INTERNAL CONTROL OF FIXED ASSETS

John Wiley & Sons

Audits provide essential accountability and transparency over government programs. Given the current challenges facing governments and their programs, the oversight provided through auditing is more critical than ever. Government auditing provides the objective analysis and information needed to make the decisions necessary to help create a better future. The professional standards presented in this 2018 revision of Government Auditing Standards (known as the Yellow Book)

provide a framework for performing high-quality audit work with competence, integrity, objectivity, and independence to provide accountability and to help improve government operations and services. These standards, commonly referred to as generally accepted government auditing standards (GAGAS), provide the foundation for government auditors to lead by example in the areas of independence, transparency, accountability, and quality through the audit process. This revision contains major changes from, and supersedes, the 2011 revision.

Wiley Practitioner's Guide to GAAS 2019 John Wiley & Sons Although several useful entry guides to China for business investors have appeared in recent years, this is the first book to focus on a business strategy that is becoming increasingly important - and attractive - to businesses in China: the takeover and restructuring of a listed company. This practice orientated book has an additional value, moreover, in that it fully takes into account not only the relevant regulations, most of which were promulgated or updated from 2005 to 2010, but also the actual structures and procedures of nearly ninety announced deals, right up to September 2010. In unprecedented details, the author, an experienced M&A lawyer, describes China specific takeover and restructuring cases involving foreign investors as well as state-owned shareholders on the Shanghai Stock Exchange, the Shenzhen Stock Exchange and 'ChiNext'. The presentation and analysis covers such elements as the following: the standard bids, such as tender offers, negotiated transfers,

indirect takeovers and subscriptions for new shares; the special accesses available to a foreign investor such as qualifying as a 'strategic investor' or 'qualified foreign institutional investor' (QFII); the particular situations where 'state-owned shareholder' (SS) is involved or where a share exchange occurs, including where a foreign investor subscribes by injecting, or acquires indirectly via, its 'onshore foreign invested enterprise'; the basic restructuring approaches of a listed company – public offering and private placement; and the full meaning and significance of the 'substantial asset restructuring' (SAR), which may be asset purchases, disposals or swaps, or the SAR in special cases – merger or separation deals. The author's illustration of deal structures and step-by-step procedures, visualized in over 150 charts and checklists, gives the reader a clear path to follow through what can seem like a forbiddingly difficult process – a path rendered more secure by the deal histories presented. For companies with operations in China, or considering such operations, as well as professionals advising on these companies, this book is a goldmine of crucially valuable information and guidance. There is nothing else available that comes close to its authority or expertise in this area.

This book focuses on a 'detailed-commentary' and 'step-by-step approach' for the Forensic Audit of Financial Transactions. It also deals with each and every aspect of Forensic Audit of various items of statement of Profit & Loss and Balance Sheet. The Present Publication is the Latest Edition & is updated with all amendments and legal position up to July 2020, authored by G.C. Pipara. Understanding the Forensic Audit is not complete, without

actual Case Analysis and this book includes analysis of actual company cases relating to Forensic Audit, where either fraud or misrepresentation of information is found. With the help of Case Analysis, how to achieve the maximum objective of Forensic Audit, has been explained in a lucid language with step by step approach. Each part of this book deals with the different segments of the forensic audit and each part has been devised carefully, keeping in mind – 'Maximum Result' and with an objective that the real purpose of Forensic Audit is served. This book deals with –

- Misstatement of information in financial statement,
- Incorrect details in financial statement,
- Diversion of funds by an entity,
- Siphoning of Funds by an entity,
- Fraud in some of the transactions undertaken by the entity,
- Fraud in books of accounts and other records,
- Fraud in the balance sheet – one which is even audited,
- Fraud by the auditor in helping the organization to accomplish its intention etc.

The structure of the Book is as follows:

- Part One Deals with the introduction of forensic audit and looks into the past, present and future of forensic audit. This part is presented to establish the foundation of the book.
- Part Two Deals with important transactions pertaining to purchases of goods, sales and other major expenditures - which forms part of the statement of profit & loss account. Provisions and contingent liabilities are often used by an entity to cook the books of account and therefore, a separate chapter is presented on this issue.
- Part Three The various items contained in the balance sheet, are a major part of the activities of any entity and therefore, is a major part of any forensic audit also. Therefore, in this part of the book, the following important activities of an entity's are covered: □ Fixed

(Hard) Assets – hard to spot □ Intangible Assets and Goodwill – neither visible nor real □ Capital Work In Progress (CWIP), Stock In Progress (SIP) and Stock – not seeing the light of day □ Piling Stock and Mounting Debtors – an evergreen technique for every-greening □ Investments – without objectives like a traveller without a destination □ Loans and Advances given – gone with the wind □ Equity and Shareholders – invisible ownership • Part Four Apart from specific activities of an entity, as covered in part two and three, there are some transactions that are special. These are considered as “Key Metrics” for the purpose of forensic audit and thus, covered in this part of the book, which includes:- □ Absence of confirmation of balances □ Off-balance sheet transactions □ Round-tripping etc. It is also common in forensic audit that full records are not made available to the auditors and thus, a separate chapter on “Dog ate my Accounts” is presented. • Part Five For explaining the concept of forensic audit properly, a new Structure has been invented by the author - termed as “T-3 Structure” wherein: □ T-1 : Test □ T-2 : Trace and □ T-3 : Track With the help of a concept called “Look Forward – Look Backward” on T-3 Structure, how the successful forensic audit can be carried out is explained in a separate chapter, under the head “Look Forward – Look Backward”. • Part Six Lastly, it is found that in various cases of fraud and misrepresentation of details in the financial statement, the Statutory Auditor were found to be the helping hand. As in forensic audit - responsibility has to be fixed and thereafter, a separate part itself for the role played by the statutory auditor - “Where were the Auditor’s - strange but true”.

Auditors are trained to investigate beyond appearances to determine the underlying facts—in other words, to look beneath the surface. The recent financial crisis has made this skill even more crucial to the business community. As a result of this recent crisis and of the financial statement accounting scandals that occurred at the turn of the century, understanding the auditor's responsibility related to fraud, maintaining a clear perspective, probing for details, and understanding the big picture are

indispensable to effective auditing. The author team of Louwers, Ramsay, Sinason, Strawser, and Thibodeau has dedicated years of experience in the auditing field to this new edition of *Auditing & Assurance Services*, supplying the necessary investigative tools for future auditors.

Whether it is a balance sheet of a company, a cinema hall, or of a school; auditing evaluates all! This comprehensive book, now in its second edition, is a compendium of a textbook; a handbook of Auditing Standards; a question bank, and a compilation of model answers. This text is organized in four parts. Part 1 (Principles) enunciates the standards and the concepts, which form the bases of auditing. Part 2 (Process) provides a stepwise description of the auditing process, adopted by the auditors while performing audit engagements. Part 3 (Performance) deals with the auditing engagement and shows how the verification of financial elements such as receipts, payments, purchases, sales, assets and

liabilities is conducted. Part 4 (Practice) demonstrates the practical aspects of audits of specific entities such as private limited companies, charitable trusts, hospitals and so on. This book is primarily intended for the students of Chartered Accountancy (appearing for the CA-PCC examination), Cost Accounting, Company Secretary, and postgraduate students of Finance and Accounting. Apart from that, the book is also useful for the practising Chartered Accountants and Financial officers of companies, as a reference handbook. Key Features : Incorporates 67 practical questions (with structured solutions) to help the students to apply the principles to practical situations. Comprises 147 case studies to help identify the issues involved, place them in the right context and arrive at a correct conclusion. Provides 285 innovative true and false type questions (with their reasoned answers) to strengthen the grasp of the subject. Contains 1267 answer-in-brief questions, which are cross-referenced. New to this Edition : Explains all the latest Standards on Auditing applicable for financial years 2009–2010 and 2010–2011. Includes model answers for all relevant descriptive examination questions, asked in the CA-PCC/Final examinations till June 2009. Numerous newly drafted questions (true or false, answer-in-brief, descriptive type) on latest auditing standards with answers/cross references.
