Business Ethics By Manuel

OMB No. 6825152079847 edited by

YOSELIN WILLIAMSON

Business Ethics: Theory and Practice Prentice Hall

The Oxford Handbook of Business Ethics is a comprehensive treatment of business ethics from a philosophical approach. Each chapter is written by an accomplished philosopher who surveys a major ethical issue in business, offers his or her own contribution to the issues that define that topic, and provides a bibliography that identifies key works in the field.

BUILDING BETTER BEINGS

McGraw-Hill Companies

This new book emphasizes the critical role of leadership in trust-building as well as the novel perspective on the trust circle of leadership.

BECOMING A TRUSTWORTHY LEADER

Wiley-Blackwell

There's no such thing as business ethics. How can that be? Because a single standard applies to both your business and personal life-and it's one we all know and trust: the Golden Rule. Now bestselling author John C. Maxwell shows you how this revered ideal works everywhere, and how, especially in business, it brings amazing dividends. There's No Such Thing As "Business" Ethics offers: * Stories from history, business, government, and sports that illustrate how talented leaders invoked this timeless principle * Examples of difficult business decisions-layoffs, evaluations, billing clients, expansion-and how the Golden Rule applies to each * The five most common reasons people compromise their ethics-and how you can prevail over such moral obstacles * How applying the Golden Rule to business builds morale, increases productivity, encourages teamwork, lowers employee turnover, and keeps clients coming back. John C. Maxwell not only reveals the many ways the Golden Rule creates the perfect environment for business success, but does it with great wisdom, warmth, and humor. Backed by flawless research and the ideas of history's best thinkers, this engaging book brilliantly demonstrates how doing the right thing fosters a winning situation for all, with positive results for employees, clients, investors, and even your own state of mind. Business runs much more smoothly, profits increase, and you know that you've set the groundwork for years of future prosperity. . . and it's all thanks to the tried-and-true Golden Rule.

Business Ethics: Concepts and Cases Wadsworth Publishing Company

This best-selling text provides comprehensive coverage of the significant, recurring issues combining historical background and contemporary issues and examples. The hallmark of this book is its clear and precise exposition of material in sufficient detail to be interesting and understandable to students.

PHILOSOPHY

Springer

Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of Business Ethics: Concepts and Cases has been revised to keep pace with those changes most effecting business: accelerating globalization, constant technological updates, proliferating of business scandals. Business Ethics: Concepts and Cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses. Teaching and Learning Experience Personalize Learning - MyThinkingLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Business Ethics: Concepts and Cases provides summaries of basic ideas discussed within the text in its margins; presents conceptual materials first, and then offers discussion cases second through standardized chapters; all providing students the chance to critically think about the material they are learning. Engage Students - Study questions at the beginning of each chapter, definitions of key terms in the margins, a glossary, chapter-end study and discussion questions, end-of-chapter web resources, and chapter-opening concrete examples / cases all ensure students' complete

understanding of the material. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. NEW! THE OXFORD HANDBOOK OF BUSINESS ETHICS

Prentice Hall

Individuals are generally considered morally responsible for their actions. Who or what is responsible when those individuals become part of business organizations? Can we correctly ascribe moral responsibility to the organization itself? If so, what are the grounds for this claim and to what extent do the individuals also remain morally responsible? If not, does moral responsibility fall entirely to specific individuals within the organization and can they be readily identified? A perennial question in business ethics has concerned the extent to which business organizations can be correctly said to have moral responsibilities and obligations. In philosophical terms, this is a question of "corporate moral agency." Whether firms can be said to be moral agents and have the capacity for moral responsibility has significant practical consequences. In most legal systems in the world, business firms are recognized as "persons" with the ability to own property, to maintain and defend lawsuits, and to self-organize governance structures. However to recognize that these "business persons" can also act morally or immorally as organizations would justify the imposition of other legal constraints and normative expectations on organizations. In the criminal law, for example, the idea that an organized firm may itself have criminal culpability is accepted in many countries (such as the United States) but rejected in others (such as Germany). This book presents contributions by leading business scholars in business ethics, philosophy, and related disciplines to extend our understanding of the "moral responsibility" of firms.

The Business Ethics Workshop SAGE

This encyclopedia, edited by the past editors and founder of the Journal of Business Ethics, is the only reference work dedicated entirely to business and professional ethics. Containing over 2000 entries, this multi-volume, major research reference work provides a broad-based disciplinary and interdisciplinary approach to all of the key topics in the field. The encyclopedia draws on three interdisciplinary and over-lapping fields: business ethics, professional ethics and applied ethics although the main focus is on business ethics. The breadth of scope of this work draws upon the expertise of human and social scientists, as well as that of professionals and scientists in varying fields. This work has come to fruition by making use of the expert academic input from the extraordinarily rich population of current and past editorial board members and section editors of and contributors to the Journal of Business Ethics.

CORPORATE INTEGRITY AND ACCOUNTABILITY

Harvard Business Press

Presents ideas without oversimplifying, while balancing ethical theory and managerial practice Revel(TM) Business Ethics: Concepts and Cases is one of the most widely used texts on business ethics today -- and remains popular among students because of its accessible style and lucid explanations of complex theories and concepts. While cases and issues have been updated extensively for the Eighth Edition, the authors' goals are consistent with previous editions: (1) to introduce the reader to the ethical concepts that are relevant to resolving moral issues in business; (2) to impart the reasoning and analytical skills needed to apply ethical concepts to business decisions; (3) to identify the moral issues involved in the management of specific problem areas in business; (4) to provide an understanding of the social, technological, and natural environments within which moral issues in business arise; and (5) to supply case studies of actual moral dilemmas faced by businesses and business people. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: Revel is a fully digital delivery of Pearson content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

BUSINESS ETHICS REVEL ACCESS CARD

Pearson Higher Ed

Conflicts of interest pose special problems for the professions. Even the appearance of a conflict of interest can undermine essential trust between professions and the public. This volume is an accessible guide to the ramifications and problems caused by conflicts of interest. It contains 15 new essays by scholars, and covers topics in law, medicine, journalism, engineering, financial services, and others.

Ethics for A-Level Prentice Hall

Can a corporation have a conscience? What is wrong with reverse discrimination? Can ethical management and managed care coexist? Hoffman, Frederick, and Schwartz address these and many other current, intriguing, often complex issues in corporate morality. This introductory business ethics text contains a thorough general introduction on ethical theory, 54 readings, and 25 cases. Divided into five parts, each with an introduction that presents the major themes of its articles and cases, the text contains an impartial, point-counterpoint presentation of different perspectives on the most important issues being debated in business ethics. Each chapter ends with questions that can be used for student discussion, review, tests/quizzes, or for student assignments. The fourth edition has 27 new readings, 15 new cases, and 10 new mini-cases.

BUSINESS ETHICS: CONCEPTS AND CASES

Springer Nature

The Business Ethics Workshop by James Brusseu focuses on reality and engagement. Students respond to examples and contemporary cases that touch on their own anxieties, desires and aspirations, and this textbook drives that without sacrificing intellectual gravity. It incites student interest and gets to the core of ethical issues.

Encyclopedia of Business and Professional Ethics Business Ethics

In this book the authors examine the various orientations of leadership, and demonstrate that true, effective leadership is only achieved when it is consistent with ethical and moral values.

Ethics of Data and Analytics Cambridge University Press

Revised edition of the author's Business ethics, c2012.

Business Ethics Prentice Hall

This essential resource helps students synthesize and evaluate information and gauge their progress through The Examined Life Telecourse. The guide offers stimulating and thought-provoking support activities as well as self-test questions and a glossary of terms.

THE METHODS OF ETHICS

Oxford University Press

Velasquez's CENGAGE ADVANTAGE BOOKS: PHILOSOPHY: A TEXT WITH READINGS combines clear prose and primary sources to provide a meaningful exploration of philosophy. You'll explore a wide range of topics, such as human nature, feminist theory, diversity, and aesthetics. Included with your purchases is access to InfoTrac College Edition's online university library.

Philosophy, a Text with Readings Wadsworth Publishing Company

What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.
