The Methodist Year-book Greg Kofford Books  
 Members of The Church of Jesus Christ of Latter-day Saints tend

to see the Book of Mormon through the lens of personal use, as a single textual and scriptural monolith—the Book of Mormon. That is somewhat natural, since we tend to have at hand and in-use, only the copy or version in our language needed to study it for

inspiration. In the process, the point tends to get overlooked that while we may accept the text as inspired, the physical embodiment of that text—the Book of Mormon—is a mortal reality. The Book of Mormon, while it has a “spirit,” also has a mortal “body” (or rather, bodies) existing in space and time. As such, it has a history—and because it comes to us in the form of a book, it also has a book history. This study is divided into three parts. The first part is a straightforward history of the edition’s editing, production, and manufacturing processes. It examines key points in the reprint history of the book, following important factors in the subsequent impressions of the work across nearly thirty years of re-impressions, corrections, transfers, and one new format. The narrative crowded into chapters one through four together leave Part II to catalogue the bibliographic minutia that is the beating heart of analytic book history and which provides entertainment for true-blooded bibliophiles. The details contained in the production and manufacturing contracts and coupled to the typographical evidence explained in Part III, together resolve once and for all the question of what constitutes the 1920 edition and what does not.

What happens if the world unexpectedly stands still for a moment? If, just like that, you are given a bit of time by sheer luck? This is exactly what happens in one of the biggest and busiest cities of the world, as a small snail crosses the street and makes traffic stop for half a day. A book about things that you always wanted to do but never had the time for.

Reviews"charming"-Kirkus Reviews"A proposal to improve the world"-Westfälische Nachrichten"humorous"-

Ehrensens"interesting not just in its story or its message, but also in how it delivers that message. The colors and backgrounds have a rich sense of texture, unlike the majority of children's books."-ForeWord Clarion Reviews"fabulous"-Spiegel Online"A creative bedtime story, which is also suitable for stressed adults. [...] In the bustle of the city, the animals seize the moment and become aware of how beautiful life can be without stress and hustle."-Designers in Action"sets out to demonstrate what can happen when we're true to ourselves, when we seize our day, when we live in the present, when we actually feel and enjoy the weather, when we are spontaneous, when we break from routine, when we defy expectation, and how these rather small acts of joy can

inspire others"-Amazon.com Customer Review"beautiful"-Geizkragen"The story of a little snail who triggers big changes."-Münstersche Zeitung

After falling off his horse, General Jodpur discovers the beauty of flowers and nature and vows to change the world around him by bringing peace.

*The Universalist Leader* Learning Island

"The war in Vietnam was not lost in the field, nor was it lost on the front pages of the New York Times or the college campuses. It was lost in Washington, D.C." - H. R. McMaster (from the Conclusion) *Dereliction Of Duty* is a stunning new analysis of how and why the United States became involved in an all-out and disastrous war in Southeast Asia. Fully and convincingly researched, based on recently released transcripts and personal accounts of crucial meetings, confrontations and decisions, it is the only book that fully re-creates what happened and why. It also pinpoints the policies and decisions that got the United States into the morass and reveals who made these decisions and the motives behind them, disproving the published theories of other historians and excuses of the participants. *Dereliction Of Duty* covers the story in strong narrative fashion, focusing on a fascinating cast of characters: President Lyndon Johnson, Robert McNamara, General Maxwell Taylor, McGeorge Bundy and other top aides who deliberately deceived the Joint Chiefs of Staff, the U.S. Congress and the American public. Sure to generate controversy, *Dereliction Of Duty* is an explosive and authoritative new look at the controversy concerning the United States involvement in Vietnam.

An American Indian Youth Literature Honor Title A Best Book of the Year in Publishers Weekly, School Library Journal, Kirkus Reviews, and Horn Book A 2020 Boston Globe—Horn Book Award Honor Title “Cree-Métis author/illustrator Julie Flett's smooth and lyrical words and gorgeous... images truly capture the warmth and solidarity of the female protagonists in this tender intergenerational friendship story.” —The Horn Book When a young girl moves from the country to a small town, she feels lonely and out of place. But soon she meets an elderly woman next door, who shares her love of arts and crafts. Can the girl navigate the changing seasons and failing health of her new friend? Acclaimed author and artist Julie Flett’s textured images of birds, flowers, art, and landscapes bring vibrancy and warmth to this powerful story, which highlights the fulfillment of intergenerational relationships and shared passions. An activity guide is available at greystonebooks.com for FREE download. A brief glossary and pronunciation guide to Cree words that appear in the text is provided on the copyright page. “Cycling from spring

to spring, [Julie Flett's] subtle, sensitive story delicately traces filaments of growth and loss through intergenerational friendship, art making, and changing moons and seasons." —Publishers Weekly (starred review)

Big Picture Book of General Knowledge

**The General** Springer Science & Business Media

This book has been nominated for the prestigious Pulitzer Prize in American history. This book is the authors protest against the removal of confederate statues and monuments. The author wants you to join his fight to preserve the history of the confederacy, and he plans to donate a significant portion of the proceeds from this book to legitimate organizations diligently working to maintain America's history. By purchasing this book, you'll demonstrate your support for keeping the history of the Confederate States of America alive. In the forward of the book, the author eviscerates the woefully ignorant individuals and the despicable pandering politicians demanding the removal of confederate monuments; which in effect, is akin to stealing knowledge from future generations of African American's. Their actions equate to racism. Many people have commented they would have purchased the book simple for the forward and

dedication. The book contains over 400 photographic portraits of the courageous generals of the Confederacy. The Civil War was a tragic and bloody rebellion in American history claiming the lives of nearly 700,000 soldiers fighting for the Union and The Confederate States of America. Most historians agree the Confederate soldiers were considered Americans during the war, and are deemed Americans today. Many of the Confederate Generals in this book fought for America in the Mexican War before resigning their commissions to serve heroically in the Confederate States of America military. In the eyes of millions of Southerners and Northerners, these men were true patriots of the South. No one can deny they are an integral part of America history and they must be remembered. After the civil war, the surviving Confederate Generals quickly reconciled with the Union and supported it. Many of these Generals later served in the United States Senate, the United States Congress and as Governors of states. Never forget, as surely as Union Generals viewed themselves as patriots, the Generals of the South considered themselves patriots. All served, all sacrificed. All carried visible and internal wounds for life, and all bled in some fashion. Those are the perils of war and all who served, deserve respect and their place in history. It's been said a picture is worth a thousand words. Each image in this book speaks countless words. "I have fought against the people of the North because I believed they were seeking to wrest from the South its dearest rights. But I have never cherished toward them bitter or vindictive feelings, and I have never seen the day when I did not pray for them." Robert E. Lee

Memoirs of Robert E. Lee Merriam Press

Encourage your child to play hidden pictures in order to encourage object constancy skills, which fuels the ability to determine pictures based on their features. This means that regardless of how an artist interprets an apple, your child will also recognize it as an apple. So what are you waiting for? Play hidden pictures today!

"Managerial styles are influenced by habit, familiarity, and workplace culture. It's no wonder that well-intentioned professionals doing their best to be good organizational leaders often repeat unhelpful supervisory practices experienced in their early careers, even if they disliked them at the time. In the DUH! Book of Management and Supervision, the author disagrees with many accepted leadership principles (unabashedly referring to them as myths) and makes new and different approaches easier to imagine. Her challenging and controversial concepts illustrated with poignant stories suggest common-sense and immediately applicable alternatives more suitable in today's workplace"--Back cover.

**A Photographic Portrait Book**

New York Times Bestseller Named one of the Best Gift Books of the Year by Entertainment Weekly, InStyle, House Beautiful, T: The New York Times Style Magazine, Better Homes & Gardens, Luxe Interiors + Design, People StyleWatch, Garden & Gun, The Los Angeles Times, The Chicago Tribune, New York Magazine, and more John Derian's home goods empire reaches far and wide—in addition to the four John Derian stores he owns in New York and Massachusetts, his products are sold by more than 600 retailers worldwide, including Neiman Marcus, ABC, and Gump's in the United States; Conran and Liberty in the UK; and Astier de Villatte in Paris. It all started with his now-iconic collectible plates decoupage with 19th-century artwork sourced from old and rare books, a process that credited him with elevating the decoupage technique into fine art. Over the past 25 years, the brand has expanded greatly to include home and general design gifts and products. Now, for the first time ever, comes the book John Derian fans have been waiting for. Culled from the thousands of images that have appeared in his biannual collections, here is an astoundingly beautiful assortment of nearly 300 full-bleed images in their original form. From intensely colored flowers and birds to curious portraits, hand-drawn letters, and breathtaking landscapes, the best of John Derian is here. The result is an oversized object of desire, a work of art in and of itself, that brilliantly walks the line between commerce and art, and that is destined to become the gift book of the season.
