 Everything You Need to Know to Begin Working With Runes The enigmatic

nature of the runes is undeniable. In fact, the English word "rune" comes to us from the Norse word runa, which means "a secret," or "to whisper." As symbols, the runes mean little to the untrained eye, yet the magical energies they activate can be used for positive, impactful change in your everyday life. But what are runes, exactly? On the surface level, runes are the characters in a writing system used by the ancient Germanic peoples of Europe. But unlike our modern letters,

the runic symbols had been used for magical purposes long before they were fashioned into an alphabet. This is known from runic inscriptions found on ancient artifacts as well as Germanic myth and lore handed down over the centuries. Indeed, those who work with the runes today are taking part in an age-old magical tradition established by our Northern European pagan ancestors. In *Runes for Beginners*, best-selling author Lisa Chamberlain shines the light on these

ancient symbols, showing you how to discover and utilize their unique magical energies. With both an eye toward tradition and a multicultural spirit, Lisa combines an appreciation for the Germanic roots of the runes with a more eclectic Neopagan approach. Unlike many other books on the topic, *Runes for Beginners* is completely accessible to those with no experience in Northern European magical traditions, yet it doesn't ignore those traditions altogether. You

will emerge from this guide with a basic understanding of the runes' role in ancient Germanic paganism, as well as a solid foundation of knowledge to build your own runic practice, regardless of your religious or spiritual path. Foundations in Runic Magic and Divination The runes represent various aspects of the human experience of the Universe-both tangible and intangible. Each runic symbol embodies a natural force, or type of energy, which the rune

worker can attune to and then manipulate in various ways. Runes can be sent out into the Universe to manifest a magical goal, or they can be used to consult with the unseen realms about a situation at hand. In *Runes for Beginners*, you'll learn all you need to know to start working with runes, including: - The history of the runes and their role within the framework of the Germanic magical worldview - The origins of runic wisdom in Norse mythology - An overview

of the Elder Futhark, the oldest-known runic alphabet and most widely used rune system in contemporary Neopaganism - Basic techniques of rune magic, including rune scripts, bind runes, and creating runic talismans - How to make your own runes - Instructions for traditional rune-casting as well as contemporary rune spreads - Tips for successful divination - The divinatory meanings and magical uses of each rune in the Elder Futhark - A suggested reading list for

further exploring the runes and the magical and spiritual traditions of the ancient Germanic peoples - Detailed tables of correspondence for a handy condensed magical and divinatory guide By the end of this guide, you will have a working knowledge of the runes that will enable you to use them with confidence in magic and divination. However, when it comes to truly mastering the runes, the importance of time and practice can't be emphasized enough. Indeed, working with

runes can truly become a lifelong journey, but Runes for Beginners is an excellent first step along the way. If you're ready to start exploring the runes for yourself, just scroll to the top of the page and hit the Buy button!

*A Beginner's Guide to Using Pendulum Dowsing For Everyday Divination*  
Createspace Independent Publishing Platform  
Pendulum divination, also known as dowsing, is the means of answering questions and determining outcomes by using a pendulum. This

has been performed for thousands of years by scientists, shamans, spiritual and cultural leaders, midwives, and everyday people as a way of gaining knowledge. Pendulum divination is a way of creating a deeper relationship with one's intuition, and allowing a person to gain new perspectives by unlocking the possibly inhibited feelings contained within their subconscious. It is a way of translating subconscious feelings and thoughts into a physical motion that can be read

with both the physical eyes and interpreted by the mind's eye. It is a fun and relaxing way to get to know yourself and gain personal introspection. After you have learned and studied dowsing, you can perform pendulum divinations for friends as well, providing them with another way to gain insight into their own lives. Pendulum divination and dowsing should only be used for positive purposes, and never to promote negativity or harm. Dowsing should be performed with a mind

free from the confines of skepticism, stress, or preconceived expectations. It is not fortune telling or predicting the future, rather, it is a means of relaying information contained within the subconscious or from the vibrational energy of the universe. Take advantage of this great opportunity and take your magical journey to the next level by learning how to use pendulum dowsing for everyday divination. Enjoy!

 The purpose of this book is not only to give the basic instructions for doing I Ching readings, but as well, to show the reader how it can be useful as a tool for development of the self. A

high level oracle is only as good as the questions posed to it. This is a reflection of the intention of its user. Contrary to popular misconception the I Ching is not merely a fortune telling device. The highest use of this virtual life coaching system is the refining of man into Superior Man. This

process begins with the formulation of the question. Additionally, to the atheist who is sincere about seeking understanding on questions of metaphysics (specifically: Does there exist a higher power?) I hope to provide a methodology for getting the correct answer to the question.
