If you think tacos are greasy, unhealthy food--think again. Tacos are so much more than ground beef and grated cheese in a crispy shell; they include fresh, tasty ingredients that are good for you. Tacos, burritos and quesadillas hail from Mexico and traditional recipes generally involve long-simmered meat or poultry, topped with crispy vegetables, wrapped or sealed in a soft flour or corn tortilla and served with a dollop of spicy salsa. It is street food par excellence and as the trend has grown, so have the options for fillings. This book offers a collection of recipes for taco, quesadilla and burrito fillings, with a good selection of contemporary twists to get you hooked on the taco-making and eating craze. Ideas for Tacos include Chipotle Chicken and Ancho Chile Roasted Butternut. More substantial Burritos include Chorizo, Bean, and Pepper; or Chicken Mole. Quesadillas are perfect for sharing--try a Ham and Egg Breakfast Quesadilla or Shrimp and Avocado. There is also a chapter on Sides & Salsas as, often, a taco is only as good as the extra bits you add to it. Simple recipes include Guacamole, Pico de Gallo, Tomatillo Salsa, and Baja Slaw. Tacos, quesadillas and burritos are simplicity itself to prepare, so no specialty skills or equipment

are required--they are perfect for a light meal or an anytime snack.

Why did we make a Peruvian Vegan Cookbook? Our family roots are Peruvian, and we have been vegan for many years. Peruvian cuisine is famous for its variety and flavor. However, only very few of their dishes are vegan. The richness of Peruvian cuisine has many origins, from its Inca roots to the influence of other cultures like the Spanish, Chinese, and Japanese, who have flourished for many generations in Peru. In this vegan cookbook we have adapted many classic Peruvian recipes so that you don't miss out on one of the best cuisines in the world. We wanted to keep the recipes as simple and traditional as possible, in fact, you don't need to know advanced cooking techniques to prepare any of the dishes. The 50 recipes included in this vegan cookbook are based on traditional Peruvian dishes, but completely plant-based. You will find them tasty, and easy to follow. Enjoy!

The "spirit of sonship" is an apostolic grace which brings about the spiritual maturity of the believer, the revival of apostolic Christianity, and ultimately, the maturity of the church in preparation for the coming of Christ. This important book reveals that the values and heart attitudes of what we may call the spirit of sonship is the very nature and essence of authentic apostolic New Testament Christianity. You will discover a fresh approach to understanding and walking in grace, through relationships. The subject is huge, and wonderful; the whole of the Scriptures and all of salvation history must now be seen in the light of sonship and its implications.
