A SOCIAL HISTORY OF ROCK AND ROLL

Cleis Press
Traces the history of rock and roll music from the 1950s to the present day and discusses its changing styles and leading

personalities.
What Is Rock and Roll?
Universe Pub
A History of Rock Music: The Rock & Roll Era is a celebration of the roots of rock & roll and its emergence as the soundtrack to teenage rebellion and a liberatingly raucous, joyous and rebellious music for one especially fortunate generation. The book is a lovingly detailed examination of the pre-Beatles 1950's era of classic rock & roll,

with special attention devoted to the music's varied musical influences, most notably the Blues, Country & Western, Gospel Music, Boogie-Woogie and Rhythm & Blues. It is both a detailed history and a musical appreciation of America's greatest artistic gift to the world.

The Rolling Stone History of Rock & Roll
Flatiron Books
Ed Ward covers the first half of the

history of rock & roll in this sweeping and definitive narrative—from the 1920s, when the music of rambling medicine shows mingled with the songs of vaudeville and minstrel acts to create the very early sounds of country and rhythm and blues, to the rise of the first independent record labels post-World War II, and concluding in December 1963, just as an immense change in the airwaves took

hold and the Beatles prepared for their first American tour. *The History of Rock & Roll, Volume 1* shines a light on the far corners of the genre to reveal the stories behind the hugely influential artists who changed the musical landscape forever. In this first volume of a two-part series, Ward shares his endless depth of knowledge and through engrossing storytelling hops seamlessly

from Memphis to Chicago, Detroit, England, New York, and everywhere in between. He covers the trajectories of the big name acts like Elvis Presley, Buddy Holly, Chuck Berry, and Ray Charles, while also filling in gaps of knowledge and celebrating forgotten heroes such as the Burnette brothers, the “5” Royales, and Marion Keisker, Sam Phillips’s assistant, who played an

integral part in launching Elvis's career. For all music lovers and rock & roll fans, Ward spins story after story of some of the most unforgettable and groundbreaking moments in rock history, introducing us along the way to the musicians, DJs, record executives, and producers who were at the forefront of the genre and had a hand in creating the music we all know and love today.

History of Rock and Roll With Rhapsody
Flatiron Books
"We have performed side-by-side on the global stage through half a century.... In *Lightning Striking*, Lenny Kaye has illuminated ten facets of the jewel called rock and roll from a uniquely personal and knowledgeable perspective."
-Patti Smith
An insider's take on the evolution and enduring legacy of the

music that rocked the twentieth century
Memphis, 1954. New Orleans 1957. Philadelphia 1959. Liverpool, 1962. San Francisco 1967. Detroit 1969. New York, 1975. London 1977. Los Angeles 1984 / Norway 1993. Seattle 1991. Rock and roll was birthed in basements and garages, radio stations and dance halls, in cities where unexpected gatherings of artists and audience

changed and charged the way music is heard and celebrated, capturing lightning in a bottle. Musician and writer Lenny Kaye explores ten crossroads of time and place that define rock and roll, its unforgettable flashpoints, characters and visionaries, how each generation came to be, how it was discovered by the world. Whether describing Elvis Presley's Memphis, the Beatles'

Liverpool, Patti Smith's New York or Kurt Cobain's Seattle, *Lightning Striking* reveals the communal energy that creates a scene, a guided tour inside style and performance, to see who's on stage, along with the movers and shakers, the hustlers and hangers-on, and why everybody is listening. Grandly sweeping and minutely detailed, informed by Kaye's

acclaimed knowledge and experience as a working musician, *Lightning Striking* is an ear-opening insight into our shared musical and cultural history, a carpet ride of rock and roll's most influential movements and moments. **Rock and Roll** Yale University Press Ed Ward covers the first half of the social history of rock & roll in this definitive book.

Beginning in the 1920s when blues, country, and black popular music played over the air waves and the first independent record labels were born, this first volume of a two-part series finishes in December 1963, just as an immense sea-change begins to take hold and the Beatles prepare for their first American tour. Ward introduces you to the musicians, DJs, record executives,

and producers who were at the forefront of the genre. Sharing story after story of some of the most unforgettable and groundbreaking moments in rock history, Ward reveals how different sounds, harmonies, and trends came together to create the sound we all know and love today. Ed Ward has been Fresh Air's rock & roll historian for the last 35 years reaching 14 million listeners. In these pages

he shares his endless depth of knowledge and through engrossing storytelling hops seamlessly from Memphis to Chicago, Detroit, England, New York, and everywhere in between covering all the big-name acts everyone is already familiar with, while filling in gaps of knowledge with the more obscure and forgotten names of music's past. For all music lovers and rock & roll fans, this

sweeping history will shine a light on the corners of the genre to reveal some of the less well-known yet hugely influential artists who changed the musical landscape forever.

How Rock 'n' Roll Changed America

Rowman & Littlefield Long neglected in the annals of American music, the Nutmeg State's influence on the history of rock'n'roll deserves

recognition. Connecticut's musical highlights include the beautiful harmonies of New Haven's Five Satins, Gene Pitney's rise to fame, Stamford's the Fifth Estate and notable rockers such as Thurston Moore of Sonic Youth, Rivers Cuomo of Weezer and Saturday Night Live Band's Christine Ohlman. Rock Hall of Famers include Tina Weymouth and Chris Frantz of the Talking Heads and Dennis

Dunaway of the Alice Cooper Band. Some events became legend, like Jimi Hendrix's spellbinding performance at Yale's Woolsey Hall, Jim Morrison's onstage arrest at the New Haven Arena and teenage Bob Dylan's appearance at Branford's Indian Neck Folk Festival. With in-depth interviews as well as rare, never-before-seen photos, author Tony Renzoni leads a sonic trip that captures the spirit and zenith of the

local scene.

Rock & Roll

University of Illinois Press
Now updated with two new chapters and an extraordinary collection of photographs, this second edition of Paul Friedlander's *Rock and Roll: A Social History* is a smash hit. The social force of rock and roll music leaps off the page as Paul Friedlander provides impressive insights based on hits from Johnny B. Goode to Smells Like Teen Spirit

and beyond.

In this musical journey, Friedlander offers the melodious strains and hard-edged riffs of Elvis, the Beatles, The Who, Dylan, Clapton, Hendrix, Motown, the San Francisco Beat, Punk, New Wave, rap, metal, 90's grunge, plus file sharing, and much more. The book is written in a refreshing, captivating style that pulls the reader in, offering no less than a complete

social and cultural history of rock and roll for students and general audiences alike. Friedlander writes, This book chronicles the first forty years of rock/pop music history. Picture the various musical styles as locations on a giant unfolding road map. As you open the map, you travel from place to place, stopping at each chapter to sample the artistry. Don't forget to dress

your imagination appropriately for this trip, because each genre is affected by the societal topography and climate that surround it. Enjoy your trip. We promise it will be a good one!

Lightning Striking OUP USA

"Tunes is an eclectic anthology of work by celebrated graphic artists that together present a definitive history of rock and roll through that most

rebellious of illustrated media, the comic strip."--

Back cover flap.

Rock 'n' Roll Unravelling Da Capo Press

From the author of the critically acclaimed Elvis Presley biography: Last Train to Memphis brings us the life of Sam Phillips, the visionary genius who singlehandedly steered the revolutionary path of Sun Records. The music that he shaped in his tiny Memphis studio with artists as

diverse as Elvis Presley, Ike Turner, Howlin' Wolf, Jerry Lee Lewis, and Johnny Cash, introduced a sound that had never been heard before. He brought forth a singular mix of black and white voices passionately proclaiming the vitality of the American vernacular tradition while at the same time declaring, once and for all, a new, integrated musical day. With extensive interviews and

firsthand personal observations extending over a 25-year period with Phillips, along with wide-ranging interviews with nearly all the legendary Sun Records artists, Guralnick gives us an ardent, unrestrained portrait of an American original as compelling in his own right as Mark Twain, Walt Whitman, or Thomas Edison.

From Its Roots to Mid-1970s Punk Harvard

University Press From rock and roll historian Ed Ward comes a comprehensive, authoritative, and enthralling cultural history of one of rock's most exciting eras. It's February 1964 and The Beatles just landed in New York City, where the NYPD, swarms of fans, and a crowd of two hundred journalists await their first American press conference. It begins with the question

on everyone's mind: "Are you going to get a haircut in America?" and ends with a reporter tugging Paul McCartney's hair in an attempt to remove his nonexistent wig. This is where The History of Rock & Roll, Volume 2 kicks off. Chronicling the years 1964 through the mid-1970s, this latest volume covers one of the most exciting eras of rock history, which saw a massive outpouring of

popular and cutting-edge music. Ward weaves together an unputdownable narrative told through colorful anecdotes and shares the behind-the-scenes stories of the megastars, the trailblazers, DJs, record executives, concert promoters, and producers who were at the forefront of this incredible period in music history. From Bob Dylan to Bill Graham, Jimi Hendrix, Janis

Joplin, The Byrds, Aretha Franklin, The Rolling Stones, and more, everyone's favorite musicians of the era make an appearance in this sweeping history that reveals how the different players, sounds, and trends came together to create the music we all know and love today. The Rolling Stone Illustrated History of Rock & Roll Prentice Hall This book provides both

a historical survey of rock from its evolution in the mid-1950s to the 21st century and introduces elements of music exclusively through rock and roll. A multitude of rock variations amid a bewildering array of styles, from soft rock to heavy metal to country rock. Each style is acutely analyzed with equal emphasis and an objective point of view. The Beatles, Elvis Presley,

the Rolling Stones, the Grateful Dead, and Chicago are only a few of the many great rock artists who are featured in order to exemplify stylistic characteristics throughout the book.

That Old-time Rock & Roll

Doubleday Books
Put on your dancing shoes and move to the music. Rock and roll sprang from a combination of African-American genres, Western swing, and

country music that exploded in post World War II America. Jim O'Connor explains what constitutes rock music, follows its history and sub-genres through famous musicians and groups, and shows how rock became so much more than just a style of music influencing fashion, language, and lifestyle. This entry in the New York Times best-selling series contains eighty illustrations

and sixteen pages of black and white photographs.

A Chronicle of an Era, 1954-1963

Souvenir Press Chronicles the history of rock and roll from its beginnings to the present day, describing how the music evolved and changed society

---	--	---

Apple TV+. A rollicking look at 1971 - the busiest, most innovative and resonant year of the 70s, defined by the musical arrival of such stars as David Bowie, Pink Floyd, Led Zeppelin, and Joni Mitchell. On New Year's Eve, 1970, Paul McCartney told his lawyers to issue the writ at the High Court in London, effectively ending The Beatles. You might say this was the last day of the pop era. The

following day, which was a Friday, was 1971. You might say this was the first day of the rock era. And within the remaining 364 days of this monumental year, the world would hear Don McLean's "American Pie," The Rolling Stones' "Brown Sugar," The Who's "Baba O'Riley," Zeppelin's "Stairway to Heaven," Rod Stewart's "Maggie May," Marvin Gaye's "What's Going On," and more. David

Hepworth, an ardent music fan and well regarded critic, was twenty-one in '71, the same age as many of the legendary artists who arrived on the scene. Taking us on a tour of the major moments, the events and songs of this remarkable year, he shows how musicians came together to form the perfect storm of rock and roll greatness, starting a musical era that would last longer than anyone

predicted. Those who joined bands to escape things that lasted found themselves in a new age, its colossal start being part of the genre's staying power. Never a Dull Moment is more than a love song to the music of

1971. It's also an homage to the things that inspired art and artists alike. From Soul Train to The Godfather, hot pants to table tennis, Hepworth explores both the music and its landscapes, culminating in an epic story

of rock and roll's best year. Running PressBook Pub Text book designed for college non-music majors, this book explores the connection between the music and the culture in which it interacted.
