He'd been content with his lower-class existence: counting cards at the local casino, and using the winnings to finance his ever-expanding comic book collection. His life was blissfully uneventful until one morning, a dangerous fall lands him in the emergency room, and he discovers a tumor is pressing against his brain.Unable to afford experimental but potentially life-saving surgery, Moxon takes drastic action. He volunteers for 'Arena Mode', the year 2041's most vicious sporting event, where superhumans fight in an urban combat zone for a multi-billion dollar prize. Moxon is forced to battle opponents possessing ungodly speed, strength, and abilities once thought to exist only across the pages of superhero comics - and he's armed with nothing more than his rapidly-diminishing brain cells. With the odds stacked impossibly against him, he fights to not only survive the wrath of the other competitors, but to unlock the mysteries buried within the Arena itself.

NATIONAL BESTSELLER • A mysterious former Sith wanders the galaxy in this stunning Star Wars tale, an original novel inspired by the world of The Duel from the Star Wars Visions animated anthology. The Jedi are the most loyal servants of the Empire. Two decades ago, Jedi clans clashed in service to feuding lords. Sickened by this endless cycle, a sect of Jedi rebelled, seeking to control their own destiny and claim power in service of no master. They called themselves Sith. The Sith rebellion failed, succumbing to infighting and betrayal, and the once rival lords unified to create an Empire . . . but even an Empire at peace is not free from violence. Far on the edge of the Outer Rim, one former Sith wanders, accompanied only by a faithful droid and the ghost of a less civilized age. He carries a lightsaber, but claims lineage to no Jedi clan, and pledges allegiance to no lord. Little is known about him, including his name, for he never speaks of his past, nor his regrets. His history is as guarded as the red blade of destruction he carries sheathed at his side. As the galaxy's perpetual cycle of violence continues to interrupt his self-imposed exile, and he is forced to duel an enigmatic bandit claiming the title of Sith, it becomes clear that no amount of wandering will ever let him outpace the specters of his former life.

 From Hugo, Nebula, and Locus award-winning author T. Kingfisher comes an original and subversive fantasy adventure. *A very special hardcover edition, featuring gold foil stamp on the casing and custom endpapers illustrated by the author.* This isn't the kind of fairytale where the princess marries a prince. It's the one where she kills him. Marra never wanted to be a hero. As the shy, convent-raised, third-born daughter, she escaped the traditional fate of princesses, to be married away for the sake of an uncaring throne. But her sister wasn't so fortunate—and after years of silence, Marra is done watching her suffer at the hands of a powerful and abusive prince. Seeking help for her rescue mission, Marra is offered the tools she needs, but only if she can complete three seemingly impossible tasks: —build a dog of bones —sew a cloak of nettles —capture moonlight in a jar But, as is the way in tales of princes and witches, doing the impossible is only the beginning. Hero or not—now joined by a disgraced ex-knight, a reluctant fairy godmother, an enigmatic gravewitch and her fowl familiar—Marra might finally have the courage to save her sister,

and topple a throne. "Nettle & Bone is the kind of book that immediately feels like an old friend. Fairytale mythic resonance meets homey pragmatism in this utterly delightful story. It's creepy, funny, heartfelt, and full of fantastic characters I absolutely loved!" —Melissa Caruso, author of *The Tethered Mage*

What do world governments do when they learn that fantastical beings are not merely fiction, but flesh and blood-not to mention feather, hoof, and fang? Why, they create new regulations, of course, like the Interspecies Cultural Exchange Accord! When twenty-something Kurusu Kimihito becomes an involuntary "volunteer" in the government homestay program for monster girls, his world is turned upside down. A lamia named Miia is sent to live with him, and it's Kimihito's job to make sure the sexy snake girl integrates into everyday life. While cold-blooded Miia is hot for Kimihito, the penalties for interspecies breeding are dire. Even worse, when a buxom centaur girl, and a scantily-clad harpy move into Kimihito's house, what's a full-blooded young man with raging hormones to do?
