series picks up where

the first volume leaves  
off and takes your  
guitar playing and  
musical knowledge to a  
whole new level. You  
learn advanced  
applications and new  
musical concepts.  
There is information for  
rhythm guitarists, lead  
guitarists, improvisers,  
and composers. Each  
chapter focuses on  
applications found in  
popular music and  
includes familiar song  
references. \* Gain new  
perspective on keys  
and tonalities so that  
you have total control  
over the music you  
play \* Get to know

scale formulas and new number systems so you know music from the inside out \* Push to and resolve on chords using dominant function and voice leading \* Change keys, borrow chords, and mix modes in order to add more variety to your chord progressions \* Get jazzy by using chromatic, diminished, and augmented passing chords \* Become a more proficient lead guitarist by narrowing your focus to the scale patterns preferred by the pros \* Make your lead lines more melodic and give them more direction with chord tone soloing \* Create new sounds and new chord progressions with the harmonic minor scale \* Add more depth and dimension to your

playing by using pedal point and pedal tones  
 Video Fretboard Theory Volume II is also available as a 12-hour video series that is sold separately on the author's [GuitarMusicTheory.com](http://GuitarMusicTheory.com) website. Visit the website and sign up for email lessons to sample the footage.

This guitar book is aimed primarily at beginner guitarists so: its content has been adapted to the needs of beginners. It is practical and easy to use, easy to navigate with the help of built-in links Convenient: it can be opened from any device, the chords and lyrics of the songs can be projected onto the screen Why is it unique among guitar books? Here are 12 convincing

arguments: 1. Short, comprehensible theoretical guide with illustrations at the beginning 2. Tabs and chords of the 200 best-known international hits played most often at guitar parties and gatherings in one place (Vols. 1+2) 3. The songs are transposed to the easiest chords to play, making it easy to practice 4. If you use a cap, we show you where to put it for the original tone 5. The chords of the original key are also indicated 6. Chords are in the right place, right where you need to switch (no sliding) 7. You will find a pictorial illustration of each chord in each song right next to the tab 8. The songs are grouped into 5 levels of difficulty, the level of difficulty is indicated for each song 9. We

start with easy-to-play songs and gradually move towards more difficult songs 10. At the beginning of the book, you can find all the presented guitar tabs in a table, which you can open immediately by clicking on the title of the song (you don't have to scroll there, your index finger won't get tired) 11. By clicking on the orange arrow next to the songs, you can jump back to the above-mentioned table 12. Thanks to the digital format, you can practically project the guitar tabs onto the screen, so everyone has access to the lyrics and chords of the song in a group This guitar book is more than just a collection of chords and techniques. It's a roadmap for your growth as a guitarist.

Whether your ambition is to strum your favorite songs around a campfire, perform on stage, or compose your own music, this guide will equip you with the tools, knowledge, and inspiration you need.
