French Bread at Home

Thinking of the text from the Dies frae (S. Matthew, XXV, 40). It is also probable that this other Saint Francis, partly out of admiration for his illustrious compatriot of Assisi and partly from a compelling urge to be superlative in all things, chose the title in opposition to the Franciscans, the Fratres Minori, I who had previously adopted this style taken from Saint Matthew, XXIII, 8. The title "Minim" was confirmed in these words"

... eosque Eremitos Ordinis Minimorum Fratrum Eremitarum F. Francesci de Paula in posterum nuncupari," taken from the Papal Bull, Meritis religiosae vitae, of 26 February, 1493. The earliest reference to the Order in France is in a fragment preserved in the Bibliotheque de l'Arsenal called, La regle et vie de Frere Franfois, pauvre et humble hermite de Paule, laquelle donne a tous ses 2 freres voulant entrer et vivre en son ordre. The dating of this manuscript should be accepted with considerable reserve; it bears a clearly legible "1474," although it seems most unlikely that any reference to an Order occurred before the Bull of 1493 or that any Rule appeared in French before the Founder's visit to Louis XI in 1483. 3 The fame of Francis and his reputation as a

"guerisseur" had reached the French court where Louis XI was sick and dying; the King summoned him to the chateau of Le Plessis-les-Tours, but it required the intervention of the Pope to make the hermit undertake the journey

Arguing that the focus in global urban studies on cities such as New York, London, Tokyo in the global North, Mexico City and Shanghai in the developing world, and other major nodes of the world economy, has skewed the concept of the global city toward economics, this volume gathers a diverse group of contributors to focus on smaller and less economically dominant cities. It highlights other important and

relatively ignored themes such as cultural globalization, alternative geographies of the global, and the influence of deeper urban histories (particularly those relating to colonialism) in order to advance an alternative view of the global city. *Rethinking Global Urbanism* Oxford University Press

Books with Books is the second collection of interdisciplinary articles on Hebrew Binding fragments, representing current scholarship and its international scope. The volume presents new manuscripts discoveries from several European countries.

Kidnapped and sold into slavery in the

American South, freeman Solomon Northup spent twelve years in bondage before being freed. *Twelve Years a Slave* is Northup's moving memoir, revealing unimaginable details of the horrors he faced as a slave on Southern plantations, and his unshakable belief that he would return home to his family. Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's *Uncle Tom's Cabin*, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.

"The company is a commedia dell'arte group who wander by mistake into the eye of an allegory. They are humanity,

wayward saints all, who are far from home and without means. A nobleman may be their salvation if they can put on a good show for him. Surprisingly, the Company chooses to present the history of man, from the Garden of Eden through Everyman in birth, adolescence, marriage and death. Along the way they enact other wayward adventures such as the assassination of Julius Caesar and the homecoming of Odysseus. It is a fine mosaic of life redeemed by humor and human understanding."--Back cover.

This thought-provoking collection of magical texts from ancient Egypt shows the exotic rituals, esoteric healing practices, and incantatory and supernatural dimensions that flowered in early Christianity. These remarkable Christian magical texts include curses, spells of protection from "headless powers" and evil spirits, spells invoking thunderous powers, descriptions of fire baptism, and even recipes from a magical "cookbook." Virtually all the texts are by Coptic Christians, and they date from about the 1st-12th centuries of the common era, with the majority from late antiquity. By placing these

rarely seen texts in historical context and discussing their significance, the authors explore the place of healing, prayer, miracles, and magic in the early Christian experience, and expand our understanding of Christianity and Gnosticism as a vital folk religion.

 Winner of the 2016 Lambda Literary Award for Bisexual Fiction “I read *The Life and Death of Sophie Stark* with my heart in my mouth. Not only a dissection of genius and the havoc it can wreak, but also a thunderously good story.”—Emma Donoghue, New York Times bestselling author of *Room* “This novel is perceptive, subtle, funny and lingers in unexpected ways. The analysis

of a woman who puts her art above all else is equal parts inspiration and warning story. Anna North makes prose look easy.”—Lena Dunham Gripping and provocative, *The Life and Death of Sophie Stark* is a haunting story of fame, love, and legacy told through the propulsive rise of an iconoclastic artist. Sophie Stark begins her filmmaking career by creating a documentary about her obsession, Daniel, a college basketball star. But when she becomes too invasive, she finds herself the victim of a cruel retribution. The humiliation doesn’t stop her. Visionary and unapologetic, Sophie begins to use stories from the lives of those around her to create movies, and as she gains critical recognition and acclaim, she risks betraying the one she loves most. Told

in a chorus of voices belonging to those who knew Sophie best, *The Life and Death of Sophie Stark* is an intimate portrait of an elusive woman whose monumental talent and relentless pursuit of truth reveal the cost of producing great art. It is “not only a dissection of genius and the havoc it can wreak, but also a thunderously good story” (Emma Donoghue).

Over the Rainbow? The Road to LGBTI Inclusion Princeton University Press
JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common

sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. "The son of the Wolf" (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, "The Call of the Wild" (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including "The Sea-Wolf" (1904), "White Fang" (1906), "South Sea Tales" (1911), and "Jerry of the South Seas" (1917). One of London's most interesting novels is the semi-autobiographical "Martin Eden" (1909). He also wrote socialist treatises, autobiographical essays, and a

good deal of journalism.
