FORM FOLLOWS LIBIDO | THE MIT PRESS

It was the first form of contamination between the principles of architecture and the ones of video games, at least before the arrival of three-dimensional worlds in the mid-1990s. From that moment on, the space was not only two-dimensional, but could be explored with less or more freedom. Creating a map meant to create a space to interact with.

Daniel Libeskind: The emotional impact of architecture ...

The book 'Form Follows Feelings The Architecture of Pramod Beri 1st Edition' is written by Pramod Beri. This book was published in the year 2010.

Modernism

Architecture, I think, should still strive to move us, to make us feel a particular way. Like a piece of music, architecture has the ability to influence mood, yet so much of the foreground to our ...

BUILD ME UP: HOW ARCHITECTURE CAN AFFECT EMOTIONS

It means that, the form of a building should be a natural outcome of the building's function. For example, think of a sports stadium.

Form follows function is a principle associated with modern architecture and industrial design in the 20th century. The principle is that the shape of a building or object should be primarily based upon its intended function or purpose.
