From the co-founders of Havenly comes "a perfect read for anyone looking to infuse more personality and style into their space—on their own time and budget, and in their own unique way" (Rachel Zoe). "Not only do Lee and Emily unpack all their tips for creating a space that looks as good as it feels, but they do it in a way that is made for real-life application."—Bobby Berk, design expert and host of Netflix's Queer Eye Interior design can

be daunting, and as a result, many of us never even attempt to design our own homes. In *Design the Home You Love*, Heavenly founders Lee Mayer and Emily Motayed break down the ambiguous world of home design. First you learn how to identify your own style (whether you're a fan of Parisian Modern or California Casual) and then how to incorporate furniture that matches your style and fits your budget. *Design the Home You Love* takes you step-by-step and room-by-room through each part of the house to help you fulfill your home's potential. Whether you're looking to give your home a complete makeover, spruce up your rental apartment, or merely take your living room from blah to fab, Lee and Emily bring fresh ideas, advice, and inspiration to the table. Illustrated with eye-catching photography and livable inspiration from real-life clients, this is the interior design book that finally makes it possible for us all to achieve our design goals.

New York Times bestselling psychologist Dr. Meg Jay uses real stories from real lives to provide smart, compassionate, and constructive advice about the crucial (and difficult) years we cannot afford to miss. Our "thirty-is-the-new-twenty" culture tells us the twentysomething years don't matter. Some say they are a second adolescence. Others call them an emerging adulthood. Dr. Meg Jay, a clinical psychologist, argues that twentysomethings have been caught in a swirl of hype and misinformation, much of which has trivialized what is actually the most defining decade of adulthood. Drawing from almost two decades of work with hundreds of clients and students, *The Defining Decade* weaves the latest science of the twentysomething years with the behind-closed-doors stories from twentysomethings, themselves. The result is a provocative read that provides the tools necessary to make the most of your twenties, and shows us how work, relationships, personality, social networks, identity, and even the brain can change more during this decade than at any other time in adulthood—if we use the time wisely. *The Defining Decade* is a smart, compassionate and constructive book about the years we cannot afford to miss.

Are you wondering how to make a difference in today's culture that will benefit future generations? Former Governor Mike Huckabee shares how to live a life that will continue to be felt by those who carry your legacy forward. Whether in politics, family, education, or business, what matters most is leaving a legacy for future generations. Rare, Medium or Done Well emphasizes the importance of understanding where we've been, where we are now, and how both determine where we're going. Mike asserts, "A person who has no standard to live by other than the culture of the moment is a person whose principles might as well come from the latest public opinion polls."

In the spring of 2010, Harvard Business School's graduating class asked HBS professor Clay Christensen to address them—but not on how to apply his principles and thinking to their post-HBS careers. The students wanted to know how to apply his wisdom to their personal lives. He shared with them a set of guidelines that have helped him find meaning in his own life, which led to this now-classic article. Although Christensen's thinking is rooted in

his deep religious faith, these are strategies anyone can use.
