Rarely has a young writer won a place among the major talents in fantasy fiction as quickly as James Clemens. In the first four novels of his breathtaking epic, *The Banned and the Banished*, Clemens has woven an ever-deepening spell of wonderment with his boundless imagination and matchless storytelling gifts. Now he brings his saga to a masterful and breathtaking climax as the wit'ch Elena faces the unmasked evil of the Dark Lord for the final time in a cataclysmic conclusion that will shatter her understanding of all that has gone before. . . . The three deadly Weirgates are destroyed but the threat of the Dark Lord remains. And so Elena and her companions have gone their separate ways to prepare for what is yet to come. Elena herself has journeyed to the beautiful city of A'loa Glen, there to recover her strength and spirit. Enter Harlequin Quail. Some might call him a fool, but the little man in the jester's suit claims to be a spy. And he comes fresh from the foul fortress of Blackhall itself,

where the Dark Lord dwells. There he uncovered things that spell certain doom-for a final Weirgate remains, the most potent one of all. And with it, in just one moon's time, the Dark Lord will avenge his earlier defeat, destroying the heart of the land and ushering in a reign of evil without end. Only Elena, with the awesome magicks of the Blood Diary, has the power to stop him. Blackhall is all but impregnable. And according to Quail, the Weirgate is well hidden, in a place known only to the Dark Lord himself. Thus begins a desperate quest like no other. Hunted by the Dark Lord's minions and threatened by clandestine betrayals, Elena and her brave companions reunite in the effort to locate the last Weirgate and destroy it. Along the way, many questions will be answered and illusions will be smashed. Brother will turn against brother, and the strongest bonds of magic and love will be tested to the breaking point . . . and beyond.

In this lyrical, exuberant tale, acclaimed Turkish author Elif Shafak, author of *The Island of Missing Trees* (a Reese's Book Club Pick), incarnates Rumi's timeless message of love *The Forty Rules of Love* unfolds two tantalizing parallel narratives—one contemporary and the other set in the thirteenth century, when Rumi encountered his spiritual mentor, the whirling dervish known as Shams of Tabriz—that together explore the enduring power of Rumi's work. Ella Rubenstein is forty years old and unhappily married when she takes a job as a reader for a literary agent. Her first assignment is to read and report on *Sweet Blasphemy*, a novel written by a man named Aziz Zahara. Ella is mesmerized by his tale of Shams's search for Rumi and the dervish's role in transforming the successful but unhappy cleric into a committed mystic, passionate poet, and advocate of love. She is also taken with Shams's lessons, or rules, that offer insight into an ancient philosophy based on the unity of all people and religions, and the presence of love in each and every one of us. As she reads on, she realizes that Rumi's story mirrors her own and that Zahara—like Shams—has come to set her free.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On

the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.
