Angarey was banned
by the government of
the United Provinces a

few months after it was
first published in 1932.
Almost all the copies
printed were seized
and set on fire. The
release of the book had
been marked by
protests and the
government was
convinced that it would
offend the sensibilities
of society. Written by
four young firebrands-
Sajjad Zahir, Ahmed
Ali, Rashid Jahan and
Mahmuduzzafar-
Angarey comprises
nine stories and a play.
'Heaven Assured'
pokes fun at a moulvi's

excessive piety, while 'Masculinity' effectively uses the interior monologue to skewer patriarchy. The stories 'A Night of Mahavatt, the Winter Rain' and 'The Clouds Don't Come' are brilliant instances of the stream-of-consciousness technique being used to evoke an epic desolation and the uselessness of religion as a prop when faced by grinding poverty. Angarey, the book which invited one of the earliest bans on free speech in India, and a precursor of the Progressive Writers' Movement, was re-published in Urdu in 1995. Sensitively and brilliantly translated, this is the first time that the book is being published in the English language.

On a camel's back hill beyond Agra stands a Redstone citadel altogether different from the white marble Taj Mahal. Fatehpur Sikri is the capital Akbar built to honour the saint who foretold the birth of his first son. In the inner court of the king's palace is a broad stone terrace with a chequered pattern that resembles a game board. Here, accounts say, Akbar played a kind of chess using human pieces from his harem of three hundred.

Costumed in various guises, his women

would have presented lively masques upon this stage. Zelaldinus mounts such a pageant, glittering and fantastical, where past and present, nobles and commoners, history and fiction rub shoulders. Its variety of verse and prose forms evoke the carnival spirit of a masque. Underlying the depiction of a rich and varied court life at Sikri are reflections on kingship, a meditation on fathers and sons and a plot within a plot that tells a crackling story of love across the Pakistan border-while through it all strides the nimble ghost of Akbar himself.  While giving an acceptance speech for

his Nobel Prize nomination, Dr. Saadiq Haider, a renowned gene therapist and professor at Stanford University, receives a phone call that changes his life. Abandoning his duties and responsibilities, Saadiq hurriedly boards a flight bound for India, embarking on a journey that spans thousands of miles and pulls him back into a past Saadiq thought long-buried. Seated next to him on the flight, Anne Miller-an intrepid journalist with a nose for headline news-senses the reclusive genius has a story to tell. During the flight, Anne manages to break through Saadiq's hard exterior and listens, rapt, as he unfurls a tale fraught with love and heartbreak. His story

transports Anne back in time to a small, sleepy town nestled in the mountains of northern India, where Saadiq spent his childhood. Through Saadiq's narrative, Anne meets Maryam and witnesses the friendship between Maryam and Saadiq mature into an intense love; a love that is tested when tragedy strikes and the lovers are separated. Try as they might, their devotion is no match against the workings of fate, and the tighter Saadiq and Maryam cling to one another, the faster they slip apart. Now, after two decades of trying to forget his past with alcohol and drug abuse, Saadiq tells Anne that fate has acted again; Maryam is the hospital, her

condition critical. When their plane lands in India, the newfound friends part ways and while Saadiq rushes to Maryam's side, Anne returns to her life, grateful to have met the enigmatic man. Months later, Anne learns that after wrenching Maryam from the indomitable grip of death, Saadiq took her back to America, where they finally married. But, her assumption that the greatest love story she had ever known would end happily is shattered when Anne receives devastating news. Reviews: "Little Maryam is a compelling story, filled with pain and heart, and culminating in such a poignant and original twist, it stayed with me for days after I put the book down." -

This book is dedicated to the description and application of various different theoretical models to identify the near and mid-infrared spectra of symmetric and spherical top molecules in their gaseous form.

Theoretical models based on the use of group theory are applied to rigid and non-rigid molecules, characterized by the phenomenon of tunneling and large amplitude motions. The calculation of vibration-rotation energy levels and the analysis of infrared transitions are applied to molecules of ammonia (NH_3) and methane (CH_4). The

applications show how interactions at the molecular scale modify the near and mid-infrared spectra of isolated molecules, under the influence of the pressure of a nano-cage (the substitution site of a rare gas matrix, clathrate, fullerene or zeolite) or a surface, and allow us to identify the characteristics of the perturbing environment. This book provides valuable support for teachers and researchers but is also intended for engineering students, working research engineers and Masters and doctorate students.

From the New York
Times bestselling
author of Hello

Beautiful and Dear Edward, a novel set in Flannery O'Connor's hometown of Milledgeville, and a tragedy that forever alters the town and the author herself "A wholly believable world shaped by duty, small pleasures, and fateful choices."—O, The Oprah Magazine

Forced by illness to leave behind a successful life in New York, literary icon Flannery O'Connor has returned to her family farm in the small town of Milledgeville, Georgia. With her health and time both limited, all she wants is to be left alone to write. But Flannery's plans are soon upended by Melvin Whiteson, a banker from Manhattan who has recently married the town belle. Melvin

is at loose ends with his new life; though he has every opportunity, he's not sure where to begin. Flannery knows exactly what she wants, but is running out of time. Through their unusual and clandestine friendship, both will come to reflect on the decisions they have made and the paths they have chosen. Literary history and fiction gracefully intersect in this emotionally charged novel of small town Southern life, which asks us all to consider how we can live our lives to the fullest.

In the grip of lust, Raja Karan Vaghela abducts the beautiful Roopsundari, his prime minister Madhav's

wife. Fuelled by a desire for revenge, Madhav escapes to Delhi and persuades Sultan Alauddin Khilji to invade Gujarat and destroy Patan fort. This unleashes a dramatic chain of events that forever ends Rajput rule in Gujarat, heralding the dawn of a new age. Rich in psychological insight and imbued with a poetic vision, Karan Ghelo tells the spellbinding tale of a man who tragically failed his land and its people.

The kingdom of Patan faces an ominous future. King Karnadev lies on his deathbed. His son, Jaydev, is too young to ascend the throne. Rumours abound of scheming

warlords intent on establishing their own independence and powerful merchants plotting to wrest control from Patan Fort. There is also the shadowy monk Anandsuri and his vision to unite Patan under one religion: Jainism. In the eye of this gathering storm are Queen Minaldevi and the shrewd chief minister Munjal Mehta. Both have striven to maintain order in Patan and ensure that Jaydev's succession is secure. But the attraction between them is threatened by betrayal and intrigue, with dramatic consequences for the future of Patan. A sprawling, fast-paced saga in the oeuvre of Alexandre Dumas, *The Glory of Patan* is the first book in an epic

trilogy about the exploits of the magnificent Chalukya dynasty at a crucial period in the history of Gujarat.

THE GLORY OF PATAN

Simon and Schuster Madhubala was born as Mumtaz Jehan Begum in Delhi on 14 February 1933. When she entered in film industry as a child artist in 1942, who could ever thought on seeing her that one day she would become one of the most beautiful and versatile actresses of Hindi cinema. Lavishly illustrated with photos of Madhubala, this special book covers in detail the major events in her life, her rise in the film industry from bit player to celebrity and her marriage to Kishore Kumar. Her

life, especially her helplessness at being caught between the two persons she loved most in life-Dilip Kumar and her father Ataulah Khan, is vividly portrayed.

Dressing the Man is the definitive guide to what men need to know in order to dress well and look stylish without becoming fashion victims. Alan Flusser's name is synonymous with taste and style. With his new book, he combines his encyclopedic knowledge of men's clothes with his signature wit and elegance to address

the fundamental paradox of modern men's fashion: Why, after men today have spent more money on clothes than in any other period of history, are there fewer well-dressed men than at any time ever before? According to Flusser, dressing well is not all that difficult, the real challenge lies in being able to acquire the right personalized instruction. Dressing well pivots on two pillars -- proportion and color. Flusser believes that "Permanent Fashionability," both his promise and goal for the reader, starts by being accountable to a personal set of physical trademarks and not to any kind of random, seasonally served-up collection of fashion flashes. Unlike fashion, which is

obliged to change each season, the face's shape, the neck's height, the shoulder's width, the arm's length, the torso's structure, and the foot's size remain fairly constant over time. Once a man learns how to adapt the fundamentals of permanent fashion to his physique and complexion, he's halfway home. Taking the reader through each major clothing classification step-by-step, this user-friendly guide helps you apply your own specifics to a series of dressing options, from business casual and formalwear to pattern-on-pattern coordination, or how to choose the most flattering clothing silhouette for your body type and shirt collar for your face. A

man's physical traits represent his individual road map, and the quickest route toward forging an enduring style of dress is through exposure to the legendary practitioners of this rare masculine art. Flusser has assembled the largest and most diverse collection of stylishly mantled men ever found in one book. Many never-before-seen vintage photographs from the era of Cary Grant, Tyrone Power, and Fred Astaire are employed to help illustrate the range and diversity of authentic men's fashion. Dressing the Man's sheer magnitude of options will enable the reader to expand both the grammar and verbiage of his permanent-fashion

vocabulary. For those men hoping to find sartorial fulfillment somewhere down the road, tethering their journey to the mind-set of permanent fashion will deliver them earlier rather than later in life.

Kiara is a dynamic, thirty-something girl who has reached great heights professionally, and is the apple of the eye for almost everyone who knows her. But she never took any short cuts to become happier, wiser, healthier and more compassionate. She had to find rays of hope where the dark tunnel seemed unending, and identify shade in life's burning path. She found little pearls of wisdom in chasing her dreams, in

spreading laughter, in learning from scriptures and philosophers, and even at one point in almost ending her life. More than Kiara's story and the wisdom she achieves through the various dramatic and hilarious experiences, this book is a motion picture with you in the lead role. You as the 'hero' who can beat the most stubborn of villains — most of which lie deep within us...our fear, unkindness, selfish interests, negative thoughts and jealousy. You as the 'heroine' who is sharp and witty in talking, selfless and caring in love, and charming and beautiful inside out, like none other (perhaps a 2.0 version of you). Walk with Kiara to find a better you, because It

Doesn't Hurt to be Nice.

Can trees talk?

Rustling leaves and crackling barks apart, doesn't it sometimes seem as though the trees around us really do have something more to say? What if it's not the trees talking, but the tiny creatures that live inside them? Let's see the world around us through the eyes of Tiny Tara, the princess who lives in the trees with all her friends and her family. The Tiny princess knows more about trees and animals than our mind could possibly absorb, or our imagination encompass. Riding cats and climbing trees are other favorite activities, as Tara would tell you, once

you get to know her better. Oh! And she also loves yoga. Come along with Tara on this amazing adventure, in which mythology and fantasy come together to make your ride on the Tree of Life even more exciting.
