UNDERSTANDING AND REACHING THE NEW POST-CHRISTIAN WORLD

Kregel Publications

Real answers for the tough questions today's Christians face Whether you want to grow in your own understanding of Christianity or need trustworthy responses to the questions of friends, Dan Story has the answers. Defending Your Faith helps Christians see that their faith is reasonably and intelligently grounded on objective, verifiable evidence. And it equips readers to share these answers with family, friends, and coworkers who have

questions about Christianity. Story's book has filled a valuable niche in apologetics for the past twenty years. He has helped countless readers answer confrontational questions such as: · How do I know that God exists? · Can I trust the Bible? · Why is there evil and suffering in the world? · Is God an environmentalist? · Are the Bible and science in conflict? In this revised and expanded edition, Dan Story goes even further. With the latest apologetic evidence and tactics, he not only answers those age-old questions but also deals with new challenges to Christianity that have emerged over the last two decades, including the ubiquitous presence of social media. He also responds head-on to the new breed of vocal, aggressive, man-on-the-street atheists. With culturally relevant strategies and a firm foundation of truth, Defending Your Faith will challenge you to share your faith with others while knowing

that you are not alone as you witness for Christ.

The Generative Church Harvest House Publishers

Ultimately, believers will be helped to understand apologetics relationally, seeing how right believing affects not only them but also the people they encounter. A

great resource for pastors, leaders, parents, youth groups, church groups—anyone wanting to reveal Christianity’s power in today’s life and culture.

EVIDENCE THAT DEMANDS A VERDICT

Zondervan

Against many expectations, religion has not vanished from Western culture. People are troubled and fascinated in equal measure by this new visibility and are unsure whether it is right to (re)incorporate the vocabulary of faith into our common life. This unprecedented co-existence of religion and secularism is sometimes termed the “postsecular,” and in this book Elaine Graham considers some of its implications for the public witness of Christianity. She argues that everyone, from church leaders, theologians, local activists, and campaigners, needs to learn again how to “speak Christian” in these contexts. They need to articulate credible theological justifications for their involvement in public life and to justify the very relevance of their faith to a culture that no longer grants automatic privilege or credence. This entails a retrieval of the ancient practice of apologetics, in order to encourage and equip Christians to defend and commend their core principles and convictions in public. This “new apologetics” involves discerning the actions of God in the world, participating in the praxis of God’s mission and bearing witness in word and deed. Rather than being an adversarial or argumentative process, this is an invitation to dialogue and to the rejuvenation of our public life.

Former Gay Activist Paves the Way to Peaceful Conversation Homosexuality and gay marriage stand among perhaps the greatest defining cultural battles of our age. There's no escaping the inevitable conversations--so how does a Christian respond with love and biblical truth without adding fuel to the fire? Drawing on nearly thirty years of counseling people struggling with homosexuality, former gay activist Joe Dallas takes readers through virtually every argument they are likely to hear in favor of normalizing homosexuality. He helps readers understand the views of LGBT people they may know and respond with clarity, confidence, and compassion. He shows the most effective ways to engage the subject on social media and in everyday encounters with guidelines for talking points, dialogue, approach, and tone, and even provides sample dialogue. Anyone who has been searching for ways to have productive, loving conversations surrounding this critical topic will find this incredible resource a must-have. "At one time or another every twenty-first-century Christian is likely to be confronted about

his or her views on homosexuality. But how can we approach this challenging issue in a way that faithfully reflects Jesus's heart and mind? Joe Dallas answers that question in this clear and compelling guide for engaging others with both gentleness and biblical truth."--Jim Daly, president, Focus on the Family "I've often said no one understands the subject of same-sex sexuality better than my friend Joe Dallas. This book, his best yet, only confirms my conviction. I'm not speaking merely of Joe's formidable knowledge of truth, but also the wisdom of its application through crystal-clear and concise communication. In the wake of the June 2015 US Supreme Court's redefinition of marriage, *Speaking of Homosexuality* will equip you to engage a topic that is foundational to human civilization."--Hank Hanegraaff, president, the Christian Research Institute; host of the Bible Answer Man broadcast "Speaking of Homosexuality is one of the most clear and informative books on the subject. Dallas responds to the most common Revisionist arguments with clarity, but also genuine kindness. If you want one book to offer biblical and historical truth about homosexuality, but also how to lovingly put that truth into action, then you won't find a better book."--Sean McDowell, PhD, professor of Christian apologetics, Biola University; author, *Same-Sex Marriage and Apologetics for a New Generation* "In answer to the urgency of our world's current situation, Joe Dallas has now crafted a resourceful tool filled with biblical truth and insightful strategies. *Speaking of Homosexuality* is essential for every person in need of answers for themselves, a family member, or a friend struggling with same-sex attraction."--Joni Lamb, cofounder, Daystar Television Network "There is no question that one of the most difficult issues facing the church today is the subject of homosexuality. But God didn't leave us in the dark on the topic of human sexuality. He gave us clear directives for this part of our lives so that we might experience the abundant life He promises. But speaking those guidelines to a confused church and a hardening culture isn't easy. No one does it better than Joe Dallas. Like no other voice I hear, Joe both lives and ministers with that continual balance of truth and love on this most contentious topic. In a day where Christians are growing more silent, we need a book like this to teach us how to winsomely engage while never retreating from God's protective Truth. This is a must-read for the church today!"--Janet Parshall, nationally syndicated talk show host

CULTURAL CONTEXTUALIZATION OF APOLOGETICS

Apologetics for a New Generation
Move over Boomers, Xers, and Millennials; there's a new generation--making up more than 25 percent of the US population--that represents a seismic cultural shift. Born approximately between 1993 and 2012, Generation Z is the first truly post-Christian generation, and they are poised to challenge every church to rethink its role in light of a rapidly changing culture. From the award-winning author of *The Rise of the Nones* comes this enlightening introduction to the youngest generation. James Emery White explains who this generation is, how it came to be, and the impact it is likely to have on the nation and the faith. Then he reintroduces us to the ancient countercultural model of the early church, arguing that this is the

model Christian leaders must adopt and adapt if we are to reach members of Generation Z with the gospel. He helps readers rethink evangelistic and apologetic methods, cultivate a culture of invitation, and communicate with this connected generation where they are. Pastors, ministry leaders, youth workers, and parents will find this an essential and hopeful resource.

The 10 Most Common Objections to Christianity Wipf and Stock Publishers
Virtually all churches aim to invest meaningfully in the faith development of the younger generations who have been entrusted into their care. Some churches have a longstanding track record of faithfulness in living out this commitment. Some lose sight of this priority over time and allow their intentionality to fade. This book makes a distinctive contribution to our understanding of children's, youth, and young adult ministries by appropriating Erik Erikson's concept of generativity ("the interest in establishing and guiding the next generation") as a way of exploring congregational life. Eleven accomplished authors representing five different countries provide diverse theological and cultural perspectives on key aspects of what it means for churches to invest intentionally in the faith development of the members of emerging generations. Their chapters challenge us to think about the intergenerational dynamics of our churches, the crucial partnership between church and parents, and what it means to involve young people meaningfully in the life of the church. The intriguing topics explored by this group of authors--and the diverse contexts from which they write--promise to broaden and enrich our thinking about caring for children, youth, and young adults as a vital responsibility shared by the entire congregation.

What does the gospel look like through RayBans? Born in the 1960s and 1970s,

today's generation of young men and women is in crisis. Many grew up in broken homes. They face skyrocketing college costs and the prospect of underemployment--not an employment--after college. They have never known a time not plagued by ethnic strife, rampant crime and public scandal. Generation X has been bred on skepticism and cynicism. That's why it's difficult to reach them with gospel. But Kevin Graham Ford, born in 1965, refuses to give up on his peers. Instead, in this often gripping book, he offers some of the most innovative and practical guidance available on introducing a new generation to Jesus. Touching on postmodernism, narrative evangelism, life in cyberspace and a host of other timely topics, Ford's book will be welcomed by evangelists, pastors, campus fellowship workers, seminary students--all who teach, minister and live among Generation X. *Holman QuickSource Guide to Christian Apologetics* Zondervan Academic

The post-Christian world we inhabit today presents us with a mundane and disenchanting view of reality. Under the sway of materialism and science, we have been left with a way of seeing, thinking, and living that has no place for beauty and

wonder. We now live in a world bereft of magic and mystery. Many--including many Christians--no longer perceive the world in its proper light. As a result, the Christian imagination is muted. Moreover, the church has grown anti-intellectual and sensate, out of touch with the relevancy of Jesus and how to relate the gospel to all aspects of contemporary life. As a result, the Christian voice is muted. In this age Christian wholeness remains elusive, blunting the church's ability to present a winsome and compelling witness for faith. As a result, the Christian conscience is muted. Cultural Apologetics addresses this malaise by setting forth a fresh model for cultural engagement, rooted in the biblical account of Paul's speech on Mars Hill, which details practical steps for reestablishing the Christian voice, conscience, and imagination. Readers will be equipped to see, and help others see, the world as it is--deeply beautiful, mysterious, and sacred. With creative insights, Cultural Apologetics prepares readers to share a vision of the Christian faith that is both plausible and desirable, offering clarity for those who have become disoriented in the haze of modern Western culture.
