To be successful, teachers of English in grades 6–12 need more than basic content knowledge and classroom management skills. They need a deep understanding of the goals and principles of teaching literature, writing, oral discourse, and language in order to make sound instructional decisions. This engaging book explores the pedagogical foundations of the discipline and gives novice and future teachers specific guidance for creating effective, interesting learning experiences. The authors consider such questions as

what makes a literary text worth studying, what students gain from literary analysis, how to make writing meaningful, and how to weave listening and speaking into every class meeting. Professional learning and course use are facilitated by end-of-chapter reflection questions, text boxes, and appendices showcasing exemplary learning activities.

Literacy is the foundation for all learning and must be accessible to all students. This fundamental truth is where Kimberly Parker begins to explore how culturally relevant teaching can help students work toward justice. Her goal is to make the literacy classroom a place where students can safely talk about key issues, move to dismantle inequities, and collaborate with one another. Introducing diverse texts is an essential part of the journey, but teachers must also be equipped with culturally relevant pedagogy to improve literacy instruction for all. In *Literacy Is Liberation*, Parker gives teachers the tools to build culturally relevant intentional literacy communities (CRILCs) with students. Through CRILCs, teachers can better shape their literacy instruction by * Reflecting on the connections between behaviors, beliefs, and racial identity. * Identifying the characteristics of culturally relevant literacy instruction and grounding

their practice within a strengths-based framework. * Curating a culturally inclusive library of core texts, choice reading, and personal reading, and teaching inclusive texts with confidence. * Developing strategies to respond to roadblocks for students, administrators, and teachers. * Building curriculum that can foster critical conversations between students about difficult subjects—including race. In a culturally relevant classroom, it is important for students and teachers to get to know one another, be vulnerable, heal, and do the hard work to help everyone become a literacy high achiever. Through the practices in this book, teachers can create the more inclusive, representative, and equitable classroom environment that all students deserve.

From one of the greatest minds in contemporary mathematics, Professor E.T.

Bell, comes a witty, accessible, and fascinating look at the beautiful craft and enthralling history of mathematics. Men of Mathematics provides a rich account of major mathematical milestones, from the geometry of the Greeks through Newton's calculus, and on to the laws of probability, symbolic logic, and the fourth dimension. Bell breaks down this majestic history of ideas into a series of engrossing biographies of the great mathematicians who made progress possible—and who also led intriguing, complicated, and often surprisingly entertaining lives. Never pedantic or dense, Bell writes with clarity and simplicity to distill great mathematical concepts into their most understandable forms for the curious everyday reader. Anyone with an interest in math may learn from these rich lessons, an advanced degree or extensive research is never necessary.

KID WRITING

Celebrating 30 years of the beloved classic Owl Moon from renowned children's book author Jane Yolen and Caldecott Medal-winning illustrator John Schoenherr! Late one winter night a little girl and her father go owling. The trees stand still as statues and the world is silent as a dream. Whoohoo-whoohoo, the father calls to the mysterious nighttime bird. But there is no answer. Wordlessly the two companions walk along, for when you go owling you

don't need words. You don't need anything but hope. Sometimes there isn't an owl, but sometimes there is. Distinguished author Jane Yolen has created a gentle, poetic story that lovingly depicts the special companionship of a young child and her father as well as humankind's close relationship to the natural world. Wonderfully complemented by John Schoenherr's soft, exquisite watercolor illustrations, this is a verbal and visual treasure, perfect for reading aloud and sharing at bedtime.
