Do you yearn to be your own boss and set up your own business but not sure how to go about it? Do you know the benefits of having a Limited Liability Company (LLC) , but you don't know

how to get started? Then your search is finally over, for we've got the book for you! The thought of "being your own boss" is sure exciting and if you plan to do it by setting up your business and are ready with a business plan, the next crucial step is deciding the right business structure. This decision has far reaching repercussions for the business and thus requires careful selection. The factors like

personal liability, regulations, tax treatment, etc are governed by the form of your business entity which could be a Sole Proprietorship, Corporation, Partnership, or a Limited Liability Company (LLC). A limited liability company (LLC) can be the right choice for any business owner seeking to reduce liability and protect his or her assets. This type of entity has several

advantages over operating a sole proprietorship or partnership. Unlike a sole proprietorship or partnership, an LLC shields the owner or owners from liability, and unlike a more complex corporation, management structure is loose, there is no board of directors to answer to, and with an LLC being a pass-through organization, no double taxation which corporations are subject to unless one elects to be taxed as a C

or S corporation. In this book, you will discover the ins and outs of an LLC and find out if it's right for you. Here are just some of the topics that are discussed within this book An introduction to what LLC actually means The advantages and disadvantages associated with LLC Easy steps towards starting your own LLC and LLC state specific guidelines to follow The accounting and taxes

involved in this industry Reviewing whether LLC is right for you And so much more! Among all forms of companies, start-up of a LLC is easier with lesser complexities, paperwork and costs. This form of company comes with a lot of operational ease with less record keeping and compliance issues. LLCs also provide a lot of freedom in management as there no requirement of having a

board of directors, annual meetings or maintaining strict record books. These features reduce unnecessary hassles and help save a lot of time and effort. So what are you waiting for? Start building the steps towards success today, with just a simple click on the 'Buy Now' button!
