonical implications of Jesus's resurrection in early Christianity and helps

readers more clearly understand the purpose of Acts in the context of the New Testament canon. He also shows how the resurrection is the fulfillment of the Old Testament Scriptures. This is the first major book-length study on the

theological significance of Jesus's resurrection in Acts.

A biochemist by profession, a polymath by inclination and erudition, Yeshayahu Leibowitz has been, since the early 1940s, one of the most incisive and controversial critics of Israeli culture and politics. His direct involvement, compelling polemics, and trenchant criticism have established his steadfast significance for contemporary Israeli-

and Jewish- intellectual life. These hard-hitting essays, his first to be published in English, cover the ground Leibowitz has marked out over time with moral rigor and political insight. He considers the essence and character of historical Judaism, the problems of contemporary Judaism and Jewishness, the relationship of Judaism to Christianity, the questions of statehood, religion, and politics in Israel, and the role of women. Together these essays constitute a comprehensive critique of

Israeli society and politics and a probing diagnosis of the malaise that afflicts contemporary Jewish culture. Leibowitz's understanding of Jewish philosophy is acute, and he brings it to bear on current issues. He argues that the Law, Halakhah, is essential to Judaism, and shows how, at present, separation of religion from state would serve the interest of halakhic observance and foster esteem for religion. Leibowitz calls the religious justification of national issues "idolatry"

and finds this phenomenon at the root of many of the annexationist moves made by the state of Israel. Long one of the most outspoken critics of Israeli occupation in the conquered territories, he gives eloquent voice to his ongoing concern over the debilitating moral effects of its policies and practices on Israel itself. This translation will bring to an English-speaking audience a much-needed, lucid perspective on the present and future state of Jewish culture.

The Givers Seven Stories Press
 NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by The New York Times as "an exceptional work, a humane book about an incendiary subject."
 WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY
 NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS

OF THE YEAR BY The Economist • The New York Times Book Review • BBC History Magazine • Mother Jones • Kirkus Reviews
 The Talmud says: "If someone comes to kill you, rise up and kill him first." This instinct to take every measure, even the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and

there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as “arguably [Israel’s] best investigative reporter”—offers a

riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the

country’s military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world’s most feared intelligence agency), Caesarea (a “Mossad within the Mossad” that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported,

behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel's most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel's targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the

entire world. "A remarkable feat of fearless and responsible reporting . . . important, timely, and informative."—John le Carré
Ebony Atria Books
In *Israel/Palestine*, Reinhart traces the development of the Security Barrier and Israel's new doctrine of "disengagement," launched in response to a looming Palestinian-majority population. Examining the official record of recent diplomacy, including

United States-brokered accords and talks at Camp David, Oslo, and Taba, Reinhart explores the fundamental power imbalances between the negotiating parties and identifies Israel's strategy of creating facts on the ground to define and complicate the terms of any future settlement. In this indispensable primer, Reinhart's searing insight illuminates the current conflict and suggests a path toward change.
Israel and New Breed - New Season
CompanionHouse Books

An inside look at the secretive world of elite philanthropists—and how they're quietly wielding ever more power to shape American life in ways both good and bad. While media attention focuses on famous philanthropists such as Bill Gates and Charles Koch, thousands of donors are at work below the radar promoting a wide range of causes. David Callahan charts the rise of these new power players and the ways they are converting the fortunes of a second Gilded Age into

influence. He shows how this elite works behind the scenes on education, the environment, science, LGBT rights, and many other issues—with deep impact on government policy. Above all, he shows that the influence of the Givers is only just beginning, as new waves of billionaires like Mark Zuckerberg turn to philanthropy. Based on extensive research and interviews with countless donors and policy experts, this is not a brief for or against the Givers, but a fascinating investigation

of a power shift in American society that has implications for us all.

The Invention of the Modern Dog
InterVarsity Press

As the Middle East conflict enters its most violent phase, Tom Segev offers a lively, contentious polemic against cherished and rigid notions of Israel's national unity and culture. In his many works of history, Tom Segev has challenged the entrenched understanding of crucial moments in Israel's past. Now, in a short, sharp, polemical

book, Segev has turned his sights from Israeli history to confront some revered assumptions about the country today. Drawing on personal experience as well as all kinds of artifacts from Israeli popular culture -- shopping malls, fast food, public art, television, religious kitsch -- Segev offers a controversial point of view: the sweeping Americanization of the country, rued by most, has had an extraordinarily beneficial influence, bringing not only McDonald's and

Dunkin' Donuts but the virtues of pragmatism, tolerance, and individualism. And, in the fierce battle over the future of Zionism, Segev welcomes the diffusion of national identity and ideology that has taken place in the last decade as a harbinger of a new spirit of compromise and openness. At a time of crisis, as Israelis and Palestinians retreat to their most embattled positions, Segev's colorful, provocative book is sure to spark heated debate. " ... this slender book will

be indispensable to anyone trying to understand current events in Israel and the Middle East." - Publishers Weekly

LONG SUMMER NIGHTS

Charisma Media
A complete worship toolbox! This Worship Tools pack includes an instructional chord-by-chord and technique DVD; a full mix audio CD with split tracks; and a songbook with lead sheets, guitar chord charts and lyric sheets. The songs in this issue hail from Israel +

23 new songs, favorites and medleys. Produced by Israel and Aaron W. Lindsay, this follow-up to Israel's best-selling CD New Season creates the perfect atmosphere of worship. This songbook features: Again I Say Rejoice * All Around * Friend of God * and more.

RENEWAL WORSHIP

Hal Leonard Publishing Corporation
Is it possible that good things can come out of our broken dreams? Worship leader and recording artist Laura

Story's life took an unexpected turn when her husband, Martin, was diagnosed with a brain tumor. Their lives would never be the same. Yes, with God all things are possible. But the devastating news was that no cure existed to restore Martin's short-term memory, eyesight, and other complications. The fairy-tale life Laura had dreamed of was no longer possible. And yet in struggling with God about how to live with broken dreams, Laura has found joy and a deeper intimacy

with Jesus. In *When God Doesn't Fix It*, Laura helps you understand that: We aren't the only ones whose lives have taken unexpected turns Even heroes of our faith experienced brokenness Despite our flaws and stories, God can use us in extraordinary ways God may not fix everything. In fact, although your situation might not ever change or get better, with Jesus you can. Not because of your faith, but because of the faithfulness of God.

Canaan Dog Seven

Stories Press
The story of the thoroughly Victorian origins of dog breeds. For centuries, different types of dogs were bred around the world for work, sport, or companionship. But it was not until Victorian times that breeders started to produce discrete, differentiated, standardized breeds. In *The Invention of the Modern Dog*, Michael Worboys, Julie-Marie Strange, and Neil Pemberton explore when, where, why, and how Victorians invented the

modern way of ordering and breeding dogs. Though talk of "breed" was common before this period in the context of livestock, the modern idea of a dog breed defined in terms of shape, size, coat, and color arose during the Victorian period in response to a burgeoning competitive dog show culture. The authors explain how breeders, exhibitors, and showmen borrowed ideas of inheritance and pure blood, as well as breeding practices of livestock, horse, poultry and other

fancy breeders, and applied them to a species that was long thought about solely in terms of work and companionship. The new dog breeds embodied and reflected key aspects of Victorian culture, and they quickly spread across the world, as some of Britain's top dogs were taken on stud tours or exported in a growing international trade. Connecting the emergence and development of certain dog breeds to both scientific understandings of race and blood as well

as Britain's posture in a global empire, *The Invention of the Modern Dog* demonstrates that studying dog breeding cultures allows historians to better understand the complex social relationships of late-nineteenth-century Britain.

SIX DAYS IN JUNE How Israel Won the 1967 Arab-Israeli War Eric Hammel Distinguished military historian Eric Hammel becomes the first chronicler of the 1967 Six Day War to unite the story of development of Israel's bold brand of military

training and planning with a detailed narrative account of her breathtaking victories in Sinai, Jerusalem, The West Bank, and the Golan Heights. Unlike all earlier accounts of the 1967 war, Hammel's sweeping narrative describes how, from the early 1950s, the Israel Defense Force—Zahal—undertook a relentless and often visionary campaign to prepare for the inevitable war of national survival that, when it came, radically altered the Middle East and has

profoundly influenced international politics ever since. Israel's brilliant, innovative military thinkers developed extremely flexible strategies, operational plans, and battlefield tactics aimed at overcoming several large Arab forces with Zahal's much smaller army and air force. Zahal's innovations proved to be so effective and fundamentally sound that they established the norms of modern military planning and performance that saw the United States

and her coalition allies through the lightning Desert Storm campaign of 1991. Hammel decisively disproves the enduring myth that Israel's stunning 1967 victory was a "miracle" or a "fluke." He explains how, by necessity and in secret, a tiny Third-World nation developed a First-World military force that has become the envy of all the nations of the world. Hammel is at his proven best when describing the actions of men at war. Six Days in June seamlessly meshes classic military

history with the human drama of Israel's finest hour. Eric Hammel is the author of more than thirty-five highly acclaimed books on military affairs, including *Chosin: Heroic Ordeal of the Korean War*; *Ace: A Marine Night Fighter Pilot in World War II*; *The Root: The Marines in Beirut*; and *Duel for the Golan: The 100-Hour Battle that Saved Israel*. *Ebony* Harvard University Press

Thinking and Being
Penn State Press
At its best, all Christian worship is led by the Holy Spirit. But is there a distinctive theology of

Pentecostal worship? The Pentecostal church or the renewal movement is among the fastest-growing parts of the body of Christ around the world, which makes understanding its theology and practice critical for the future of the church. In this volume in IVP Academic's *Dynamics of Christian Worship (DCW)* series, theologian Steven Félix-Jäger offers a theology of renewal worship, including its biblical foundations, how its global nature is expressed

in particular localities, and how charismatic worship distinctively shapes the community of faith. With his guidance, the whole church might understand better what it means to pray, "Come, Holy Spirit!" The Dynamics of Christian Worship series draws from a wide range of worshiping contexts and denominational backgrounds to unpack the many dynamics of Christian worship—including prayer, reading the Bible, preaching, baptism, the Lord's Supper, music,

visual art, architecture, and more—to deepen both the theology and practice of Christian worship for the life of the church.

JESUS LOVES YOU...THIS I KNOW

THE FIRST BOOK OF MOSES, CALLED GENESIS

Thomas Nelson

From the internationally bestselling author of the “terrifically affecting” (The Philadelphia Inquirer) *Mornings in Jenin*, a sweeping and lyrical novel that follows a young Palestinian refugee as she slowly becomes radicalized while searching for a better life for her family throughout the Middle East, for readers of international

literary bestsellers including *Washington Black*, *My Sister*, *The Serial Killer*, and *Her Body and Other Parties*. As Nahr sits, locked away in solitary confinement, she spends her days reflecting on the dramatic events that landed her in prison in a country she barely knows. Born in Kuwait in the 70s to Palestinian refugees, she dreamed of falling in love with the perfect man, raising children, and possibly opening her own beauty salon. Instead, the man she thinks she loves jilts

her after a brief marriage, her family teeters on the brink of poverty, she’s forced to prostitute herself, and the US invasion of Iraq makes her a refugee, as her parents had been. After trekking through another temporary home in Jordan, she lands in Palestine, where she finally makes a home, falls in love, and her destiny unfolds under Israeli occupation. Nahr’s subversive humor and moral ambiguity will resonate with fans of *My Sister*, *The Serial Killer*,

and her dark, contemporary struggle places her as the perfect sister to Carmen Maria Machado's Her Body and Other Parties. Written with Susan Abulhawa's distinctive "richly detailed, beautiful, and resonant" (Publishers Weekly) prose, this powerful novel presents a searing, darkly funny, and wholly unique portrait of a Palestinian woman who refuses to be a victim.

Against the Loveless World A Deeper Level (Piano/Vocal/Guitar Artist Songbook). 13 songs from the Grammy and multiple Dove Award-winning worship leader including his work with New Breed and Lakewood Church. Songs include: Again I Say Rejoice * Better Than Life * Cover the Earth * Everything * Friend of God * I Lift up My Hands * Magnificent and Holy * Sweeter * Turn It Around * We Speak to Nations *

Who Is like the Lord * You Are Good * You've Won My Affection.
