A commentary on the life and work of Andy Warhol, celebrated American artist.

The Warhol '60s Hardy Marks Publications

A unique 360-degree view of an incomparable 20th-century

American artist One of the most emulated and significant figures in modern art, Andy Warhol (1928-1987) rose to fame in the 1960s with his iconic Pop pieces. Warhol expanded the boundaries by which art is defined and created groundbreaking work in a diverse array of media that includes paintings, sculptures, prints, photographs, films, and installations. This ambitious book is the first to examine Warhol's work in its entirety. It builds on a wealth of new research and materials that have come to light in recent decades and offers a rare and much-

needed comprehensive look at the full scope of Warhol's production--from his commercial illustrations of the 1950s through his monumental paintings of the 1980s. Donna De Salvo explores how Warhol's work engages with notions of public and private, the redefinition of media, and the role of abstraction, while a series of incisive and eye-opening essays by eminent scholars and contemporary artists touch on a broad range of topics, such as Warhol's response to the AIDS epidemic, his international influence, and how his work relates to constructs of

self-image seen in social media today.

[A Deep Look at a Shallow Year](#) Random House

In celebration of its 25th anniversary, the bestselling classic is introduced to a new generation—with an added preface by Warhol's diarist and long-time friend, Pat Hackett, contemplating Warhol's lasting cultural impact. This international literary sensation turns the spotlight on one of the most influential and controversial figures in American culture. Filled with shocking observations about the lives, loves, and careers of the rich, famous, and fabulous, Warhol's journal is endlessly fun and fascinating. Spanning the mid-1970s until just a few days before his death in 1987, *THE ANDY WARHOL DIARIES* is a compendium of the more than twenty thousand pages of the artist's diary that he dictated daily to Pat Hackett. In it, Warhol gives us the ultimate backstage pass to practically everything that went on in the world—both high and low. He hangs out with "everybody": Jackie O ("thinks she's so grand she doesn't even owe it to the public to have another great marriage to somebody big"), Yoko Ono ("We dialed F-U-C-K-Y-O-U and L-O-V-E-Y-O-U to see what happened, we had so much fun"), and "Princess Marina of, I guess, Greece," along with art-world rock stars Jean-Michel Basquiat, Francis Bacon, Salvador Dali, and Keith Haring. Warhol had something to say about everyone who crossed his path, whether it was Lou Reed or Liberace, Patti Smith or Diana Ross, Frank Sinatra or Michael Jackson. A true cultural artifact, *THE ANDY WARHOL DIARIES* amounts to a portrait of an artist—and an era—unlike any other.

Andy Warhol MIT Press

Essays by John W. Smith, Mario Kramer and Matt Wrban.

Introduction by Thomas Sokolowski and Udo Kittelmann.

Jean-Michel Basquiat Bulfinch

Warhol's Factory as seen through the lens of a young Shore, providing an insider view of this extraordinary moment and place. Stephen Shore was 17 years old when he began hanging out at The Factory - Andy Warhol's legendary studio in Manhattan. Between 1965 and 1967, Shore spent nearly every day there, taking pictures of its diverse cast of characters, from musicians to actors, artists to writers, and including Edie Sedgwick, Lou Reed, and Nico - not to mention Warhol himself. This book presents a personal selection of photographs from Shore's collection, providing an insider's view of this extraordinary moment and

place, as seen through the eyes of one of photography's most beloved practitioners.

Andy Warhol is one of the most compelling figures of the twentieth-century art world, and his body of work has transformed the landscape of contemporary art. For this book, the museum has gathered the highlights of its collection to create a volume that is as compelling and idiosyncratic as Warhol himself.

ANDY WARHOL

Twelve

Contemporary artists revisit Warhol's 1985 love letter to America. Originally published in 1985, Warhol's *America* features photographs both taken and collected by the artist during his cross-country travels and in-person encounters over the previous decade. The book, an idiosyncratic love letter to America, finds Warhol reflecting on everything from travel, beauty and fame to politics, technology and the American Dream. Three decades later, *Fantasy America* invites artists Nona Faustine, Kambui Olujimi, Pacifico Silano, Naama Tsabar and Chloe Wise to revisit this seminal publication and contribute their own art. All New York-based, they, like Warhol, are cross-disciplinary artists drawn to repetition, seriality and image appropriation in their work. Against the backdrop of nationwide protests in the wake of George Floyd's murder, the Black Lives Matter movement, the COVID-19 pandemic and the presidential election, these essays and artworks probe and challenge our perceptions of what America is and what it can become.

Grand Central Publishing

Andy Warhol embodied many of the paradoxes of postwar America. Emerging as a successful commercial artist during the heyday of Madison Avenue, Warhol was obsessed with consumer objects and the production of fame. His early work reveals his fascination with Hollywood stars, everyday household products, disasters, car crashes, and the Kennedy assassination. In this

book Stuart Morgan considers the public and private Andy Warhol; Barbara Kruger looks at the polarized responses to his work; Richard Prince offers a wry comparison between himself and his more famous predecessor; and other writers, artists and scholars contribute their own thoughts and reactions to Warhol the man and artist. Illustrated throughout with a wide-ranging series of illustrations of Warhol's famed and lesser-known works, this collection brings into clearer focus the artist's personal struggles to make sense of the world he inhabited. 0Exhibition: Museo Jumex, Mexico City, Mexico (04.06. - 30.09.2017).

A critical close-up of Warhol's famous film and its cultural impact. In Andy Warhol's silent black-and-white movie, *Blow Job* (1964), a youth is filmed as he is apparently being given the sex act named in the title. The 35-minute film is accentuated by the paucity of expression on the actor's face: we see only his head and shoulders, rigidly framed so that all offscreen space has to be imagined, or avoided. Sometimes the young actor looks bored, sometimes as if he is thinking, sometimes as if he is aware of the camera, sometimes as if he is not. Like the protagonists of other Warhol films, he is apparently left to his own devices. Warhol's 16mm films (including *Blow Job*, *Sleep*, *Empire*, and *Henry Geldzahler*), with their take on boredom, voyeurism, and the supposedly unmoving camera, continue to be influential today. In their own era of the early 1960s, they forced avant-garde film away from various forms of romantic illusionism and onto the reality of the specific film-as-projected. The film process itself became inseparable from the act of the viewer's viewing. In this extended examination of *Blow Job*, Peter Gidal deciphers the structures, abstract and concrete, of Warhol's crucial film. Warhol's techniques—the use of the close-up, the general use of camera movement, and the complete theatrical mis-en-scène—(especially when compared to the Godardian cinema vérité of the time) make the materiality of the film process, its making and viewing, ineluctably present. Peter Gidal has written books on the works of Samuel Beckett, Andy Warhol, and Gerhard

Richter, as well as on avant-garde materialist film. An experimental filmmaker himself, Gidal has had retrospectives at the London Film Co-op, LUX, the National Film Theatre, Centre Pompidou, and the Institute of Contemporary Arts, London. Andy Warhol (1928-1987) was one of the twentieth century's most important artists and cultural icons.

Andy Warhol Prestel Pub

This is the never-before-published story of a snake trying to make it in the world of sixties high society, strongly suggested to be a stand-in for Warhol himself. The snake's tongue-in-cheek observations as he slithers from adorning Jackie Kennedy's boots to embellishing Coco Chanel's shirt will delight the sophisticated fashion crowd. But the stars of the show are Warhol's whimsical illustrations, revived with a color scheme inspired by his iconic Pop Art. Before he achieved his dream of making it big in New York, Andy Warhol worked in advertising for a leather goods company, Fleming-Joffe, alongside Ogden Nash and Piero Fornasetti. It was for Fleming-Joffe that he created these images, held by the Warhol Museum in Pittsburgh, Pennsylvania, and rarely seen until this deluxe publication. The *Autobiography of a Snake* is a brilliant portrait of Warhol's obsessions, his talent, and the world he would one day conquer."

Andy Warhol Dumont

An intimate depiction of the visionary who revolutionized the art world. A man who created portraits of the rich and powerful, Andy Warhol was one of the most incendiary figures in American culture, a celebrity whose star shone as brightly as those of the Marilyn's and Jackie's whose likenesses brought him renown. Images of his silvery wig and glasses are as famous as his renderings of soup cans and Brillo boxes—controversial works that elevated commerce to high art. Warhol was an enigma: a partygoer who lived with his mother, an inarticulate man who was a great aphorist, an artist whose body of work sizzles with sexuality but who considered his own body to be a source of

shame. In critic and poet Wayne Koestenbaum's dazzling look at Warhol's life, the author inspects the roots of Warhol's aesthetic vision, including the pain that informs his greatness, and reveals the hidden sublimity of Warhol's provocative films. By looking at many facets of the artist's oeuvre—films, paintings, books, "Happenings"—Koestenbaum delivers a thought-provoking picture of pop art's greatest icon.

Andy Warhol Penguin UK

We're the states who thought of uniting into the best country in the world, and we're the only country that thought of making the word part of our name. Brazil doesn't call itself "Brazil of America." So we've got a right to call ourselves "America" for short, any time we want. It's a beautiful word, and everybody knows it means us. Andy Warhol carried a camera with him everywhere he went and America, a mélange of text and image whose photographs were selected by Warhol from ten years of extraordinary shots, echoes the strange beauty and staggering contradictions of the country itself. Exploring Warhol's greatest obsessions—including image and celebrity—Warhol photographs wrestlers and politicians, the beautiful wealthy and the disenfranchised poor. Many well-known figures are found in these pages: Capote with the fresh scars of a facelift, Madonna hiding beneath a brunette bob, a nude Keith Haring about to go for a dip in the sea. He writes about the country he loves, about how he wishes he had died when he was shot in 1968, about commercialism, fame and beauty. An America without Warhol is almost as inconceivable as Warhol without America, and this touching, witty tribute is the great artist of the superficial at his most deeply personal.

Andy Warhol Andyland Omnibus Press & Schirmer Trade Books
Anecdotal, funny, frank, POPism is where Warhol, in the detached, back-fence gossip style he was famous for, tells it all—the ultimate inside story of a decade of cultural revolution. Foreword by Andy Warhol; Index; photographs.

An American Biography Hatje Cantz Pub

Two images of Andy Warhol exist in the popular press: the Pope of Pop of the Sixties, and the partying, fright-wigged Andy of the Seventies. In the two years before he died, however, Warhol

made over 100 paintings, drawings, and prints based on Leonardo da Vinci's *The Last Supper*. The dramatic story of these works is told in this book for the first time. Revealed here is the part of Andy Warhol that he kept very secret: his lifelong church attendance and his personal piety. Art historian and curator Jane Daggett Dillenger explores the sources and manifestations of Warhol's spiritual side, the manifestations of which are to be found in the celebrated paintings of the last decade of Warhol's life: his Skull paintings, the prints based on Renaissance religious artwork, the Cross paintings, and the large series based on *The Last Supper*.>

Fantasy America Vintage

A brilliant and unique biography of Andy Warhol's tragic muse, the 60s icon Edie Sedgwick 'Exceptionally seductive... You can't put it down' LA Times
Outrageous, vulnerable and strikingly beautiful - in the 1960s Edie Sedgwick became both an emblem of, and a memorial to, the doomed world spawned by Andy Warhol. Born into a wealthy New England Edie's childhood was dominated by a brutal but glamorous father. Fleeing to New York, she became an instant celebrity, known to everyone in the literary, artistic and fashionable worlds. She was Warhol's twin soul, his creature, the superstar of his films and, finally, the victim of a life which he created for her. Jean Stein's classic biography of Edie is an American fable on an epic scale - the story of a short, crowded and vivid life which is also the story of a decade like no other. 'Edie Sedgwick was the spirit of the sixties, and these pages capture her power to dazzle us... This is the book of the Sixties we have been waiting for' Norman Mailer
