Hal Leonard

(Personality). The Piano Guys say of their 2021 album Chill , "We hope this album is the kind of music your mind needs -- familiar melodies couched in a context musically engineered to help your mind CHILL, crowd out the clutter, and instead hold onto the good things. To be powerful. It doesn't take peaks in volume and fast paced motion running every which way at once. Power can come from simply being still. Being CHILL." This matching digital folio presents all 13 tracks in artist-approved piano/cello arrangements that match the recordings with a separate cello part. Songs include: Anyone * Grow As We Go * I Will Always Love You * My Girl * Someone like You * Stressed Out * Sweet Child O' Mine * Unchained Melody * You Are the Reason * and more.

Very Best of the Righteous Brothers Unchained Melody*Warning Unchained Melody contains Sex, Drugs and Rock 'N Roll* From girl, to woman, to goddess.... Everybody is used to singing along about somebody's 'Baby' on the radio...but who is Baby, really? Where do the feelings behind the greatest songs come from? And what if Baby were to grow up as the girl next door for a little boy who dreams of becoming a rock star? Callie Clay has grown up knowing that she's different to other girls. Not only was she adopted by a famous author, but she is a tomboy and a musical prodigy and for as long as she can remember, Callie Clay has suffered Astraphobia and dreamless sleeps, which pretty much makes her the weirdest kid in school. In fact, if it weren't for her two best mates, Hunter and Ryan and the passion that they all share for music, she knows that she would have grown up to be the official pariah of Horizon High. But Callie has been blessed with two very attractive, very talented best mates and so she considers herself one of the luckiest girls in the world instead. But things change in their senior year, as things always do, and when Callie realises that she's falling for

not one but both of her best friends in the middle of the worst storm she's ever had to survive, chaos and tragedy ensue, and she starts to learn that things that make her 'her' don't make her weird at all- they make her a goddess. In fact, they make her one of nine very famous goddesses, and one who was sent to earth not just to inspire this time- but to be punished. And as for Hunter and Ryan well... they're about to learn that being kissed by a muse is not a matter to be undertaken on a whim... not if you value your life before your passion! Funny, sexy, devastating and out of this world, Unchained Melody is the novel for the dreamers and is not for the faint of heart and is set to a 90's playlist that'll have you rockin' out! If her heart skips a beat, it'll be her last.Unchained Melody - SomedayUnchained Melody

"In this volume, expert Tom Mes takes us through the extraordinary career of this Japanese actress, whose commanding screen presence and piercing gaze defined an entire age of Japanese cinema from the 1960s onwards. From her early years in the wildly popular films of the Nikkatsu studio to career-defining roles in Lady Snowblood and Female Prisoner Scorpion, Tom also explores Kaji's many collaborations with master film-makers such as Kinji Fukasaku and Kon Ichikawa and delves into her twilight reign on the television screens of Japan, as well as spotlighting Meiko Kaji the singer. Unchained Melody profiles her collaborating directors and looks at the varied cinematic tastes of Japanese film audiences over a period of several decades, providing an intriguing snapshot not only into Meiko Kaji's career and the film industry of the time, but also of Japanese culture itself"--Page 4 of cover.

An Odyssey of Music and Love It's July 7, 1954. The Memphis area is about to hear and witness perhaps the world's most famous and profound singer, entertainer, and unique individual in music history. It all came together in what could be called the 'perfect storm'. A period in history that created a vacuum for the exact right person, at the precise time and place to fulfill destiny's call. During the years of 1954 and '55, the Memphis area had a front row seat to experience the genesis of an astonishing era in music that has never been seen before or since. In the first part of the book, we step into the Patton family and their small-town community near Memphis. Through them, we experience the incredible excitement and hysteria created by this local Memphis singer as he exploded into a worldwide phenomenon. Part One of "Love's Unchained Melody" includes an intriguing account of the magnitude of excitement that took place in the Memphis area from the year 1954 and throughout the remainder of that decade. This unique and unprecedented era in music is witnessed and experienced from the perspective of the Patton family, their two teenage daughters, and school friends from within a small-town community near Memphis. The Pattons are a fictitious family representing and characterizing what it was like within the local Memphis area to experience in a close and personal way this real and incredible period in history. Part Two of the book begins August 16, 1977. It takes you on an amazing journey of triumph and victory over seemingly insurmountable odds. It's a story of how destiny miraculously brings soul mates and families together. How the miracle of grace transforms lives.
